

REBERSBURG.

William Wirt, of Patton, is here on a visit with his brothers and sister. Mr. and Mrs. John Metzgar, of Harrisburg, were visiting at the home of Mrs. Ida Weaver, mother of Mrs. Metzgar, several days last week. Many Cornman, one of Grogg township's popular school teachers, was at the home of her father, George Cornman (who has been in poor health for some time), over the week end. Walter Weaver and wife from Leont, were at the Calvin Weaver Jr. home on Sunday. Nevin Moyer and wife left for Bloomsburg on Saturday to the home of their daughter, Mrs. Marsteller, where they will remain until spring. Mrs. Gladys Hosterman, of Aaronsburg, was at the home of her father, George Cornman, on Sunday. John Reish drove to Danville on Sunday to visit his wife who is a patient in the Geisinger hospital. One night the past week a young man from a neighboring valley, under the influence of liquor, attempted to drive away with parked in front of the Bierly garage, and it took great persuasion on the part of by-standers to get him away from the car. Mrs. Annie Bright entertained the members of State College Evangelical S. S. class, who presented their play in the Odd Fellows' hall on Saturday night, to a luncheon after the play.

SPRING MILLS

D. F. P. Heckman is on the sick list at present. Wm. H. Smith has returned from the Lewistown hospital where he had been for treatment. His condition shows very little, if any, improvement. Calvin Finkle suffered another paralytic stroke and is at present in a helpless state. Paul Weagley, who has been on the sick list for over a week, is improving some. Robert Neese is at present filling his place in the First National bank as clerk. The players that were scheduled to present a play in the Grange hall on Saturday evening of this week, have postponed their engagement until Saturday evening, March 1st. Miss Mary Segal of Tyrone spent a few days at her parental home.

BOALSBERG ITEMS.

Mr. and Mrs. Charles Segner are spending some time in Philadelphia. The Women's class of the Lutheran S. S. held their monthly meeting at the home of Mrs. Waldo Homan on Saturday evening. Mr. and Mrs. W. H. Stuart and Mrs. George Fisher on Sunday evening visited their aunt, Mrs. Ellen Stuart, who is quite ill at the home of her daughter, Mrs. Ray D. Gilliland, at State College. Luther K. Dale, of Oak Hill, transacted business in town on Monday. Rev. Strine, of Franklin and Marshall Theological Seminary, will occupy the pulpit in the Reformed church at 10:30 Sunday, February 9th, and will also conduct services in the Reformed church at Houserville at 2:30. Dr. W. W. Woods returned Friday after a few weeks visit at the home of his sister, Mrs. T. O. Glenn, at Bradford.

Misses Anna Mary Hess and Fern Bennett and Messrs Robert Hess and Fred Lonberger spent the week end with Mr. and Mrs. Paul Coxey, at Indiana. On the 28th of February, at 7:30, in the Boalsburg Presbyterian church, two plays will be presented. "Farming Eden" will be presented by Misses Mary and Etel Burwell, of Pine Grove Mills, and "All One," by Mrs. F. V. Goodhart, Miss Martha Boal, Mrs. MacMoran, and Mrs. C. S. Brungart, of Centre Hall. The plays are very interesting and each contains a fine spiritual lesson. Also, special musical selections. There will be an offering, but admission is free. A cordial invitation is extended to all visitors.

FARM CALENDAR

TIMELY REMINDERS FROM PENNSYLVANIA STATE COLLEGE SCHOOL OF AGRICULTURE. Choose Right Fertilizer—Commercial fertilizer for the garden should be suited to the particular needs of the soil. On light to medium soils, where only a small amount of manure has been applied, a good fertilizer is one analyzing about 5 per cent potash. On medium to heavy soils, with a heavy application of manure, a fertilizer containing about 4 per cent nitrogen, 12 per cent phosphorus, and 4 per cent potash generally is the most profitable. Cut Out Poor Trees—Weeding and thinning that woodlot every ten years is the usual practice followed by farmers who want to develop a stand of tall, straight trees free from decay or rot. To divide the work up best it is advisable to go over one-tenth of the farm woods each winter. Orchards Need Humus—In two record-breaking dry summers the ability of the Pennsylvania State College orchard plots to withstand drouth has been in proportion to the amount of organic matter turned into them. The short and rotation plots which were under cultivation last year grew the heaviest clover crop in the orchard. To Find Cow's Efficiency—Twelve cows are being used by the Institute of Animal Nutrition at State College in an experiment to determine the efficiency of the cow in changing feed into milk. Grow Healthy Chickens—Lead chicks pay no bills. Use of clean practices means more live chickens and better profits. Sanitation will save one more chick in five than will live under dirty conditions. Place Wires Correctly—All lightning rods should be at least six feet away from electric wires and conductors to prevent side-flashing. This also includes any metal connected to the rods and radio lead-ins.

Mifflin Co. Jail Prisoners Employed.

Prisoners in the Mifflin county jail who desire to do so and who can be trusted without being watched will be given an opportunity to work during the coming four years, at least. Wilson White, new Mifflin county sheriff, said on Wednesday when he started a group of prisoners washing down the walls of the Sheriff's office while another group was employed painting the interior of the jail residence.

Several local overseas veterans are applicants for the job of census enumerator for Centre Hall borough and Potter township. The enumeration is scheduled to begin in April.
