

TO SEEK STATE REFERENDUM ON DRY LAW REPEAL

Senator Will Present Bill at Next Legislative Session.—May Go On 1931 Ballot.

State Senator George Woodward, a Chestnut Hill physician, will present a bill for a Statewide dry law referendum at the next session of the Legislature.

It will call for a "yes" or "no" vote on the following questions:

1. Do you favor repeal of the Snyder State enforcement act?
2. Do you favor repeal of the Eighteenth amendment?
3. Do you favor modification of the Eighteenth amendment?

If the referendum is approved by the next Legislature, the question will be put on the ballot at the November 1931, election, according to the Senator's plan.

His announcement was made at a meeting of the Independent Republican Women of the Twenty-second Ward, in the assembly building of the Woman's Club of Germantown.

Senator Woodward declined to state whether he was a wet or a dry. Reached later at his home, he said:

"If the bill passes it will mean nothing more than an expression of opinion, for it is up to the Legislature in the end to act upon actual repeal of the Snyder act. For my part, however, I will abide by that referendum opinion. If the majority vote dry, I will vote for the retention of the Snyder act. If the majority is against it, I will be against it, too."

Representative Edwin C. Emhardt, another speaker at the women's meeting, denounced the Eighteenth amendment in no uncertain terms. He also criticized the issuance of search and seizure warrants in the enforcement of liquor laws.

70 ASSOCIATIONS TEST 25,807 COWS IN MONTH

Reports of 70 associations show that they have tested 25,807 cows during February, according to C. R. Gehardt, of the Pennsylvania State College dairy extension service. The Coventry association of Chester led in the number of cows tested, with 631.

Of the tested cows 3028 produced more than 40 pounds of butterfat and 4335 gave more than 1000 pounds of milk. Cumberland No. 1 led in both divisions, having 125 of the 40-pound butterfat producers and 180 of the 1000 pound milkers.

A registered Holstein, owned by H. P. Starr, of the Butler association, led in milk production with 2850 pounds. Another registered Holstein, in the herd of William Landis, of the Montgomery No. 1 association, produced 95.8 pounds of butterfat for the best average. Montgomery No. 1 association had the best 10-cow butterfat record, 77.8 pounds.

During the month 265 unprofitable cows were culled out of the association herds.

Wetzel Talks on Pleasure Time

At a recent meeting of the Millheim Parent-Teachers' Association, Prof. J. F. Wetzel, principal of the local high school spoke on the subject of "Leisure Time." The Journal in giving an account of the gathering, made this reference to him:

"Mr. Wetzel, principal of the Centre Hall schools, spoke on the worthy use of leisure time. He stressed the object of having teachers instruct pupils in the proper use of their leisure moments. He suggested a division into groups, giving consideration to clubs of all kinds, athletics, music, art, reading, and so on. This in itself is an admirable thought. It would mean, of course, an added effort on the part of the teachers and parents, and the business of co-operation in this respect deserves consideration by the entire community. But the results would be beneficial if properly handled. It's worth a try, anyway."

Rabbit Breeders Meet at Lock Haven

The monthly meeting of the Central Pennsylvania Rabbit and Cavy Breeders' association was held at the I. O. O. F. hall, Lock Haven, a few days ago.

Of especial interest was the discussion on the marketing of rabbits for table use. Breeders present reported that the demand is greater than the supply, and most of the larger rabbitries are more than doubling their rabbit stock and rearing capacity.

At the next meeting on April 26, a rabbit supper will be served at the Bear Meadow Game farm, at Boalsburg.

In Memoriam

In memory of John F. Kremer, who departed this life April 6th, 1928. Sadly missed by mother, sister and brother.

Today recalls sad memories,
Of a loved one gone to rest;
And those who think of him today,
Are those who loved him best.

