CHEVROLET

Today

-Chevrolet announces

THE GREATEST

CHEVROLET

IN CHEVROLET HISTORY

Today, Chevrolet presents the Greatest Chevrolet in Chevrolet History—a smoother, faster, better Six—with beautiful new bodies by Fisher.

Basically, it is the same sturdy, substantial Six which won such tremendous popularity in 1929. But it is a greater car in every way—for there are scores of vital improvements which contribute to comfort, performance, endurance and safety.

An improved six-cylinder valve-in-head

motor, with its capacity increased to 50 horsepower; four Delco-Lovejoy hydraulic shock absorbers; fully-enclosed internal-expanding weather-proof brakes; a new dash gasoline gauge; heavier and stronger rear axle; Fisher non-glare windshield; larger tires—

—these are typical of the many improvements found throughout the entire design.

But most impressive of all—this smoother, faster, better Six is available—

--at Greatly Reduced Prices!

During 1929, more than a million three hundred thousand persons bought six-cylinder Chevrolets. This enormous volume has made possible many savings in the Chevrolet factories—and, in keeping with its long-established policy, Chevrolet is shar-

ing these savings with the public. No written description can do justice to the extra value and quality provided in this new car. Visit your Chevrolet dealer—see this car—ride in it—and judge for yourself the sensational value it represents.

They Can't Reach 'Em

Si Chestnut Says :

'The children do not hang onto their mother's skirts these days, because by the time they are tall enough to reach them they are able to go it alone.

Si always was a rather observing old customer. He might have added that when grown folks start a savings account they do not need to hang onto any one for support either, but are soon able to go it alone. Our Bank offers you every safeguard and protection. !
