Mr. Seeley says the patented rupture retainers he now uses will hold bad ruptures with ease, will strengthen tissues, cause muscles to contract and close opening. Any position of the body—any kind of work can be undertaken with safety.

For two generations we have cared for many thousands in every walk of life, Physicians and Surgeons as well as financiers and farmers; U. S. Government Employees in Army, Navy, Post Office and Department of State; Men, Women and Children.

CAUTION—Elastic trusses with leg straps should never be used; they squeeze the delicate parts against the bone and slowly produce dangerous complications necessitating operation.

Master your rupture now. It will be too late after strangulation sets in, operations that have torn out will be given special attention.

**PAINFUL CORNS**

Loosen—Lift Out

A little known Japanese herb, the discovery of an eminent German scientist (Dr. Stieckel) instantly soothes the corn, callous or wart, then loosens it so that shortly you can lift it right out. This new discovery called "Corn Fly" excites the white blood corpuscles to action and granulates the corn at its root so that it drops out and leaves no trace of scar or soreness.

You will also find "Corn Fly Foot Bath Powder" a boon for sore, tired or perspiring feet.

"Corn Fly" for corns, 35c, "Corn Fly Foot Bath Powder" 25c, and "Corn Fly Bunion Remedy" 50c, (all three—\$1.10 value—for \$1.00), are sold under a positive money-back guarantee by Hi-Gene Co., Newark, N. J., or local druggist.
