## Millheim Manufacturing Company.

Application has been made for a charter for a company to be known as the Millheim Manufacturing Company. It is the charter name for what was first named the Penn Marble Co., a new concern that will manufacture novelties from marble chips, the parent company of which is located at Burnham. At a meeting of the stockholders held Friday night, officers elected were: Walter Fetterhoff, president; William Dull, vice-president; F. Bigler, general manager; Charles Hassinger, assistant manager; James L. Miller, secretary; L. J. Biddinger, treasurer.

As was noted in this paper last week, the Fetterhoff planing mill building is being remodeled to house the plant and within a few days production will be under way.

## Loveland Hatchery Burned.

Two hatcheries belonging to R. H. Loveland, of Lamar, Clinton county, were totally destroyed by fire about 9:30 o'clock Tuesday night of last week. They were valued at \$14,000 and the loss was partly covered by insurance. Six thousand eggs, which would have hatched this week, were also destroyed. The buildings were each 80x25 feet in size.

Mr. and Mrs. Loveland were not at home at the time, having gone to Lock Haven to spend the evening. Neighbors discovered the blaze and notified the fire department at Lock Haven but by the time of their arrival on the scene it was too late to save the hatcheries.

This is the second fire of the same character in that vicinity within a few days, the large building of Lester Long having been burned at Mill Hill on Sunday morning previous.

## THE CAR-LESS BOY.

Boys who do not own or have the use of an automobile are said to find it hard to keep their girl friends in many circles. These lofty young women consider that a boy without a car is a kind of negligible quantity. Usually the car belongs to his Dad, but that makes no difference, if he has no car, it is argued to be a sign of non-achievement, and he "gets the air."

And not merely is he supposed to control a car, but discrimination is exercised as to the character of the same. No old rattletap is considered acceptable.

As the result of which standard, the boy whose father is a spender and bought the car on borrowed money and hasn't a cent in the bank, is likely to be valued more highly than the boy with a thrifty father who is saving his money for his home, or for labor-saving equipment for his wife. Also, the boy who is inherently lazy, but whose father gives him everything, is valued more highly than the one who is full of ambition, but whose family do not feel they have reached the gas buggy stage as yet.

It is natural that the girls should want their share of good times. The boy friend who has no automobile may not be able to cart them around to all the high jinks. Yet they can have an awful lot of fun if they sometimes have to walk or take a bus.

## 12 NON-RESIDENTS TO ENTER C. H. H. S.

Potter township will have twelve representatives in the freshman class of the Centre Hall High school for the 1931-1932 school year. These were Potter township's contribution to the 272 non-resident pupils admitted to the various High schools in Centre county. The whole number to apply for admission were 350, the total number filling examination being 88 or 24 per cent.

The successful applicants for admission in the Centre Hall High school are named below:

- Sarah Burris, Geraldine Smith, Faye Harter, Paul Brown, Willa Blausler, Rush Hackett, Freda Burkholder, Ann Allen, Ralph Long, Bernadine Smith, Freda Horner, Dorothy Blazer.

## Passed Bad Check; Pinched.

R. G. Lytle, of Lancaster, was taken into custody by Constable Phillip C. Frank, of Potter township, and held before Justice of the Peace C. W. Slack, in Centre Hall, last Thursday, on a charge of issuing a check on a bank in which he had never had any funds. The check was cashed in Centre Hall, Lytle getting the money on the endorsement of a local citizen, who believed the man to be honorable. In default of bail, Lytle was committed to the county jail, but it is understood his wife came to his rescue with the necessary money to release him until the next session of Centre county court.

Lytle sold disinfectant to many school boards in this county, as well as in other counties.

## START TWO BUILDINGS SOON AT PENN STATE

Penn State will let contracts in the near future for two new buildings. The buildings are for home economics and for dairy husbandry. Each will be built of rose brick with white stone trim, conforming with other buildings erected on the campus recently.

The college started work on its part of the new buildings as soon as the plans were approved by the board of trustees, the plumbing and electrical work being handled entirely by the Penn State department of grounds and buildings. It is expected that all main pipe lines and conduits will be laid this month and this part of the work completed so that the builders can start work as soon as the contracts are let.

## Jamison's Court.

A patrolman brought Lynn Yoder and Robert J. Lytle, of Lancaster, before Squire Jamison's court at Spring Mills, on Monday afternoon, where they each drew a \$50.00 fine. Lytle was charged with giving his driver's license to Yoder, and Yoder represented himself to the patrolman as Lytle, but the representation was not convincing. Lytle was unable to pay the fine and was given until Saturday to produce the tenth of a grand.

