

LOCAL AND PERSONAL.

Wilbur McClellan and Bruce Knarr, both taking school work in Harrisburg, were home over Sunday.

Edward Fryer, of Granville township, Milford county, and Miss Lucy Jordan, of Bellefonte, were married last week by a Lewistown justice.

William Neff, driving one of the Isler trucks, on driving from Boalsburg toward Tusseyville, had a mishap. The truck mowed off several posts and landed in Runkle's meadow, according to reports reaching here.

Saturday night's sleet and rain made it dangerous for auto drivers over Nittany Mountain, but relief came early in the morning when cinders were applied to the coat of ice formed on the concrete and brick sections.

E. W. Crawford and son, Newton Crawford, of State College, were in town on Saturday. The senior Mr. Crawford is employed in the Neidigh stone quarries, while his son is employed on the construction work of "O.C. Co."

Thirteen per cent. of the gas pumps inspected by the scaler of weights and measures in Milford county, during 1929, were found to be incorrect. One hundred and twenty-one pumps were condemned and ninety-four others were corrected.

Irvin McClellan, of Potters Mills, is one of a large number of mechanics and laborers regularly employed at State College either by the College proper, contractors, or on road work. Mr. McClellan is engaged with O. W. Houtz, house contractor.

Mrs. Bertha Carper, of Coburn, who has been ill at the home of her parents, Mr. and Mrs. Jacob Sharer, in town, has recovered, and this week left for Spring Mills to spend a short time with her brother, Jacob Sharer, Jr., before returning to her home.

Sumner V. Hosterman, district attorney for Lancaster county, is credited for having discovered fraudulent conversions made by Ralph J. Boyd, former city controller, and ordered his arrest. The amount involved is \$10,700. Boyd later admitted entire responsibility for the shortage.

A recent issue of the Pittsburgh Press gave prominence to the advancement of Pealer Rossman, who was made traffic superintendent of the Bell Telephone company, at Pittsburgh, by publishing a good likeness of him. Mr. Rossman is a son of Mr. and Mrs. H. F. Rossman, of Spring Mills, and has been with the Bell company for a number of years.

Harold Rearick and his sisters, Margaret and Helen, left Milroy Saturday for Mountville, where they will make their home with their father, Rufus D. Rearick, who is in the coal and grain business in that town. The Rearicks have made their home with their grandparents Mr. and Mrs. W. O. Rearick, in Milroy, since the death of their mother six years ago.

Dr. J. V. Foster, on Sunday afternoon, stopped in town on his way to Philadelphia with an operative patient from Houserville, and took with him F. V. Goodhart, Dr. McKenzie, the surgeon who operated on Mr. Goodhart, for sinus trouble some time ago, examined him, and found conditions favorable and as needing no particular attention at this time. Dr. Foster and Mr. Goodhart returned home Tuesday evening.

George Luse, son of Mr. and Mrs. P. H. Luse, of near town, is now the official tester for the Central Pennsylvania Guernsey breeders' cow testing association. His field covers Centre, Blair, Clearfield, Cambria and Jefferson counties. There are twenty-three herds, some of them quite large, in the field. He began work the latter part of last week, succeeding Edw. Hosterman, son of Mr. and Mrs. John Hosterman, of Spring Mills, who took the position as salesman for the American Milling Co. in a district in this State.

Miss Margaret Glossner, formerly of Blanchard, is in the Phoenixville hospital being treated for injuries received when the car she was driving was crowded off the road. Miss Glossner is a secretary in the office of county superintendent of schools, Clyde Saylor, of West Chester, and it was while she was on school business that the accident happened. She will be recalled by some of our readers about here, as she frequently came to Potter township when her mother, now deceased, taught the Egg Hill public school and boarded with Mr. and Mrs. Foster Fryer, along Sinking Creek.

The Morgan Lumber Company had a fire loss last week of \$150,000. The company is largely owned by H. E. Shadle, and his son, Harold Shadle, is the secretary-treasurer. Another interested party is W. E. Bradford, of town. The plant is located at Charleston, West Virginia. The fire destroyed a large three-story brick structure used as a warehouse for finished lumber. Near this building was the mill proper, and great stacks of piled lumber. Due to the efficiency of the fire companies the mill was not injured, and the damage to the lumber was slight. The cause of the fire is undetermined. The company carried some insurance.

