FARM CALENDAR

TIMELY REMINDERS FROM PENNSYLVANIA STATE COLLEGE SCHOOL OF AGRICULTURE

Provide Dairy Feed—

As a result of the short corn crop, many silos will be only partially filled this fall. If the corn is dry, water should be added to prevent possible loss. Other crops, such as grass and clover, may be used to supplement the corn crop for silage. Almost any crop that cattle will eat when it is green can be made into satisfactory silage.

Keep Weight Up—

Watch the body weight of pullets. Penn State poultry specialists urge, if they are losing flesh, increase the amount of scratch grain, or feed a fleshing mash at noon.

Hay May Pull Through—

Very frequently, where after a long, continued dry spell, there seems to be little promise of a hay crop, excellent crops are harvested the following year when there is an abundance of rain in early spring.

Protect Human Lives—

Lightning caused 20 deaths in the State in 1929, according to the August report of the Pennsylvania Department of Health. There are two good publications which tell how to guard against this killer. One is Farmer's Bulletin 1512 which may be obtained free from the United States Department of Agriculture, and the other is the "Code for Protection Against Lightning," which can be obtained from the Government Printing Office, Washington, D. C., for 25 cents.

GREGG TOWNSHIP VOCATIONAL SCHOOL NOTES

100 % Membership in Athletic Association—

Last Friday afternoon the membership campaign for members of the Athletic Association came to a close with a report by the committee that all

students and teachers have paid their dues which entitles them to membership in the A. A. 100 per cent membership is quite a record and it is the first time the goal had been reached. The funds from membership dues are used to help pay the expenses involved in conducting the athletic program of the school.

Community Fair, Friday and Saturday, October 10 and 11—

During the past week premium lists were distributed throughout the school of the township for the Community Fair exhibits on October 10 and 11. Other announcements concerning the activities during the two days were given to the students, which in turn were taken home to the parents. The program as announced last week will be extended over Saturday, in order that more time may be had for visiting exhibits, and carrying out various parts of the program which were formerly crowded into one day.

The major part of the program will be on Friday, as in the past while the high school athletic games will be Saturday afternoon, with the play, "Squaring It With the Boss," and the awarding of prizes in the Grange Hall Saturday night. The children's Health Play, adult's Poultry Judging contests, children's Field Day program, and the chicken supper will be held on Friday, Friday night in the Grange hall an evening meeting will be held at which time an address will be given as well as music and other features of entertainment. No admission will be charged at the Friday evening meeting. A small admission will be charged to the play Saturday night to help defray the expense of the Fair. Everyone is invited to come to all programs and to exhibit products of the farm and home.

G. V. S. and Centre Hall High Play to Tie on Friday—

Last Friday at Centre Hall the opening game of the season was played by the soccer teams of G. T. V. Sand C. H. H. S. The two teams battled through the regular four periods and ended up with a scoreless tie. Two extra periods were then played during which time neither team could score. The inexperienced team representing G. T. V. S. played good ball against their more experienced rivals and felt as if they had won a moral victory at least in holding the veteran Centre Hall team in the first game. The game was clean and hard fought throughout, and was a most interesting one for the spectator to watch as both teams frequently had the ball in scoring position but couldn't drive it through. This was particularly true of the bigger C. H. H. S. team.

Centre Hall Will Play at Spring Mills, Friday, 3:30—

Centre Hall High school will come to Spring Mills to meet the G. T. V. S. soccer team at 3:30 Friday afternoon. The teams will both be anxious to score this week as both failed to boot the ball through the goal during six periods of play at Centre Hall last week.

Rockview Penitentiary Farm Buildings Burn.

A vacant house, the large barn and all the outbuildings on the former Keller farm now owned by the Rockview penitentiary, located near Shiloh church, were destroyed by fire of an unknown origin Wednesday afternoon of last week, entailing damages estimated to reach \$15,000.

The house was unoccupied. In addition to the barn a hay baler, threshing machine, fifteen tons of fertilizer, a large quantity of unthreshed oats stored in the mow and a lot of baled and loose hay was burned.

The prisoners had been baling straw at the farm the day before, and when they left everything appeared to be in order. The prisoners were not permitted to smoke around the buildings.

A FARMER was awakened one night by the reflection of light on the ceiling. He ran to the window in time to see the tail light of a retreating truck and in a glance saw that his barn doors were open. Too late to pursue, the farmer telephoned his neighbors and the sheriff. It was not more than half an hour before the truck was halted and its occupants captured. They had attempted to steal thirty bushels of wheat, harness, and a variety of farm implements.