Two other violators of the automobile laws were Bertha Bloom and Robert J. McGregory, both of whom were fined \$25.00. Miss Bloom was charged with driving without a license, and gave a fictitious name—Louise Wantz—and McGregory's offense was that of giving his car to one not having a driver's license. Both are residents of State College.

## Meeting of Motor Club.

The regular monthly meeting of the directors of the Centre County Motor Club will be held at the Markland Hotel, S. Spring street, Bellefonte, on Friday, June 5th, at 6:15 P. M.—P. A. Frost, secretary.

## 1st COMMENCEMENT AT PENN STATE ON MONDAY

The 71st annual June Commencement observance at the Pennsylvania State College starts Friday and ends with graduation exercises for a record class on Monday, June 8. The program opens with fraternity dances Friday night, and on Saturday the reunion classes of '31, '31, '36, '01, '05, '11, '16, '21 and '26 will have luncheon together to hear President Ralph D. Hetzel hold class dinners and an alumni dance in the evening. Following the baccalaureate exercises on Sunday the seniors will hold Class Day Monday morning, receive their degrees Monday afternoon and attend the Commencement ball that evening with faculty and visitors.

## 199 Out of 204.

Here is a fine record for raising baby leghorn chicks, and was made by Mrs. W. A. Henney. On April 14th Mrs. Henney purchased two hundred baby chicks from a local hatchery and on counting them found four extras had been added. On Friday a flock of five young birds were noticed in the Henney yards, and upon inquiry the information was given that the number was one hundred and ninety-nine or five less than the original number. There are not only that many of the birds living, but they are a thrifty flock and have made a wonderful gain in weight.

## GOVERNOR STAYS DOUBLE EXECUTION AT ROCKVIEW

### Chair Made Ready and Convicts Toss on Banks When Executive Order Comes to Warden—New Evidence Uncovered.

The death house at Rockview penitentiary in this county was being prepared for the execution of two Cambria county youths Monday morning, when Governor Pinchot telephoned to Warden Stanley Ashe that he had decided to stay the execution only a few hours away.

Frank Cantella and Carl Crow, condemned to death for a hi-jack slaying, were tossing on their banks when notified of the Governor's action.

Governor Pinchot, attending a governor's conference at French Lick, Ind., said he was advised by counsel for the doomed pair that new evidence had been uncovered. The stay is extended to the meeting of the Board of Pardons late this month.

Crow and Cantella were convicted of killing Louis Hoffman on his father's farm, nine miles from Johnstown, on July 14, 1928, when he refused to reveal the cache of a suspected supply of moonshine liquor.

At their trial the Commonwealth contended that the killing was the result of a feud between two rival bootlegging gangs. It was revealed that a bootleg gang had been operating a still on the Hoffman farm, but that the Hoffmans were not connected with its operation.

Following their sentence last October the two men, along with Joseph Parsl and Frank Powell, also convicted in the killing, appealed to the Supreme Court. The other two members of the gang, Powell and Parsl, are under sentence to be executed at Rockview penitentiary next Monday.

## Speech Correction Clinics for Residents of Centre County.

Two speech correction clinics for the residents of Centre county will be established this summer by the Division of Public Speech of the Pennsylvania State College and conducted by Herbert Koepf-Baker.

The service, which is to be free of charge, is designed to examine and treat such speech defects and disorders as stuttering, stammering, lispings, foreign accent, infantilism and voice disturbances. Both children and adults will be given personal treatment by Mr. Koepf-Baker, who was trained as a speech clinician at the University of Michigan and the University of Berlin, Germany.

The clinics will be held once a week for a period of eight weeks in both State College and Bellefonte. The first clinic in State College will be conducted in the High school building at 2:30 o'clock on June 12, and the first clinic for the residents of Bellefonte and its vicinity will be held in Bellefonte High school at 2:30 on June 13.

Mr. Koepf-Baker, before coming to Pennsylvania State College last September, was in charge of the corrective speech work in the public schools of Binghamton, N. Y., and previously to that had been advisory director of the Speech Improvement Program of Lansing, Michigan public schools.

Further information may be obtained by addressing J. H. Frizzell, head of the Division of Public Speech at the college.