Commenting on the return of Rev. J. Frederic Moore to Mercersburg, by the Methodist conference, the Mercersburg paper says: "It is with a great deal of pleasure that we announce that the Rev. J. F. Moore of the local Methodist church will remain at this charge. Rev. Moore has entered into the life of the community as well as into that of his own congregation. The decision of conference that he was well placed in Mercersburg and should remain here for another year, was pleasing to those who know him."

LAST OF MOTORISTS' REGIONAL MEETINGS

Directors of County Association Met in Brockerhoff House—Field Representative McNelly Tells of Benefits Derived from Organization.

The last of a series of regional meetings held under the auspices of the Centre County Motor Club was held Friday evening in the court house, Bellefonte, subsequent to a meeting of the board of directors held in the Brockerhoff House. The business of the board was quickly dispatched with Hon. H. B. Scott in the chair, and the secretary, P. A. (Jack) Frost, at his post. Letters were read from various motorists giving expression of the benefits they had received from the workings of the association. Towing bills and other items of expense were ordered paid. The invitation extended by the newspaper fraternity to meet with the directors was made permanent. Prior to the meeting of the board the members and guests dined. The dinner was a characteristic Brockerhoff House banquet. It appears Mr. Scott was the host as has been his custom on these occasions since the board was organized.

At the meeting in the Court House, E. D. McNelly, field representative of the Pennsylvania Motor Federation told of the growth of the Federation since the organization of the local club less than three years ago. Its membership in that time having increased from \$5,000 to an enrollment at present of 140,000. He stated among other things that Pennsylvania now led the country in number of American Automobile Association members, the Lancaster club with a membership of 14,000, being the largest club in the State.

Membership in the Centre County Motor Club carries with it affiliation with the State Motor Federation and the American Automobile Association, and the speaker explained the far-reaching importance of membership in this latter organization; of its various activities, not among the least of which is its foreign service. It has reciprocal agreements with 34 countries of the world, and A. A. officials will make out your shipment papers if you go abroad and wish to take your car with you, and the local secretary, "Jack" Frost, is in a position to make reservations on Great Lakes and coastal lines, and is just overladen with information as to roads and accommodations on any tour you may wish to make, whether it be by auto, steamship or airplane. Upwards of 200 clubs affiliated with the A. A. A. now maintain complete traveling bureaus. All this service, as well as numerous other courtesies, is free anywhere to the fellow who can produce his A. A. A. membership card.

The insurance feature alone is worth the cost of membership, and the speaker stated that upwards of \$500 had been paid out in benefits in Centre county and that more than 50 cents per member had been paid out for the club's loving service.

President Scott, Hon. John L. Holmes, William Emerick, R. F. Hunter and several others made remarks proclaiming the direct benefits they had received from the organization.

At the close of the meeting, light refreshments were served.

The officers and directors of the Centre county organization present were: H. B. Scott, president, Philipsburg; T. B. Beaver, vice president, Bellefonte; J. W. Mayes, vice president, Howard; J. L. Holmes, treasurer, State College; P. A. Frost, secretary, State College; R. F. Hunter, J. M. Bullock, Bellefonte; E. E. Deml, Mr. Dunsmore, Philipsburg; W. J. Woodring, Port Matilda; H. L. Eberhart, Centre Hall; W. R. Graef, Millheim.

A "miscellaneous shower" was held Friday night at the home of Mr. and Mrs. Oliver Aukerman in Georges Valley, for their daughter Muriel, who was recently married to Ralph Brown, of Millheim. She received many useful gifts from many friends. All spent a pleasant evening; music was furnished by Elmer and Melvina Aukerman and Miss Mary Gobbie. Refreshments were served at a late hour after which the guests returned to their homes. The following were present:

Auman Property Sold

Mention was recently made that Irvin Hennigh had moved into the Mrs. Thomas Auman property at Red Mill, and now it is learned that he purchased the place, which consists of about five acres of land with improvements.

Mr. and Mrs. Auman moved to Pottery Mills into a property purchased from the Allison, the one formerly occupied by the late W. A. Curry.

