The Penna Valley Ministerium will meet at the Methodist parsonage at Spring Mills next Monday. Rev. Greenhoe will present the paper.

The Helping Hand Sunday school class of some twenty in the Lutheran Sunday school here was entertained by Mrs. W. F. Colyer on Monday evening. The teacher of the class is Mrs. Mary Stahl. The evening was greatly enjoyed by the members of the class who were present.

"Jack" Smith, the auctioneer, was called to Calvin, in the Mill Creek district, on Wednesday to cry a sale of some thirty head of blooded cattle and hogs. The owner, J. H. Smith, attended several horse sales here at which "Jack" officiated, and was evidently pleased with his work.

This (Thursday) morning Mr. and Mrs. D. A. Boozer, Mr. and Mrs. J. S. Boozer and children Pattle and David, will start on an auto trip to Youngstown Ohio, to visit the former couple's daughter, Mrs. H. L. Kline, and family. They expect to return home late Friday night.

Hallowe'en decorations in the home of Mr. and Mrs. C. W. Boozer set fire to a window curtain and caused a brisk blaze for a few minutes on Tuesday evening. Henry Zerby, who was about to enter the home of his sister, Mrs. Ralph Hagan, saw the flames through a side window and gave alarm. The flames were quickly extinguished with but a slight loss to the interior of the room.

H. L. Pepoon, who came here several years ago as a Sheffield Farms field man, will move from here to Belleville next week. He has been working with the Kishacoquillas Valley farmers for several months preparing them to sell their milk to the Sheffield people for shipment to New York. The Pepoon family, composed of Mr. and Mrs. Pepoon and the former's mother, Mrs. Cora Pepoon, have gained many friends here who will regret their leaving Centre Hall.

Important to BUYERS OF NEW CARS

FROM time to time General Motors has devoted its messages in this paper to giving facts which help the car-buyer get full value for his automobile dollar. In keeping with that policy of frankness, this message gives facts about the prices of new cars which every one should know.

This is the standard price tag used by General Motors dealers to show what makes up the delivered prices of their new cars. List Price. The f. o. b. price advertised by the factory. Freight and Delivery. An authorized amount to cover the freight charges paid by the dealer and the cost of unloading, inspecting, supplying fuel and oil — preparing the car for delivery to you. Accessories. A charge for any additional accessories that may be purchased.

WHEN you buy a new automobile, it is the delivered price that you actually pay. The delivered price consists of the list price of the car—the f. o. b. price advertised by the manufacturers—plus certain other charges which the dealer makes. You should know exactly what those charges are and what each one is for. There is no mystery about the charges added by General Motors dealers. They have adopted this standard price tag, which tells you everything. Nothing is hidden. There is no extra charge to permit a seemingly better trade-in offer. No extra charge to cover advertising or any other item. You know exactly what makes up the difference between

the list price and the delivered price. Each charge made by the dealer is fair and reasonable. Use this tag for reference. Make it your guide in comparing automobile values. For the delivered price is the price you really pay. Below is given the range of list prices for each General Motors car. They are just as low as General Motors' vast production, centralized purchasing and reasonable profit per car can make them. General Motors dealers maintain this value in their delivered prices of these cars and show you every item on the standard price tag. Look over the General Motors line. Then clip the coupon.