Our beautiful State is just now at its best,—but the money is all in Hollywood. People go to the shows if they have to do without meals.

## CENTRE HALL WINS AT MILLHEIM

The Centre Hall baseball club is occupying the top seat in the Centre County baseball league. Last Thursday, at Millheim, they defeated the Coburn team by a score of 6 to 1 in an 8-inning twilight game. The Coburn team has in its line-up a number of former Millheim stars, one of whom—Cable—pitcher, failed to show much of his old-time form. Paul Martz, for the locals, pitched a fine game, allowing only six hits and striking out nine batters. A controversy arose in the 6th inning when Miller, for Millheim, was called out on a three-base walkoff for failing to have touched second base.

The Memorial Day game with Bellefonte was cancelled owing to rain at Hecla Park, the battle-ground.

The weather was ideal for a track meet and competition was keen in the various events. As usual the boys from East Penna Valley gave their competitors plenty of opposition. They were particularly good in the field events, but weak in the running events. Gregg Twp. also won their share of honors in the various events. They had only six boys entered but this was sufficient to place in the various events were as follows:

- Siegler, 1st in the 100 yard dash and 220-yard; 2nd in the shot put;
- Foust, 1st in mile and ½ mile;
- Duck, 1st in 440; 1st in high jump, and 2nd in the 220 yard dash;
- Rearick placed 3rd in the mile and ½ mile;
- Condo tied for 3rd place in the high jump.

This is the fourth time the boys from Gregg Twp. have won this meet during the last five years. The boys were also proud to win this meet as it gives them permanent possession of a large silver loving cup which they won twice before this year.

## SAILS ON HUNT FOR "LOST" SON.

### Lewistown Woman Believes Her Boy May Still Be Alive.

Mrs. Frank E. Childs, of Lewistown, sailed last week on the S. S. President Roosevelt from New York City as the guest of the United States Government. She is the first Mifflin county Gold Star mother to take one of the tours of the World War battlefields and cemeteries.

By special permission she is being accompanied by Mr. Childs. Mrs. Childs will not be able to visit the graves of her son, Lieut. Earle W. P. Childs, who was reported lost following the explosion of a British submarine on which he had been detailed for special duty during the summer of 1917.

However, Mrs. Childs will be on constant watch for her boy in the hospitals and other places where lost veterans might be found as she has never given up the hope that he might have been in some way saved and is alive but unable to communicate with his home or has suffered a loss of memory and is unable to identify himself. No bodies were recovered from the submarine on which her son was supposed to have been lost.

## MEMORIAL DAY EXERCISES HERE LARGELY ATTENDED

The Memorial Day exercises in the local cemetery were largely attended. The children and members of organizations in this were more in number than usual. The column was led by the Spring Mills band, and a lone veteran of the Civil War, W. H. Bartholomev, followed in one of the sections. Spanish-American veterans and World War veterans were also in line.

The services at the cemetery were conducted as usual. Rev. D. R. Koener, who is credited with having delivered one of the best addresses in recent years, was attentively listened to by the largest number of adults to gather on the occasion in a number of years.

## New Concrete Highway Bridge Completed in Centre County.

A new reinforced concrete highway bridge over the New York Central Railroad tracks on Traffic Route 53, Legislative Route 219, between Snow Shoe and Moshannon, Centre county, has been completed and will be opened to traffic this week, depending on reports of beam tests, Sam Lewis, Secretary of Highways, announced a few days ago.

This improvement, under way since October 9, 1930, replaces a dangerous overhead bridge, eliminates one grade crossing and a right-angle turn. The highway was relocated for approximately 4 of a mile and parallels the Pennsylvania Railroad tracks which were formerly crossed twice in this short distance.

The contract was awarded to David Bailey, of Morrisdale, on October 1st, 1930, at \$37,599.57.

Mr. Baum is the son of Mr. and Mrs. H. E. Baum, of Lemoyne. He holds the position of assistant postmaster in the Lemoyne post office.

The announcement of Miss Bingman's marriage was made at a bridge party the following Monday after the return of Mr. and Mrs. Baum. A week later Miss Miriam L. Moore and Miss Martha Blaser, two of the first grade teachers in Hershey, were hostesses at a surprise shower and bridge luncheon given for Miss Bingman at the Hershey Inn dining room. There were twenty-five of the teachers present. At this luncheon, Miss Bingman was presented with a beautiful electric banjo clock.

