

LOCAL AND PERSONAL

No frost to date, but mighty cool some of the nights during the past week.

James Brooks is carrying mail on rural route No. 1, from Centre Hall, while W. F. Keller is acting as a juror this week.

Mr. and Mrs. Samuel Shoop spent part of last week with their son, Wm. D. Shoop, at his lodge on Sand Mountain.

Mr. and Mrs. C. A. Boyer and Rufus Lee, of Sunbury, spent Sunday with Mrs. Boyer's parents, Mr. and Mrs. Jacob Lee, at Centre Hill.

Jacob Auman, of Potters Mills, who suffered a paralytic stroke about two weeks ago, is not improving. His condition is regarded serious.

Mr. and Mrs. Ralph Aurand and children, of Ferguson Valley, were guests on Sunday of Mr. and Mrs. W. A. Henney. Mrs. Henney is a niece of the former.

Mrs. Dolly Brumgart, last week, was taken to Uniontown by her son-in-law, John S. Getchell, where she will spend the winter months with the Getchell family.

Mr. and Mrs. Albert Smith and baby moved from the Benner place to the Slick house, on Hoffer street. It was to prepare this place for leasing that Mrs. William Slick and son William came here last week.

Virginia Belle is the name of a baby daughter born to Mr. and Mrs. William Glasgow, at the farm home of the child's grandparents, Mr. and Mrs. David Glasgow, west of Centre Hall, on Sunday morning. Mother and babe are doing nicely.

Do not fall to see our wonderful line of Peninsular Warm Air Parlor Circulators before buying. Will burn wood coal or coke. None made better, and few as cheap in price. Sold by H. P. SCHAEFFER HARDWARE, Bellefonte. 41,039

Jacob S. Derstine, of Freeport, Illinois, arrived here Monday forenoon. His coming back to the old home for a visit at this time was a genuine surprise to his sister, Mrs. J. H. Puff, and many friends here, but he received a genuine welcome.

Miss Dorothy Lee and friend, Bryan Wance, both of Harrisburg, spent the week-end with Mr. and Mrs. Earl White, east of town. Miss Lee has a desirable position with the Department of Highways, while Mr. Wance is engaged in the sale and repair of radios.

With a view of making the most out of the corn crop this year, silos were erected on the Hartges farm, above Old Fort, tenanted by Clarence Blazier; on the William Brooks farm, tenanted by his son, Guy R. Brooks; and on the Harry W. Potter farm, where John Bumgardner is tenant.

Mrs. Lucy Henney went to Philadelphia to lay in a supply of reasonable and up-to-date millinery goods, and by the time the reader has this issue in his or her hands, the stock will be on display. As usual, the prices will be within the reach of all. She invites you to call and investigate, and buy if pleased.

Samuel Lincoln Cornelius, for eight years care taker on the State road between Strouds Mills and McVeytown, while on duty was struck by an automobile driven by R. C. Black, of Butler, who claimed he was crowded off the road. A concussion of the brain caused the death while in the Lewis-town hospital. He was 68 years old.

The stone quarry here taken over by the White Rock company, has been in operation regularly for ten days. Chips are being manufactured for use in chipping State Highway Route No. 53 from the Centre-Mifflin county line to Potters Mills. The stone are being hauled, prior to application of oil, to convenient points along the roadway. The chipping and chipping is to be done this fall.

The pump installed by the borough authorities, several weeks ago, although in operation most of the time, has never been brought up to its guaranteed pumping capacity. It may be no fault of the pump that it is not lifting water from the well at the rate of a barrel per minute, but until it does there is no guarantee that it can. By the way, the supply of water in the borough plant is not diminishing.

A telephone line is being constructed from Poe Mountain fire tower to the residence of Forest Range L. R. Smith, east of Spring Mills. This will give the tower telephone service from Spring Mills exchange instead of from Millheim exchange as heretofore.

Building the new link will shorten by several miles the telephone line leading to the tower and will lessen the probability of interference of service through falling of trees and other causes.

Matthew P. Frederick, director in the State Department of Labor and Industry, bureau of bedding and upholstery, Harrisburg; H. T. Nugent, bureau of narcotics, U. S. Treasury Department, Washington, D. C.; and W. G. Fisher, Sunbury, who also holds a place in the former State Department named above, were in town on Friday, and favored this office with their presence. They were not in this section on any special business, only having passed through and stopped for a good dinner. They agreed that in localities like these, citizens are law-abiding.

The proposed sale of the Evangelical churches at Linden Hall and the possibility of such action resulting in leaving that section without a religious center, led to inquiry as to when the structures in question were erected. Jonathan L. Tressler is almost certain that the first church, the one standing to the west, was erected by the Evangelical Association in 1823, and the United Evangelical church in 1892 or 1893. The former is on lands of the Tressler farm, and the latter on Ross lands. The structures will be sold Wednesday afternoon, 17th inst.

STEELY-GETTIG.

At a very quiet wedding Tuesday morning in the auditorium of the Evangelical church in Milton, the pastor of the church, Reed O. Steely, took as his bride Miss Eleanor R. Gettig, of Bellefonte. The ceremony was performed in the presence of the immediate families, by Rev. A. F. Weaver, of Lewisburg, presiding elder of this district.

The couple was attended by Miss Helen Smith and Musser W. Gettig, both of Bellefonte. The latter is a brother of the bride. Mrs. Steely is the daughter of Attorney Samuel Gettig, of Bellefonte, and Mr. Steely the son of Mrs. Sarah E. Steely of McClure. Rev. Mr. Steely has been in the ministry ten years, seven at Bellefonte and the last three in Milton. They left immediately after the ceremony on a motor tour of New England states, and will be at home at the parsonage in about two weeks.

GEORGES VALLEY.

Mrs. Maggie Mishler, wife of Frank Mishler, died at her home here last Thursday morning. She was a kind, loving wife and a good neighbor. Her first thought was to make others happy and comfortable. To know her was to love her. Mr. and Mrs. Mishler

moved from Johnstown to Georges Valley a year ago. She is survived by her husband but no children.

TALKING COMEDY

BACK TO SCHOOL.

School bells are again ringing throughout the land, summoning millions of children back to their studies for another term.

The summer vacation is over and work calls the youth of the land. It responds to the summons with mingled feelings. Strong among them is regret that the happy days are at an end and something of dread of the duties and responsibilities ahead.

But this feeling will soon pass. In a few days the school routine will again be familiar and the pupils will adjust themselves to it.

To some pupils this is the first year of school. Their little feet are setting out upon a strange and adventurous path. To others this is the last year of school. They are nearing the end of the path of training and are preparing to step forth upon life's main highway. In between them are others who face new studies, new teachers, new associates, new opportunities.

To all of them, the school term will be just what they make it. Our wish for them is that they may realize the value and importance of class room work, look upon school as a privilege, and find happiness in accomplishment of the tasks facing them.

The Centre Reporter, \$1.50 a year.
