Report on Xmas Seals Sale-

The school children of Gregg township sold Christmas seals during the week before Christmas vacation and disposed of approximately \$25.00 worth. This was the first time the seals were handled in the schools of the township and the response which the people gave in this undertaking was good. Eighty per cent of the fund will be turned over to the local school for health work in the schools of the township. It is hoped that approximately \$20 may be realized for the health work in this district. It is clearly seen that the local district is the one that profits most from the sale of the seals which makes it a yearly means of the local people contributing to the health work of the schools.
