DEMOCRATS HOPEFUL FOR VICTORY IN 1932

Result of Next Election Depends on Young Voters, Chairman Shouse Tells Young Democrats.

"The result of the next Presidential election will depend upon the young voters," J. J. Shouse, Chairman of the Executive Committee of the Democratic National Committee, told members of the State League of Young Democrats at Muskogee recently. He cited statistics to indicate that every two years between 1920 and 1925 approximately 1,500,000 new voters became eligible, increasing with the ratio of population. Mr. Shouse told of the tendency of the younger element of the electorate to take charge of affairs, and said: "This is as it should be and I am glad to see organizations such as the Young Democrats in all sections of the country; first to educate the new voters, and second, to enlist their interest in the duty that they owe to take an active part in the political affairs of the nation."

Chairman Shouse stressed the necessity of organization. Referring to the 1920 elections, he declared, "We could not have had the sweeping, nation-wide victory we achieved if there had not been fifteen months of careful preparation in the way of education and organization to precede it. He called upon the party to return to the fundamental principles upon which the party was founded and which had made it great.

The speaker reviewed the failures and mistakes of the Hoover Administration, and declared that that administration was incompetent to deal with the present economic crisis. He recalled Mr. Hoover's promise to abolish poverty and his assertion that the economic policies of the Republican party were the best guarantee of a job; his failure to issue a word of warning against the then impending stock market crash; his request to corporations to maintain their payrolls under which the personnel of the postal service was cut down and the general inability or refusal of the administration to meet the situation.

Chairman Shouse declared that he was in sympathy with Democratic Senate Leader Robinson in his position that food must be provided for human beings as well as work animals in the drought states.

DEMOCRATS PREPARE POLITICAL VICTORY MAP

A "Victory Map" with a compilation of figures showing that the Democratic Party will win the next Presidential election, if it holds the ground won in the 1920 election, will be submitted to the Democratic National Committee at its meeting now being held in Washington.

The map and figures show that the Democrats had a majority of more than 1,000,000 votes in 1920; that they carried twenty-three States which have an electoral vote of 234 as compared with 247 in the twenty-five States carried by the Republicans. If the Democrats can hold these States in 1932, they will have a majority of 27 in the electoral college.

The twenty-three States carried by the Democrats in 1920 were: Alabama, Arizona, Arkansas, Florida, Georgia, Illinois, Indiana, Kentucky, Louisiana, Maryland, Mississippi, Missouri, Montana, Nebraska, New Mexico, New York, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia and West Virginia.

1,000,000 Citizens Find Income Tax Tripled.

More than 1,000,000 citizens, approximately half of those who must pay income tax on March 15, will have to pay three times as much to the Government this year as in 1930.

The situation is brought about through the return of the 1928 income, tax rates after a 1 per cent. reduction for one year.

The rates on normal income which must be paid this year are 1 1/2 per cent. on the first \$4000 of net normal income, 3 per cent on the next \$4000 or normal income and 5 per cent on all above \$8000. Last year the tax payer having \$4000 or less normal income paid only 1/2 per cent., those having from \$4000 to \$8000 income paid 2 per cent., and above that on normal income the rate was 4 per cent.

GREGG TWP. VOCATIONAL.

Basket Ball Friday Night.—At Spring Mills on Friday night of this week the G. T. V. S. boys and girls teams will play the East Penns Valley High teams for the second time this year. The Gregg boys earlier in the season defeated the East Penns Valley team, while the local girls lost by a close score. Both games on Friday should be closely contested and interesting. The girls game will start at 7:30 P. M.

McClure High boys and girls will be played at Spring Mills March 13.

Boys Win at Bellefonte; Girls Lose.—The G. T. V. S. teams played at the Bellefonte Y. M. C. A. last Friday night and split two games with the Bellefonte teams. The boys won their second game of the season from the Hi-Y boys. The game was rough and close throughout the contest, and it was only after playing an extra period that the Gregg township boys were able to win. The girls dropped a close game to the Bellefonte girls whom they had previously defeated at Spring Mills. The Gregg girls got off to a very poor first half, but improved in the second half on outscoring the Bellefonte team by four points in the final period; however the first half lead of the home team was too great to overcome and they coasted in the winner.

Banjo Band Concert Enjoyed by All.—The Grange hall was nicely filled with people on last Saturday night when they were privileged to listen to a concert by the Boalsburg Banjo band. The program consisted of various musical numbers, readings, etc. It was all very interesting. The concert was sponsored by the Senior class who received 60 per cent of the receipts. They appreciated the support received from the citizens of the community. Total receipts for the evening amounted to \$26.20.

Senior Play, March 27 and 28—

Remember the dates for the senior play—Friday and Saturday nights, March 27 and 28, in Grange Hall; "Kidd

Colby," a three-act comedy. Senator Woodward introduced a bill in the State Senate to place all appointive State employees under Civil Service, instead of "political" service as is now the case. Down to the least of the State Highway employees the fact most important is, if a Democrat, "can you change your politics?"
