

The Centre Reporter.

VOL. CV.

CENTRE HALL, PA., THURSDAY, JULY 16, 1931.

NO. 27.

RAYMOND FETZER, SUICIDE.

Raymond Fetzer, aged 39 years, a native of Centre county, was found dead about 8 o'clock Monday morning in the barn near his home by his brother, Leroy, a bullet from a hunting rifle, which he fired through his temple during the previous night. The cause of his death.

Mr. Fetzer and his brother, Leroy, resided on a farm at Holtz Hollow, which is located in the mountains about three miles from Milledale.

Funeral Directors Banquet.

A banquet was served recently at the Penn Belle Hotel at Bellefonte, to the following members and guests of the Central Penna. Funeral Directors' Association:

J. U. Spitzer, J. B. Spitzer, Montoursville; James Dyker, Mt. Carmel; Paul S. Gritner, Turbotville; W. K. Jackson, Philadelphia; Fred R. Dornis, Sunbury; Dale Rank, Milton; C. E. Barrow, Ringtown; H. N. Koch, State College; S. M. Campbell, Gilbert Neff, Millheim; Ray Baxter, Harrisburg; E. E. Widdowson, Bellefonte; C. M. Zellers, Montoursville; Wm. Berninger, Catwissa; C. M. Pringle, Port Matilda; Van Johnson, Snow Shoe; Warren E. Rote, Mrs. Warren E. Rote, Mrs. Geo. W. Rote, Danville; Fred Haas, Sunbury; Frank Wetzel, M. L. Wetzel, J. L. Wetzel, Milledale; Hubert Koch, State College; E. B. Flegal, State College; C. Larue Eves, Millville; Guy Johnson, Grass Flat; M. O. Artman, Grass Flat; F. V. Goodhart, Centre Hall.

W. K. Jackson, of Philadelphia, representing American Rolling Mills, gave an illustrated lecture on the manufacturing of armco pig iron and copper bearing steel which is used in making metal caskets and vaults.

Richelleu Theatre Attractions.

Wednesday night of this week you can see the Schmeling-Stribling official fight picture at the Richelleu, together with the first showing of "Confessions of a Co-ed."

Monday, Tuesday and Wednesday of next week, Alfred A. Farland, world's greatest banjoist, will appear on the Richelleu theatre stage in conjunction with the regular "movie" program. Farland first demonstrated his supremacy to an audience of 3500 at the Philadelphia Academy of Music in 1893, and it has never been questioned since.

He has made twelve transcontinental tours, one tour of England and dozens of shorter trips covering every State in the Union and the Canadian provinces over and over, appearing in such great auditoriums as St. James Hall, London; Masey Hall, Toronto; Orchestra Hall, Chicago; Trinity Auditorium, Los Angeles, etc.

The only banjoist who holds audiences for two hours without support or assistance of any kind.

NINE COUNTIES TO CO-OPERATE IN 4-H CLUB CAMP FOR FARM BOYS, JULY 22 TO 26

Treasurer Valley 4-H Club Camp in Millin county, will be the rallying ground for 4-H club boys from all parts of Central Pennsylvania. County Agent R. C. Blaney announced.

Nine counties including Centre, have been invited to send delegates to this camp which can accommodate fifty boys. Camp opens July 22nd, first meal at noon and closes July 26th after dinner at noon.

This camp is ideally located, good drainage, swimming in private pool, large athletic field and splendid facilities of all kinds are available. All boys will be housed in the camp.

All 4-H club members or former 4-H members between the ages of 10 and 20 are eligible to attend. The purpose of this camp is to give these boys a vacation in the form of camp life, to emphasize the 4-H club ideals and at the same time provide an educational program which will be of value to the farm boy in his club work.

All boys from Centre county interested in going should get in touch with County Agent R. C. Blaney at once.

BIRTHS.

A son was born to Robert and Celia (Malone) Zerby, at Farmers Mills, on Sunday evening.

A daughter was born Monday to George and Laura (Crockett) Vogt, in Centre Hall. She has been named Jane Crockett, and at time of birth weighed eight pounds.

RIMMEY-TATE.

Charles Henry Rimmey and Miss Verda Emma Tate, both of Pleasant Gap, were married on July 1st. Mr. Rimmey was a former resident of Potter township, and later of Centre Hall. Congratulations.

HOW HE DOES LOVE PHILADELPHIA!

Governor Pinchot refuses to allow Philadelphia to have one cent from the State for the maintenance of the Port of Philadelphia, although he has expressed deep interest in it, even calling it the Port of Pennsylvania.

