DAIRY SURPLUS BLAME PLACED ON FARMERS

Bankers' Group Told Dairymen Used Substitutes for Butter on Own Tables—Industry Is Depressed.—Say Entire Surplus of 21 Million Pounds Could Have Been Averted. Farmers have themselves to blame for the present depression in the dairy industry, influenced by a 24,000,000-pound surplus of butter, because they used butter substitutes on their own tables the agricultural committee of the Pennsylvania Bankers' Association was informed on Friday.

Charging farmers are the victims of unequal taxation, D. F. P. Weaver, head of agricultural economics at State College said that whereas 25 per cent. of Pennsylvania's population is rural, farmers receive only 3.7 per cent. of the total income and pay 5.2 per cent. of all Federal, State and local taxes. Studies in Lebanon county revealed, he said, some instances of farmers paying 33 per cent. of a district's income and homes and business places between 15 and 20 per cent and in one place in Westmoreland county he found farmers paying 268 per cent and business 22.

Fleisher is ill at his home with a complicated disease. Jack Cameron and wife (nee Anna Wilkinson) of Chicago, Ill. are visiting at the homes of Mrs. Ella Wilkinson and F. A. Carson. Mrs. J. K. Miller home were: Clay Shaffer, wife and daughter, James Wilt and wife, of Sunbury; Allen Miller, Mrs. Lease Cummings, Wm. What would we be hearing now throughout the land had a Democrat been unlucky enough to win the Presidency in 1928, Al Smith or any other big man? There would be no end or let up to what would be charged to Democratic inefficiency and other tommyrot. "Another Democratic panic," would be the popular expression from the lips of our separated political brethren. Now it is just a condition. God and Morality party leaders acclaim.

Roland Zettle, of Spring Mills, was an early caller Wednesday morning. He is engaged at carpentering at State College and stopped on the way to transact a bit of business.

DEATHS

For many years the deceased lived west of Old Fort, but upon becoming unable to properly care for herself, her daughter took her to her home. The daughter previously named and a half-brother, Franklin Yeager, are the only remaining members of the Yeager family who lived in the Spicher-Neff district for many years.

Presbyterian Church Improved.

During the month of vacation the Presbyterian church of Centre Hall has been introduced to some very beautiful changes. Some time ago the congregation saw need of some repair work and the Ladies' Aid began to raise a fund for that purpose. They encouraged the congregation with the money they had on hand and about one month ago a canvass was set on foot. The call for assistance was answered in a wonderful way by the faithful members and at the beginning of vacation the work was begun. The side walls were painted in light tan, and the ceiling, woodwork and furniture given a coat of varnish. The covering of the floor is a new beautiful Axminster carpet.

Not only did the congregation help heartily with the finances of these repairs, but the faithful who could spare the time spent many hours of service helping to make these changes. Besides the volunteer work, of which there was much, the expenses of the repairs have exceeded \$700.

We hear much these days of a discouraging tone concerning the progress of the Church. But we do not let the false statements of unbelievers, or the weakness of those who pretend to believe, or reverses in world finances, or any other little thing in the temporal world, keep us from lending our assistance to the onward march of the Church of Christ.

In the near future there will be a re-dedicated service held in the church a notice of which will appear at the proper time.

We extend to all an invitation to come and see the change in our plant and if it is convenient, stay and worship with us.

Several persons not members of our church but friends from other churches, have assisted us financially, which fact makes us glad. Many thanks for your gracious help.

Auman-Decker.

On Wednesday of last week at the Lutheran parsonage in Centre Hall, Albert Victor Auman and Miss Mildred E. Decker, both of Spring Mills, were united in holy wedlock, by Rev. S. F. Greenhoe.

FRED BOHN WINS JUDGING HONORS

Harris Township Youth Second Highest from Group of 245—Will Represent State at National Dairy Show in St. Louis.

Fred Bohn, a student of the Harris Township Vocational School at Boalsburg won for himself a place on the dairy cattle judging team which will represent Pennsylvania at the National Dairy Show, held annually at St. Louis. The contest in which Fred won was held in connection with the Future Farmers' Week at State College last week.

