

CORRESPONDENTS' DEPARTMENT

BOALSBURG ITEMS.

Mrs. John S. Dale, of State College, visited among friends in town from Thursday until Tuesday.

Prof. and Mrs. E. H. Meyer, of Newark, N. J., and Mr. and Mrs. Richard Goheen, of Hollidaysburg, were week-end visitors in town.

Earl McGuire, of Derry, was the guest of Miss Rachel Hunter over Easter.

Mr. and Mrs. C. M. Dale, and Mr. and Mrs. Hugh L. Dale, of the Branch, were guests of Miss Anna M. Dale on Easter Sunday.

Mr. and Mrs. George L. Homan and daughters, Marjorie and Jean, attended a party in Tyrone on Saturday evening.

A number of ladies of this vicinity attended a meeting of the Council of Republican Women at Centre Hills Country Club on Thursday evening.

Mr. and Mrs. Lee Smetzer, of Heasant Gap, spent Sunday at the home of Mrs. Ella Ginterich.

Mr. and Mrs. Paul Coxe and baby,

of Indiana, visited at the E. W. Hess and Ishler-Coxey homes over the week end.

Wm. Sweet, of L. H. T. College, spent the Easter vacation at the home of his grandparents, Mr. and Mrs. Wm. Meyer.

Mrs. Warren Cupp and small son of Williamsport, are visiting at the home of Mr. and Mrs. E. M. Kuhn.

The banjo band filled an engagement at Mifflinburg on Saturday evening.

Mrs. E. E. Stuart has returned home after spending the winter months in Pittsburgh.

Robert Reitz of Tipton, was a visitor in town on Sunday.

FARM CALENDAR

TIMELY REMINDERS FROM PENNSYLVANIA STATE COLLEGE SCHOOL OF AGRICULTURE

Grow Vegetable Plants—
Sash greenhouses meet a real need for Pennsylvania vegetable growers who are not located in the intensive production areas. The type of sash

house which has met with the general approval is 10 by 18 feet in size and is heated by a coal or gas stove or by a small hot water system, according to State College specialists.

Light Litter Best—
Litter for the brooder house should be light in weight so that the droppings will be kept covered. In addition, this type of litter makes cleaning the brooder house an easier task.

Prevent Soil Pockets—
In planting trees and shrubs turn soil about the roots to prevent the formation of soil pockets. Watering liberally when planting assists in obtaining this result, too.

Grow Food Supply—
Vegetable varieties should be chosen which will give fresh food over as great an part of the growing season as possible. This may be accomplished by planting varieties which will mature at different times, and by making succeeding plantings.

Get Strong Chicks—
The source of baby chicks is important. Hatcheries that specialize in well-bred, strong, healthy, vigorous chicks may charge a little more for

their chicks but they will prove cheap or than poor ones.

Control Black Knot—
All limbs on plum and cherry trees showing signs of black knot swelling should be cut off at least six inches below the swelling as the first step in controlling the disease.

Feed the Flock—
Ewes and lambs need good feed and care. We should have plenty of good clean corn silage, and as soon as the lambs are old enough to eat grain they should get a grain mixture.

To Withhold List of People Who Take Drivers' Tests.

It has been the practice to publish each week the names of persons who successfully passed the learners' examination to operate a motor vehicle but according to information received a few days ago, the State highway patrolmen, who conduct these examinations, were issued orders not to release these names for publication. Although no exact reason was given, it is claimed that objection from applicants reached officials of the State Highway department.

Twenty-five thousand school children of Mifflin, Huntingdon, Centre, Snyder and Juniata counties will receive in the next few days free passes to the 1931 Mifflin County Fair for "children's day," September 1. The tickets are being mailed to all school children in these five central Pennsylvania counties for distribution to the children before the close of school.

Spring and Summer Hats.
Mrs. Burd has returned from the Eastern markets with a fine line of Spring and Summer Hats. Call and see them.—THE HAT SHOP, Mifflin, Pa. 31,014

To raise fine, juicy, and delicious vegetables, plant Burpee's Garden Seeds,—reliable and sure to grow.—Sold by H. P. Schaeffer's Hardware, Bellefonte, adv.

ANOTHER EXAMPLE OF FORD VALUE

Bright, enduring RUSTLESS STEEL is used for many exposed bright metal parts of the Ford

WHEN YOU BUY a Ford you buy enduring beauty. The body finish is made to last for the life of the car and practically all exposed bright metal parts except the bumpers are made of enduring Rustless Steel.

This Rustless Steel has great tensile strength. It is the same bright metal all the way through. A salt test equivalent to forty years' service under the severest weather conditions failed to have any effect on its brilliance. It never requires polishing. All you do is wipe it with a damp cloth, as you do your windshield.

This is just one of many features that show the substantial worth of the Ford. In speed, comfort, safety, economy and long life — in the richness of its finish and upholstery — it brings you everything you want or need in a motor car at an unusually low price.

Call or phone for demonstration.

THE FORD CONVERTIBLE CABRIOLET

LOW FORD PRICES \$430 to \$630

(F. o. b. Detroit, plus freight and delivery. Bumpers and spare tire extra at low cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.)
