SPRING MILLS

The festival held by the Ladies' Aid Society last Saturday was well patronized. The program rendered at the Lutheran church last Sunday was considered very good. Mr. and Mrs. H. H. Showers, of Pleasant Gap, were visiting in town last Monday afternoon. C. F. Bartges, of Harrisburg, spent a few days at his parental home and was also at the Bartges reunion. He was driving a new Ford and remarked "this is just what I have been wanting for some time." Miss Naomi Neese is visiting her parents, Mr. and Mrs. W. A. Neese. She is a graduate dental hygienist and has a very good position. Her field covers all of Potter county. The writer has just learned that Joseph K. Bitter suffered a paralytic stroke. The Bartges reunion held on the Robert E. Hettinger farm north of Penn Hall last Saturday, was attended by at least 125 descendants of the late John Wm. Bartges, who was born in 1773 and died 1856. Bartges, Mrs. Amanda Rachau, Mrs. George Gentzell, all of Spring Mills, and Daniel Bartges, of Barnesboro.

The following is a partial list of the fourth and fifth generations as prepared by Miss Harriet Bartges, daughter of Prof. and Mrs. N. L. Bartges, of Avis, who assisted in the reunion. CLOUDS OF PROTECTION for crops and profits Effective protection against all menacing pests and diseases of field crops-but that is not all. Protection is well against inadequate coverage, and waste of time and material. How? By dusting with the improved Niagara Dri-Fog Dusters New in design, these machines are matched to their job-and can do it scientifically. A study of field conditions led to their construction. The Dri-Fog Duster is sturdily built, yet it is light enough not to be another "horse killer". The construction is simple-easily adjusted and repaired. The improved dusting mechanism is designed to break up the dust into a uniform cloud of the desired intensity, equally divided among the nozzles. Every row, in this way, receives the same, correct amount of dust. Niagara truck-crop dusts, having copper as a fungicidal base and calcium arsenate to kill external chewing pests, give quick and effective results with the Dri-Fog. Visit our distributor soon. He will gladly explain the value a Dri-Fog can be to you. NIAGARA SPRAYER AND CHEMICAL CO., INC. MIDDLEPORT, N. Y. Distributed by Bradford & Co. CENTRE HALL.
