

LOCAL AND PERSONAL.

Mrs. Susan Lutz was a recent guest of Rev. and Mrs. C. E. Hazen.

The Grange Encampment committee will meet for reorganization in Grange Arcadia, Saturday afternoon, March 1st.

Roads not cured for by the State in any manner are in a very bad condition since the frost is out of the ground. Some roads are almost impassible—many unfit for automobile traffic.

The World's Day of Prayer for Missions will be observed by a service in the Presbyterian church, Friday evening, March 7, at 7:30. All persons interested in missions are urged to attend.

C. E. Slutterbeck, accompanied by his little daughter Marie, were business callers at this office Tuesday morning. Mr. Slutterbeck is tenant on the C. A. Miller farm, at Colyer, and will continue to farm there.

A daughter was born to Mr. and Mrs. Guyer W. Grove, east of Centre Hall, on Saturday, 15th inst. Lucilla Evelyn is the name given the registrar of vital statistics, E. W. Miller, as that of the new arrival in the Grove home.

Jerry Frazier, of Millwood, is a guest of his brother, Foster Frazier, east of town. For twenty-nine years he was employed by the Westinghouse people, assembling transformer coils. Since September he has been on the retired list of the firm, with pension.

Charles Messmer, who lives on the Wetland homestead now owned by him is very seriously ill from pleura pneumonia. He became ill on Saturday. His next neighbor, Norris B. Martz, father of Mrs. George Sweeney, of town, who was ill with flu of the bowels, is recovering. On Tuesday he was down stairs for the first time since becoming afflicted.

A group of surveyors working under S. W. Jackson, division engineer, located at Clearfield, are making a preliminary survey for the extension of the concrete road beginning at the Centre-Mifflin county line in Seven Mountains. The first route laid out leads over the present macadam road for some distance and then to the east of it, continuing on the east side until near Sunset Club house, at or near which point the survey will terminate for the present. Orrin S. Thompson has them in charge. The others are H. L. Sichel, Simon Jones, Harry Coffey and G. R. Lauth.

Farmers in some sections of the valley ploughed during a part of last week and beginning of this week.

Misses Elizabeth Bartholomew and Doris Moltz were guests over the week end of Rev. and Mrs. C. E. Hazen, in Lock Haven.

M. Rossman Wert, of Philadelphia, connected with the State Insurance Department, is at his home near here, and will remain for a brief time.

Mrs. W. A. Odenkirk, last week, visited her uncle and aunt, Mr. and Mrs. George B. Crawford, at Pardo. The aunt died a few days after her arrival there.

The four months' old son of Mr. and Mrs. W. B. Tibbens, at Pleasant Gap, is ill with bronchial pneumonia. The mother before marriage was Miss Dorothy Sweeney, of Pottery Mills.

Mrs. William Curtis, of Williamsport, and Mrs. Harry Litz, of Lock Haven, are at the home of Mr. and Mrs. Frank D. Lee, in this place. On Sunday, Mr. Litz and Mrs. Winslow, of Lock Haven, were also guests at the Lee home.

The condition of Orvis L. Horner, of Colyer, became so serious last week that his brother-in-law, L. W. McClenahan, of Pittsburgh, came in and on Saturday had him removed to the Allegheny General Hospital, for treatment. Mr. Horner has been suffering greatly from a condition that has baffled local physicians.

Hopes are now entertained for the complete recovery of Miss Dorothy Packer, daughter of Prof. L. O. Packer, of town. She was taken to the Centre County Hospital Thursday of last week, and was operated on for appendicitis that afternoon. Her condition up to Wednesday morning was very serious; at that time a change for the better was noted.

FARM CALENDAR

TIMELY REMINDERS FROM PENNSYLVANIA STATE COLLEGE SCHOOL OF AGRICULTURE

Farmers Order Many Trees—
Almost all the trees grown by the State have been allotted for distribution this spring. As usual, the late applicants will have to take what is left. Scotch pine, white pine, pitch pine, and Japanese larch are still available but going fast.

Pests Take Big Toll—
Insects and diseases cost the producer and consumer of fruits and vegetables a big bill each year by reducing the size of crops, lowering quality, and increasing the cost of production and preparation for market. Educational efforts aimed at the control of pests helps both the farmer and the consumer.

Grow Healthy Chicks—
Six clean practices are advocated by poultry specialists of State College for the growing of healthy birds. These are clean chicks, clean houses, clean litter, clean feed, clean management, and clean ground. All of these are possible and profitable.

Start Early Plants Now—
Plants of the cool season crops, such as cabbage, lettuce, and cauliflower, may be started now in a greenhouse or hotbed. In the daytime a temperature of 65 degrees F. is the best while at night it may drop to 45 degrees. The plants should be hardened to withstand light freezing, say State College specialists.

The Record for POPULARITY

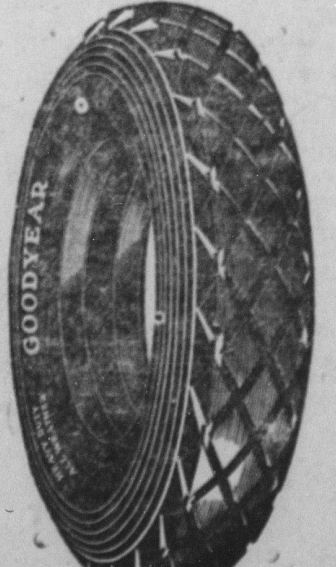

--held by Goodyear Tires

The single record that, in our opinion, really counts with careful tire-buyers is the popularity record which Goodyear has held for fifteen years: "More people ride on Goodyear Tires than on any other kind."

It simply says that an overwhelming percentage of your fellow-motorists get the most value and every-day satisfaction out of Goodyear Tires.

The reason, of course, is that Goodyear builds nearly one-third of all tire sold in America, enjoys lowest cost, can give greater values.

May we analyze your needs and recommend the most satisfactory type of Goodyear Tires and Tubes for you? You will also appreciate our courteous, efficient service. If you prefer, we will call at your home or office.

Ask about our low prices on Sturdy Goodyear "Pathfinder." Tubes also low priced.