Governor Pinchot refuses to allow the appropriation of \$1,600,000 for approaches to the Delaware River Bridge to stand, although, the bridge is a link in the State system of highways.

Governor Pinchot refuses to allow the State to take over approximately ninety miles of Philadelphia streets which are parts of the State's highways, although approving a similar arrangement for Pittsburgh.

Governor Pinchot refuses to allow the State to manage the Hospital for Mental Diseases at Byberry, thereby throwing that plant back on our hands. How Governor Pinchot does love Philadelphia!

LETTERS FROM SUBSCRIBERS.

Former Centre Hall People, Now Residing in California, Confess Longing for Old Keystone State.

Compton, Calif., July 4, 1931.
Editors Reporter:
Enclosed please find our check for \$1.50 for another year's subscription to our home paper, which we enjoy reading every week, telling us the news back in old Keystone State.

We sometimes have a longing for the old Keystone State, especially when we think of the trout fishing and game you have there. We can't fish for trout here, unless we go up in the high Sierras, which are 200 miles away, and that is too far to go very often. However, we have wonderful sea fishing here. We were out on a barge about three miles a month ago, and caught some finemackerel and Barracuda. They surely are good eating. We can also fish from the piers at Long Beach, Rodonda Beach and San Pedro.

We have the finest melons here I ever ate. Watermelons that weigh 30 to 40 lbs. sell for 25c, and cantaloupes, 7 for 25c. Truly, you never ate anything quite so good.

We had quite a war here on gasoline prices for several months. Gas was selling for 8 1/2 cents a gallon, but has gone up to 14 and 15 cents in the last few weeks. Prices have raised on a number of things in the last week or two, which probably means better times.

We expect to visit Yosemite National Park before Yosemite has any snow fall; that will be one glorious trip. Some of the trees in the park are 2000 years old. We have heard so much about it, so we must see it.

Must close for this time. Hoping everyone back in Pennsylvania is enjoying good health, we remain,
Sincerely,
THE FUNKS.

Bad Crop Report from No. Dakota.

Antler, N. D., July 8, 1931.
Editor Reporter:
Enclosed find money order for another year's subscription to the Centre Reporter. I don't like to do without the Reporter, for through it I keep in touch with the happenings in the East which otherwise I would lose track of.

I have no good news to write you this time, for this part of the Northwest has been very nearly dried up. There will be no harvest in this part of the country, no hay, and there is no pasture for stock. What the sandstorms have not destroyed has dried out. We had no rain to speak of for a year, so you may know how dry it is. Water is so very scarce everywhere around here. We had our first good shower on the 26th of June; then we had another rain on the 3rd and 4th of July, but it was too late to save the grain. It helped the gardens some, and if we get the needed rains from now on we will have some vegetables. No snow fell during the winter to put moisture in the ground.

When farmers fall in this part of the country, everything else falls, so business is at a standstill. Banks are also closing their doors. The Antler bank closed on the 26th of June. There is no doubt in my mind but that in a short time there will not be a bank open in Northwestern N. D.

What the farmers will do with their stock is more than I can say, for they have no feed of any kind; and what they will do to keep themselves alive is another problem. If the Government doesn't help out, starvation will be our lot before another harvest can be grown.

With best wishes, I remain,
Your friend,
MRS. MARY H. PRICE.

Buchanan, Michigan, June 29, '31.

Dear Reporter: I am enclosing another year's subscription to your valuable paper.

Mother Tough, whose maiden name was Young, born and reared near Tusseyville, now eighty-five years old, often speaks of the trip we had East last September, visiting friends and relatives. She also refers to the friendly visit of a representative of your paper while she was at the home of Mr. and Mrs. T. A. Hosterman, in Centre Hall.

Yours very truly,
J. C. REHM.

(Mr. Rehm, who is a son-in-law of Mrs. Young, is conducting a variety store in Buchanan, Berrien county, in which Buchanan is located, was largely settled by Pennsylvanians, and among them were a number from Penns Valley. Residents there, past or present, recalled by the writer, are the descendants of Mr. Reiber, who is related to the Reibers in Potter township; several other families of Stovers, descendants of Jacob Richards, and others from about here.—Ed.)

NEW PENN STATE CONTRACTS LET

Contracts for the erection of two new buildings at Pennsylvania State College were let to Henry E. Baton Inc. of Philadelphia. The same company built Old Main one of the new college buildings completed last fall. The new structures are a dairy and a home economics building.

Both will be of red brick with stone trim, conforming with the general architectural plan for the campus, as worked out by the college architect, Charles Z. Klauder, of Philadelphia. Funds for these buildings were contained in the emergency appropriation for unemployment relief sponsored by Governor Pinchot in the early part of the recent legislative session, \$940,000 being included for construction at Penn State.

