OFFICIAL CENSUS GIVES

CENTRE COUNTY 46,294 The following table shows the official 1930 census for Centre county by minor civil divisions.

It is worthy of note that while every borough in the county, except Phillipsburg, Snow Shoe and Unionville, increased in population over 1920, every township except Benner, Burnside, Harris, Liberty, Spring, and Union fell off during the decade.

In the case of College and Worth townships, however, the decline in population might be explained by the fact that part of College township was taken into State College borough in 1922 and 1929 and Port Matilda borough was erected out of part of Worth township in 1926.

Table with 3 columns: Borough/Township, 1930, 1920, 1910. Rows include Bellefonte, Benner, Burnside, College, etc.

\$200.00 PAID FOR ONE COPPER CENT

J. D. Martin of Richmond, Va., is the proud possessor of a check for \$200.00 paid him for an old copper cent.

The Numismatic Company, Dept. 650, Fort Worth, Texas, who purchased this penny from Mr. Martin, says these are numerous bills and stamps in circulation for which they will gladly pay big cash premiums. So that you will know the value of old coins and stamps and what to watch for in your change, the Numismatic Company will send for only 4c to any reader of this paper who writes them, a large illustrated coin folder describing some of these wanted articles and the big profits to be made. Better write them today for this large folder so you can post yourself and know just to look for. Remember that Mr. Martin's knowing the value of his penny meant a difference of \$199.99 to him. Without knowing its value that penny might still be in circulation, passing through the hands of thousands until someone like Mr. Martin, who knows old coins, recognized its value. It pays to be posted. Send 4c now for illustrated coin folder. You have nothing to lose, everything to gain.

College Presidency Rumored for Fisher

Interest is being manifested in reports from Harrisburg that Governor Fisher is a possibility as president of Westminster College at New Wilmington.

As Governor Fisher is a member of the board of trustees of Westminster, a United Brethren and former president of Indiana Normal, the report is given some credence, although no confirmation has been secured. Dr. W. Charles Wallace, president of Westminster College, recently resigned.

To half pint of water add one ounce by rum, small box of Barbo Compound and one-fourth ounce of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Apply to the hair twice a week until the desired shade is obtained. It will gradually darken streaked, faded or gray hair and make it soft and glossy.