50 Years of Wedded Life Fittingly Celebrated by Local Couple—Purse of Gold

More than 60 relatives and friends gathered at the home of Mr. and Mrs. D. Gise Wagner when they celebrated their golden wedding anniversary on Friday evening, April 4th. The bride and groom sat in a bower of palms and ferns and there beneath a large white bell and there received the congratulations of their guests. Before the festivities began, there arose a clatter of tinware and other noise-making instruments from the lawn outside. The couple, realizing that they were being serenaded, made their way to the porch where they discovered a group of ladies from the Reformed church. Soon after the excitement had died away a very appropriate program was rendered. F. J. McClellan was the master of ceremonies. Mrs. Delas R. Keener played the Wedding March from "Lohengrin." Everybody then joined in the singing of "America." This was followed by an invocation and address by Rev. Wm. J. Wagner, brother of the groom. The next number was a poem written and read by Harvey W. Flink, which follows:

ODE FOR A GOLDEN WEDDING.

We've gathered here this evening,
To celebrate a wedding
Of fifty years ago.
In eighteen-hundred-eighty
When Hayes was president,
In bridal clothes to Boalsburg
The happy couple went.
They did not go by motor,
Like lovers of today,
Behind the faithful Charlie
They rode their merry way.
The verbal day had ended
When Rev' and Mrs. Groh
Performed the ceremony
Just fifty years ago.
The season was glad Easter
And song was in the air,
For Christ again had risen
And blessed his bride once more.
They took Westward one daughter,
But, ah, they brought back four.
The old homestead was lonesome;
Its own folks heard the call,
And once again a Wagner
Lived in its cozy hall;
They lived among his meadows
And farmed its fallow fields
And here they were rewarded
And blessed with golden yields.
And now in quiet retirement
In Centre Hall they dwell;
And here we meet this evening
To ring their wedding bell.

Dear folks, congratulations
To you and your best day,
And on this fourth of April,
While Springtime breezes blow,
May you renew the rapture
Of fifty years ago.
May you enjoy the solace
Of life's quietude,
Just as you do this moment,
The longest day you live.
So, if I should think I'll finish
My lines, I'll be so true,
"The best of golden wishes
For fifty years to come."

A trio, consisting of three nephews of the bride couple, Messrs. Lowell and Elmer Alexander and W. W. Kerlin.

Confer—McClennahan.

Before Justice of the Peace W. H. Brown, in Millroy, William D. Confer and Miss Grace McClennahan, both of Potter township, were united in marriage, Monday morning. The groom is a son of Mr. and Mrs. Howard Confer, of near Pottery Mills, and the bride a daughter of Mr. and Mrs. Charles McClennahan, east of town.

Related Marriage Announcements.

Two young couples from near town succeeded in making a trip to a Maryland town some time last fall, say in September, and being joined in matrimony without the great event in their lives becoming known. The news was broken but recently to the parents, who, of course, have given their blessing.

Vernon Garbrick, son of Mr. and Mrs. Roy M. Garbrick, west of here, and Miss Dorothy Irene Ishler, daughter of Mr. and Mrs. Frank I. Ishler, of Oak Hill Station, comprised one of the couples. The groom expects to keep on working on the farm for the present. The bride is a graduate of a business college and is employed at the Kerlin Poultry plant here.

G. Rufus Sharer and Miss Roxanna McClintic are the second couple referred to above. Both couples went over the Mason and Dixon line at the same time and for the same purpose. Mr. Sharer is a son of Mr. and Mrs. S. E. Sharer, an industrious and capable young man, and the bride, a daughter of Mr. and Mrs. Frank McClintic, is a young lady able to fill all the requirements of a home. The couple will live with Mr. Sharer's parents and engage in farming.