Amish farmers in Kishacoquillas Valley, who have developed dairying on nearly all of the fine farms tilled by them, received a communication recently from New York City, to which city the milk produced by them is shipped, that hereafter they will be obliged to deliver milk on Sundays to the plant at Belleville. Seven-day delivery a week is the ultimatum, or none. Heretofore milk by this sect in "Big Valley" was not delivered on Sundays. In the eastern part of the State the Amish were also forced to deliver milk every day in the week or lose their market. The younger element of the sect responded readily to the demand, but the older ones rebelled.

GODSHALL-SHOOK.

The rumor that Vernon Godshall, of Centre Hall, and Miss Miriam Shook, daughter of Mr. and Mrs. Ralph Shook, of Spring Mills, were married, it appears, is correct. The groom, when questioned Wednesday morning, refused to give any definite information, but his demeanor and expressions were convincing that the marriage had taken place.

Both young people are members of the senior class in the Gregg Township Vocational School. The groom is a son of Mrs. Margaret Godshall, with whom he lives, making daily trips to school at Spring Mills.

The Centre Reporter, \$1.50 a year.

GREGG TOWNSHIP VOCATIONAL SCHOOL NOTES

Win 1st Place in State Project Contest
Announcement recently was made to the school from the Department of Public Instruction that Gregg Township Vocational School won first place in the State Vocational Project Contest for the year just ended.

(Note: A complete account of this work will appear in next week's paper.)

Win Two Games from Milroy H. S.
Both boys' and girls' basket ball teams of G. T. V. S. were successful in defeating the Milroy H. S. teams at Spring Mills last Friday evening before a large crowd who turned out to support the teams. The girls' game was close throughout and it was only after hard fast playing that the local team came through to win by a score of 10-8.

The boys' got away to a fast start and literally swamped the Milroy five during the first half when they piled up a score of 20-4. The game ended with Spring Mills well in the lead, the final score being 29-9.

The Petersburg Vocational team will come to Spring Mills Saturday night. The Petersburg team from all reports is stronger than it has been for several seasons, they having recently held the

State College H. S. team to a very close score on State High's floor. All indications point to a hard fast game on Saturday with the visiting Vocational School's team. A preliminary game will begin at 7 P. M.

Col. H. W. Shoemaker Gets Dug-Out Canoe.

A dug-out canoe made in 1795 from a solid stick of original white pine, has been purchased by Col. Henry W. Shoemaker from Dudley Martin of DuBois. It will likely be displayed at Col. Shoemaker's McElhattan park. The canoe which is 25 feet 10 inches in length, with a center width of 38 inches, is the largest of the dug-out canoes in Mr. Martin's possession, and was displayed in 1895 at the Williamsport centennial.

The State Game Commission gives out the final kill of legal male deer during the 1929 season to be 22,714, the largest number ever reported.

Lester M. Crabb, who was sworn in as sheriff in Union county, is the first Democrat to fill that office since 1883, when the late Cyrus A. Eaton, a Civil war veteran, was elected.

Marcellus Royer, Paul Martz and Russell Goodhart left for New Jersey beginning of this week in quest of work.

Worth selling is worth telling—ad.

Altoona Booster Stores Are Backing Up the President!

RESIDENT HOOVER has asked the cooperation of all kinds of industry in an effort to continue through 1930 the wave of general prosperity with which the country was favored during 1929. Industry has rallied to the request of the President and all branches have reported much larger appropriations for improvements and expansion purposes than were made during 1929. Hundreds of Millions of Dollars will be expended in this manner by the Railroads, Utilities of all kinds, Automobile Manufacturers, and other outstanding industries. In addition to the other Hundreds of Millions that will be paid out in wages and salaries—all of which will help very materially to make 1930 a year of outstanding prosperity in all sections of our country.

Altoona Booster Stores will cooperate in Backing Up the President in his laudable efforts to maintain prosperity by inaugurating
