The transportation of the seven thousand cubic feet gas tank from the railroad station to its base north of the borough was created a good bit of a hubbub. A State Highway patrolman, and his whistle, a half-dozen or more men notifying auto drivers to be cautious, a large truck hitched to a trailer carrying the tank, and a second truck as anchor for the tank, completed the outfit. The tank reached its destination without the semblance of a mishap.

Thursday of last week was visitors' day at the Lutheran Orphans' Home, Loysville. The New York Central, Baltimore and Ohio, and Pennsylvania railroad companies are insisting that before the Pennsylvania Public Service Commission grants the New York, Pittsburgh and Chicago Railroad permission to build a 244 mile line across Pennsylvania, the company should show it has means at hand to build it. The line proposed leads from Allegheny City to Easton. One of the early surveys of this road passed through Ferguson Harris, Potter, Gregg, Penn and Hafnes townships. The course was south of Boalsburg to Tusseyville, crossing the State highway near the Meeker farm, through Georges Valley and along the mountain to Coburn.

GREGG TOWNSHIP VOCATIONAL SCHOOL NOTES

(Continued from last week)

School Closes on Thursday with Picnic.

The current school year was brought to a close Thursday when the entire school journeyed to Walter Garity's in the Seven Mountains where an enjoyable time was spent in spite of the cold weather. Before going to the picnic grounds an Assembly was held in the Vocational school building at which time the following students received perfect attendance certificates for the past year: Vernon Godshall, Kathleen Siegal, Wm. Campbell, Ruth Eitel, Mary Neese, Mary Zubler, Kenneth Johnson, Ellis Yearick, Jane Campbell, Isabel Swaeb, Mary Emmlhizer.

School attendance for the past year was approximately 95% which is one per cent. higher than it was during the 1928-29 school year. The freshman class had the highest attendance for the year. At the Assembly period track letters were awarded to Capt. Bieber Risher, Vernon Godshall, John Riter and Lee Faust. These boys carried the school through to the County Championship Class "B" this year. This is the third time in the last four years that the championship has come to the local school. Godshall and Risher both broke records at the meet this year. Lee Faust has been elected captain of the 1931 track team and he is hopeful of winning the cup another year which will give G. T. V. S. permanent possession of the boy's cup.

Honor Roll—

The following students have been on the honor roll for the entire school year: Mary Musser, Kathleen Siegal, Mary Zubler, Ruth Eitel, Mary Homan, John Zubler, Jane Campbell.

The following students completed the year with their names on the honor roll: Miriam Shook and Isabel Swaeb.

A student to be on the scholastic honor roll must receive at least four As and not more than two Bs.

Many Graduates to Continue Schooling

Many of the graduates will enter advanced schools this fall. The class is quite large and their places will be hard to fill next year, but the class of '31 is capable and will strive hard to do as good and have as fine a record at the close of their senior year as the class of '30.

G. T. V. S. Track Team

Closed a Successful Season—

The boys representing the Gregg Township Vocational School closed their track schedule by competing in the track and field meet held at Clearfield on Decoration Day. Here the team placed high among the schools represented. Bieber Risher, who has won many laurels for the G. T. V. S., was successful in winning the two-mile Marathon, for which he received a beautiful engraved, gold, Elgin watch. He lowered the record in this event by 20 seconds. He also won the half-mile which has been his favorite event during his high school career. Vernon Godshall placed in the broad jump. He also holds the county record for this event. Other boys who competed in this meet were John Riter and Lee Faust.

These four boys were also successful in winning the cup awarded to the team scoring the highest number of points in the County meet. They also placed high in the inter-scholastic meet held at State College May 13 in competition with schools such as Williamsport, Lock Haven, Jersey Shore, Altoona, etc. Much credit goes to the boys for their efforts and fine records they made in this sport during the past season.