The sharp advance in the stock of Ford of England, Limited, induced a firm giving the name of Dodge & Co., Inc., 246 Fifth Ave., New York, to attempt a most daring stock swindle. The firm through literature circulated through the mails, has been offering Ford of England at \$18.00 per share. The New York Times exposed the fraud in its Sunday issue.

Dale, Pinchot's State Chairman.

Former Judge Arthur C. Dale, of Bellefonte, was named State Chairman of the Pinchot campaign. Should the former Governor be successful at the primaries and again in November, Judge Dale would become a powerful political factor in the State. No appointment in the Governor's hand would be too big as a reward, and again, aspirants for political appointments would need "A. C. D." on their application before recognition would be given.

lin, sang a group of old-time songs, including "Put On Your Old Gray Bonnet," "Sweet Adeline," "Silver Threads Among the Gold," and others. W. W. Kerlin read a letter from Mr. and Mrs. Chas. W. Weiser of Pasadena, Calif.; it contained best wishes and congratulations and two beautiful poems written by Mr. Weiser. The second address of the evening was delivered by Rev. Delas R. Keener. Wilbur H. McClellan read an appropriate poem by James Whitcomb Riley entitled "An Old Sweetheart of Mine." Lowell Alexander and Rev. Wm. J. Wagner told interesting and amusing anecdotes concerning the uncle and aunt whose anniversary they were celebrating.

The gifts were opened; besides flowers and other beautiful things there proved to be over \$100.00, most of it being in gold coins. At the close of the program refreshments consisting of sandwiches, pickles, ice cream, cake, coffee, and candy were served cafeteria style. The immense wedding cake was laid with white and gold icing and on the top tiny figures of a bride and groom stood beneath a silver bell.

The four daughters of Mr. and Mrs. Wagner, the sons-in-law, and the grandchildren who were present are: Mr. and Mrs. P. J. McClellan, Wilbur and Vinton McClellan; Mrs. F. S. Long and son Herbert, of Washington, D. C.; Mr. and Mrs. D. M. Dorer, Marvin, Arla, Glenn and Jean Ishler; Mr. and Mrs. Clarence Miller, Evelyn, Lynn and Alta Miller. Other guests were: Dr. Hugh Alexander, Mr. and Mrs. Lowell Alexander, Mr. and Mrs. Elmer Alexander and daughter, Mr. and Mrs. Whitman and sons, all of Bellefonte; Rossman Smith, of Johnstown; Mr. and Mrs. Windom Gramley; Mrs. Ruth Thomas and son William; Mr. and Mrs. Wm. Hanna and daughters; Mr. and Mrs. W. W. Kerlin, Mr. and Mrs. C. E. Flink (Mrs. Flink celebrated her birthday on the same day); Harvey Flink, Mr. and Mrs. Wm. Keller, Mr. and Mrs. Earl Smith and son, Mr. and Mrs. Michael Smith, Mr. and Mrs. Guy Korman; Rev. J. F. Harkins, Rev. W. J. Wagner, Mrs. Jenny Mann, Mr. and Mrs. Harry Crossman, Mrs. May Trindle, Dr. and Mrs. Newcomb, Miss Barbara Newcomb, of Punxsutawney; Rev. and Mrs. D. R. Keener; Mr. and Mrs. Ward Wagner and daughter of Lewis-town.

STATE COLLEGE WORKMAN MEETS DEATH IN 50-FT. DROP

L. J. Ritter, Altoona Stonesetter, Was Unfortunate Man—Third Sudden Death in That Locality in Two Weeks.

L. J. Ritter, of Altoona, a stonemason employed by the J. G. White company of Philadelphia, plunged to his death when a scaffold broke on the construction work at the new Power Plant at State College at 4 o'clock last Friday afternoon.

Ritter took the fifty-foot drop when a stone which the workers were laying dropped and broke the scaffold. He fell most of the way feet first, but towards the bottom turned over and crashed on his head.

It is believed that the worker was killed instantly. He was pronounced dead by Dr. William Glenn, who arrived on the scene shortly after the accident. His body was moved to Koch's morgue and the county coroner was called from Philipsburg.