## TOWN AND COUNTY NEWS.

### HAPPENINGS OF LOCAL INTEREST FROM ALL PARTS

A good slogan for the dairy farm is: "Breed the best, feed the best, keep the best, and call the rest."

The Homan Motor company is using a new Masuly Derrick on its service car. It is also advertising all-time services for any make of car.

The local cemetery on Memorial Day presented a very neat and clean appearance. The one thing needed is a substantial road through it.

Willis A. Holley, remembered by many residents about here, is located in Camden, New Jersey, and is employed by a New Jersey.

D. H. Siegal, the veteran plasterer of Spring Mills, last week completed work in Centre Hall in the homes of Harry Harper and P. H. Laise.

The Snavely reunion will be held in the Pines, west of Millheim, June 13, and the Bartges reunion on the same day on the Sugar Valley camp grounds.

Alonzo P. Delahunt has been appointed commissioner of Liquid Fuel Taxes and will have charge of the gasoline tax collection bureau in the Department of Revenue.

The scattered telephone and electric light poles along the main street of our burg were painted during last week. The "white line" over the P. R. R. track and hill beyond were also renewed.

The Junior class of the C. H. H. S. at their festival on Saturday night cleared about \$100. Their net returns were very much reduced on account of the threatening rains during all of the evening.

Mr. and Mrs. Edward Durt and Mrs. Durt's parents, Mr. and Mrs. J. H. Ross, drove to Gettysburg on Memorial Day to view the battlefields, and hear Vice President Curtis speak.

Miss Evelyn Brooks daughter of Mr. and Mrs. Lee Brooks, east of town, Friday went to Boalsburg to be with her grandparents, Mr. and Mrs. Jacob Meyer, for a week. While in Boalsburg she attended the commencement exercises of the H. T. Vocational school.

Mr. and Mrs. John Foreman, accompanied by their two sons, of Cresson, attended Memorial services here. His visits here are none too frequent from the viewpoint of his many chums of school days. He is holding an important position with a large coal company with headquarters at Cresson.

The Grace Evangelical church, Lewistown, of which Rev. S. A. Snyder is pastor, was damaged recently when a bolt of lightning hit the belfry and loosened three stones, one of which fell twenty feet through the flat roof over the main edifice. The damage from water was also considerable.

Miss Lenora Faust, R. N. of Camden, N. J., came to her home at Pottery Mills, the latter part of last week on a short vacation. She was attracted here at this time on account of the C. H. H. S. commencement, having graduated from the local school before entering training for her profession.

Hugh Smith, who for about two months has been seriously ill with scarlet fever and erysipelas, came down town last Thursday for the first time since taking his bed. While quite emaciated, "Stork" nevertheless is on the mend and hopes to regain full strength with time. His friends are glad to note his improvement.

The Mountain Times, of Howard, which suspended publication more than a year ago, has been resurrected—bigger and better than ever. The Sheets family are responsible for the pick and energy required in the attempt to make a country newspaper a profitable venture. B. F. Sheets is editor and publisher; L. F. Sheets is advertising solicitor, while L. Paul Sheets is the feature editor. Success to you, Mountain Times.

C. A. Krape, the former Spring Mills merchant who was sentenced for arson two weeks ago, spent only one week as an inmate of the western penitentiary at Pittsburgh, having been brought back to Rockview, last Saturday, as one of a carload of prisoners transferred to that institution. At Rockview he has been made a "runner" to carry messages between the cell block and business offices to the merit building. He makes two trips a day, one in the morning and one in the afternoon, and being on his honor is not accompanied by or kept under surveillance of a guard. He is apparently cheerful and is making the best possible of his brief term of confinement.—Watchman.

Mr. and Mrs. A. Roy Martz, of Lewistown, on Friday drove to Tusseyville where they were guests of relatives and friends for a few days, and Friday evening Mr. Martz and little nephew, Mark Jordan, called on the Reporter. Mr. Martz has been employed continuously at the Viscose works, Lewistown, for eight years and finds the work quite agreeable. He and Mrs. Martz were accompanied to the valley by Mrs. George Meiss, mother of the latter, who is spending much of her time with Mrs. William Parsons at Blair Mills, Huntingdon county. In conversation, Mr. Martz spoke of having visited his grandmother, Mrs. Catharine Martz, in Altoona, and related that at eighty-three years of age she was able to do most of the house work of the family and moved about as easily as many much younger in years.
