

ITEMS OF LOCAL INTEREST.

James L. Foust, of Burnham, was a caller here during the latter part of last week.

Mr. and Mrs. H. J. Lambert, on Monday, left for Lakewood, Florida, where they have been spending the winter months for a number of years.

Mr. and Mrs. Ray Gilliland, of State College, took Sunday evening dinner at the home of the latter's aunt, Mrs. Lizzie Jacobs, in Centre Hall.

The State College proposed bond issue of \$100,000 for a High school building was approved. The Walker township voters defeated the \$34,000 issue for a High school.

The transfers of the eleven farms in Union county for the Federal prison have been made. \$98,866 was paid for the tracts. Construction work will begin next spring.

The Journal states that the Millheim Motor Co. sold its stock to S. G. Wagner, of Millroy, who will operate under the name of Millheim Garage. S. G. Snook owns the building, which has been leased.

Rabbits are either scarce in this neighborhood or else hunters are unable to find them. While a number got the limit the first few days of the season, many other hunters came back once or twice or more times with less or none.

J. L. Tressler, noted small game hunter, is telling how his grandson, "Bill" McClintic, wrested some laurels from him last week when he brought home three grey squirrels whose size had those of his grandfather's beat to a frazzle.

Mr. and Mrs. William Yarnell, of Canton, Ohio, were guests of Mr. and Mrs. W. H. Homan during last week. The Yarnells are engaged in farming and are former upper Penna Valley residents. Their acquaintance with the Homans was made during their school days.

The Willshire Herald, published in Willshire, Van Wert county, Ohio, by William G. Hoffer, who grew to manhood on a farm west of here, is jubilant over their county having elected nearly every Democrat for county office. The State also elected a Democratic governor and a U. S. Senator.

Floyd Snyder recently attended a school for dealers in Majestic refrigerators, in Pittsburgh. A new type electric refrigerator is on exhibition at the Snyder Radio Shoppe, and the information obtained at the school enables the dealer to tell in an understanding way the good points in it.

E. D. Brisbin and daughter, Mrs. George Robertson, of Hartford, Conn., who had been here for two weeks, returned home Monday morning by auto. Mr. Brisbin was in fine spirits while here and seemed to very much enjoy the old home surroundings once again, if only for a short time.

At a meeting held by the Centre County Pomona Grange in Boalsburg, last week, the tentative lease agreed upon by a Grange committee and one from a prospective golf club was unfavorably acted upon. The question was whether or not the county Grange would lease Grange Park here for golf purposes.

Dr. Frederick K. Stamm, born in Pepsin township, and from there went with his father, Dr. Stamm, to Ohio, substituted for Dr. Polling, in New York, on Sunday. The sermon was broadcast over the National chain. Dr. Stamm was formerly pastor of the Reformed church at State College and later at Reading. He is now serving a Congregational church in New York.

Mrs. Henry Bubeck, of Philadelphia, accompanied by her baby son, Robert, are guests of Mr. and Mrs. Hale Ross, at Linden Hall, and were also guests of Mrs. Edward Durst, in town. The mother before marriage was Miss Elizabeth Mothersbaugh. Robert is the first grandchild of Mr. and Mrs. Ross, which adds to the interest in the youth.

Mr. and Mrs. W. F. MacMorran are off on a visit to Towanda where they formerly lived. Mr. MacMorran, local manager of the Sheffield Farms milk plant here, is on vacation. The "week off" at this time is due to the fact that during the summer months he remained at the plant to give others the opportunity to have their vacations at a time most desired by them.

Mr. and Mrs. William Kenndy, of State College, entertained with a party near Sunset Club house in the Seven Mountains. Among the guests were: Mr. and Mrs. George Hazel, Mr. and Mrs. Daniel Houser, Mr. and Mrs. James Heckman, of Bellefonte; Mrs. Sadie Rishel, of Lemont; Mr. and Mrs. N. B. Martz, of Linden Hall; Mrs. Alice Ray of Altoona; and Mrs. Robert Brennan and Mr. and Mrs. James Clark, of State College.

Mrs. Minnie Smetzler, widow of David G. Smetzler, of Geenasprings, Ohio, in company with Mrs. Bruce Hettinger, called at this office on Saturday. Mrs. Smetzler will stay with her sister, Mrs. J. W. Rachau, east of Centre Hall, until spring. Mrs. Smetzler came east with her nephew, Edward Rachau, who on the way east took her sister to Franklin where she remained with a daughter, Mrs. Phillip Shook, until the trip to Ohio was made, when all returned here.

Milk production is on the increase among the patrons of the local milk plant operated by the Sheffield Farms company. Farmers hereabouts are managing to have a large percent of their herds freshen in the fall in order to have a heavy flow of milk during the winter months when the milk price is the highest, and this accounts for the increase of the supply of milk at this time when one naturally would think it was lessening. The silo, good stable conditions, and better breeding are also factors contributing to heavy milk production during the winter months.

RUPTURE EXPERT HERE

Have you been operated on? Do you want to be? Do you want to avoid it?

W. B. SEELEY, noted rupture expert, famous for his ability and skill in handling difficult cases, will personally be at the Bush House, Bellefonte, Friday, November 21st only; 10 A. M. to 6 P. M., where those desiring benefit without dangers, expense and loss of time, always present with surgical treatment, may consult him without charge.

The patented rupture appliance Mr. Seeley now uses will hold bad ruptures with ease, will strengthen tissue and close opening. Any kind of work can be undertaken with safety.

CAUTION.—Elastic trusses with leg straps should never be used; they squeeze the delicate parts against bone and slowly produce dangerous complications, necessitating operation.

Master your rupture now. It will be too late after stragulation sets in. Operations that have torn out will be given special attention.