Ritter resided on 619 Logan street, Altoona, and had been working on the campus since February 12. He was about 55 years of age and the father of several children. He is survived by his wife and one married daughter.

Workers were setting the pillar foundations on the new plant when the accident occurred. There was no opportunity to save the man since he plunged on the rocks beneath.

Ritter was standing on the scaffold at the time directing the work of laying the heavy stone. The marble slab dropped from the jaws of the crane and plunged on the board on which he was standing. As the plank broke the workman was tossed to his death.

This is the third sudden death within as many weeks in the block surrounding the plant. The death of Ralph Krumrine came on March 7 and was closely followed by Fire Marshall Foster's collapse two weeks later.

No Marriage Licenses Issued.

No marriage licenses were issued during the past week in Centre county.

SUNDAY TRAIN ON L. & T. STARTS APRIL 13TH.

Mountain Section of Branch to Be Eliminated in New Freight Schedule.—Freight Service from Bellefonte to Coburn and from Northumberland to Glen Iron.—Round Trips Daily.

The week day passenger services now being given by the Pennsylvania Railroad company on its Lewisburg and Tyrone branch will become a daily service on and after April 13th. The schedule will be the same as at present, the train going west arriving here at 8:04 A. M., and going east at 10:50 A. M. The additional service, a Sunday train, is inaugurated for the benefit of the various shippers of milk, field crops and other products. The leading shippers being the Sheffield Farms Company and the Dairy-Field Co-operative Association. The milk on the branch has heretofore been handled on Sundays by a freight train making a trip east from Bellefonte, the crew being the same as that manning the freight west on Saturday evening. The railroad company evidently feels a better and cheaper service can be given by a passenger train.

A radical change in handling the freight over the branch has been introduced since the beginning of this week. Freight from all points on the line from Coburn to Bellefonte will be shipped via Bellefonte, and shipments for points between Glen Iron and Northumberland by way of Northumberland. This eliminates, so far as freight is concerned, all traffic between Glen Iron and Coburn, a distance of approximately seventeen miles. Freight for Centre Hall, for instance, from the east will be carried by way of Montandon, Williamsport and Lock Haven to Bellefonte, from where it will be handled by a local freight—an excess haul of about 65 miles. Shipments from the west and northwestern Pennsylvania and western New York, can be delivered as heretofore. The delay of shipments from the east will be at least one day, probably more.

The local freight will leave Bellefonte at 10:00 A. M.

FARMER A SUICIDE.

Herbert Brown McNitt, aged 36 years, 7 months and 29 days, a farmer residing in Blue Hollow, along the public road leading from Millroy to Siglerville, committed suicide, Monday forenoon of last week, in the attic of his home, by shooting himself in the head. He lingered until 2:30 p. m., Monday, when he died in the Lewis-town hospital while he was being admitted.

He and a brother, W. Reed McNitt, both unmarried, lived on a large farm. The brothers had planned to go to Lewis-town that afternoon to consult a physician concerning injuries received by the former, who had been kicked on the right leg by a horse, the injury causing considerable pain.

Doll Up WPH Whitewash.

No one thing adds to the joy of farm and suburban living as much as attractive surroundings. A well kept lawn, shrubs and flowers, all add materially to attractiveness—but much of this beauty is lost if the buildings and fences are neglected.

In a great many cases sheds, out-houses and fences are made of stone or rough lumber. While it is difficult to paint these with oil paints, they can be whitewashed easily, quickly and at small cost. Whitewash or cold water paint not only brightens these unsightly places but it is an excellent preservative. When applied to trees it repels the ravages of insects and worms.

The Agricultural Department will send you a bulletin on this subject on request.

A notice in the "Lost and Found" column might unearth some of the important documents the county auditors were unable to find at the court house. It is almost unbelievable how documents do disappear, and at the time they are most wanted.