Fred was one of ten boys to qualify out of a group of 245 entered in the dairy contest. In the final contest Fred made such an excellent score that he was second ranking boy on the team. His score was 343, 4 points out of a possible 400 points.

The Harris Township Dairy Judging team, of which Fred was a member, won fourth place in team honors. The dairy team representing the county vocational work and the Gregg Township Vocational School finished in the order named.

Harris Township seemed to win their share of places in the various contests. Besides winning the above mentioned, their swine team won fourth place and Vert Bohn placed 10th high individual in the swine contest.

The team entered by the County Vocational Supervisor and the Gregg Township School although not winning made very creditable showings. These teams were inexperienced but have fine possibilities and may be heard from the 544.

The 544 boys registered were divided among the four contests as follows: 95 in Livestock; 246 Dairy; 150 in Poultry and 63 in Swine.

The following shows the make-up of the various Vocational judging teams from Centre county that took part in the F. F. A. program: Dairy Cattle Judging—Harris Township: Fred Bohn, Harry Gingrich, Ross McClintock, Gregg Twp.: Nevin Shook, Stellard Beightol, Nevin Keller, County Vocational Group: Gerald Zimmerman, Clarence Hoy, Ocean Yarrick.

General Livestock—Harris Twp.: Dan Mothersbaugh, William Ross, Harry Addelman, Gregg Twp.: Bobber Bishop, Wm. Campbell, Lester Rossmann.

Swine Judging Team—Harris Twp.: Vert Bohn, Cyrus Wert, Albert Lightly.

Poultry Judging Team—Harris Twp.: Leroy Sharer, Fred Dale, Lawrence Wert, Gregg Twp.: Willard Foreman, John Zuber, Ellis Rearick.

Lewis Hagen and Nevin Keller of Gregg Township were entered as individuals in Poultry and Dairy Contests respectively. Allan Weaver, a member of the county group, was entered as an individual in the Dairy contest.

The vocational dairy cattle judging team which will represent Pennsylvania at the National Dairy Show in St. Louis will be composed of the following boys:

William Smith, Guys Mills, Crawford county.

Fred Bohn, Boalsburg, Centre county.

Kermit Peterson, Cochran, Crawford county.

These boys under the leadership of one of the vocational agricultural teachers, will drive to St. Louis some time before the National Dairy Show, stopping at various places to do practice judging before going into the final contest. It is very likely that E. H. Dale, Supervisor of Agriculture in the Harris Township Vocational School at Boalsburg, who has so successfully coached Fred Bohn in the art of judging will lead the Pennsylvania teams west.

DETOUR REMOVED.

The detour on Route No. 45 between Old Fort and Millheim has been removed. The rebuilding of about four miles of road west of Millheim is so nearly completed that traffic will not later for with the work now being done. The rebuilding was done by the State, and consisted of grading, and at one or two points changing the course. A number of small knolls and dips were cut down or filled up as occasion demanded. The graded surface received a heavy layer of coarse stone and finished with a finer one. Oiling and chipping will be done in the fall.

LOCAL WATER SUPPLY IS INCREASING

The water supply for the borough has been gradually increasing, due not to rainfall but to the fact that a pump has been in operation for more than a week lifting water from a well more than one hundred and twenty-five feet deep. A steady stream flowing at close to a barrel per minute has been pouring into the reservoir, which in addition to the flow from five springs, more than supplies the needs in town and Grange Park, and the Township Vocational School finished in the order named.

We do not only have an abundant supply of water for domestic purposes, but an ample reserve for fire protection, and what is more, all the water utilized flows in pipes from the springs and well into the reservoir. Absolutely no surface water finds its way into it. The water supply for this town has never shown contamination in all its history.

State College Moves Houses for New Road.

A three-story house was moved more than thirty feet diagonally back from its original foundation and set down on new piers to make way for the new section of the Lakes-to-Sea highway which passes through State College. The actual moving was accomplished in a few days, the owner remaining in a few days during the moving. It was moved to eliminate a sharp curve where the new highway joins the main street of the borough. Another dwelling near the same corner was condemned and razed by the borough.