GRANGE ENCAMPMENT AND FAIR.

1931 Gathering Promises Equal of Any Past Year.—Applications for Tents Cannot All Be Met.—Improvements on Park.

Depression, hard times or whatever the expressive term current these days, does not sit the spirit with which the people of Centre county are making plans for the coming Grange Fair, which will open on Grange Park, Saturday, August 22nd, with all its accustomed atmosphere of joyous enthusiasm.

With but few exceptions the campers of last year are again reserving tents and locations as usual, and judging from the large number of applicants listed and letters received almost daily, there is no lessening in the interest maintained in this distinctive feature of the Centre Hall fair. However, it was deemed wise by the management to continue the policy of safety and "pay as you go," which has placed this unique institution among the few fairs of the State fortunate enough to be on good financial footing this season. So but twelve new tents have been purchased which is entirely inadequate to supply the demand, a matter of great regret to all interested. It is hoped the disappointed applicants will be patient and by another year circumstances may warrant a larger increase in the supply of tents.

Arrangements are being made to furnish electric current for cooking and in order that the lines are in readiness at the opening of camp, it is urged those intending its use notify the secretary at once. A charge of \$1.50 will be made each tent in which it is used for that purpose. Tents will be lighted, for which there is no additional charge, and tent rents remain the same—\$7.00 for 12x12 ft. size and \$8.00 for the larger size, 14x14 ft., as in past years.

A noticeable improvement is being made in the horticultural building, long a shabby spot on the grounds. Weatherboarding and painting will change its appearance past recognizing. It is hoped the favorable season will make it possible to fill it with best quality products of the farm, garden, and orchards of Centre county. And that plans for that purpose were made months ago by those interested.

The shrubbery planted a year ago has made splendid growth and adds greatly to the beauty of the park. So much so that the expenditure has been more than justified.

BRUNGART FAMILY REUNION.

The eighth Brungart family reunion will be held at Hecla Park, Saturday, August 15th. It is the 17th year of the Brungarts in America. Entertainment begins at 10:30 A. M. J. W. Brungart is chairman. Prizes will be given for oldest and youngest persons present, largest family, prettiest woman, etc.

The executive committee comprises Jasper R. Brungart, president and generalist, Rebersburg; Vera Brungart, Washington, D. C. historian; W. Harrison Walker, Bellefonte, vice president; Dr. G. S. Frank, Millheim; John Wert, Centre Hall; oak Kremer, Loganton; Luther M. Brungart, and D. A. McKibben, Salona; Wallace Brungart, Glen Rock; A. Frank Hockman, Milledale, vice presidents; C. M. Bierly, Rebersburg, treasurer; Celia Brungart, Rebersburg, secretary.

Festival at Potters Mills.

The ladies of the Sprucetown M. E. church will hold a festival on the factory lawn at Potters Mills, on Saturday evening, July 25. The usual line of refreshments will be on sale. Proceeds for the benefit of the church.

The patronage of the public is respectfully solicited.

Sheffield Milk Prices.

The net cash price to be paid the members of the Sheffield Producers Co-operative Association, Inc., for the milk sold by them in the month of June, 1931, is \$1.43 per hundred pounds for 2 per cent, grade B milk in the 201 #10 milk zone, with the usual freight, grade and butterfat differentials. This is equivalent to \$1.63 per hundred lbs. for milk sold on a 3.5% butterfat basis. The production in June exceeded the production of any month in nine years, and was 7,312,870 pounds more than was produced in June, 1929.

Leasing for Oil and Gas.

The prediction of O. L. Williams, a noted oil and gas engineer and geologist that both oil and gas will be found in Centre county in the near future, will make those who hold stock in the Penns Valley Oil and Manufacturing Company look up their certificates. A pleasant thought connected with the project is that the company has cash in the Penns Valley Bank to the amount of \$600, plus interest for about twenty-five years. W. F. Bradford is treasurer of the company.

Speaking of the prospects of finding oil and gas beneath us, the Watchman has this to say:

So sure is Mr. Williams of the fulfillment of his prediction that already C. V. Hughes, financier of Philadelphia, with several assistants, has established headquarters in Bellefonte for the Centre County Development Co. This organization has no affiliation with any other group of oil operators. Its financial requirements have been underwritten by outside capital and it has no stock to sell. It is interested only in leasing and drilling.

Soon it will publish a map showing the geologically favorable territory for drilling in Centre county and then leasing under the usual nominal fee plus one-eighth royalty.

TWO DOCTORS WILL LOCATE IN VALLEY

Two new doctors have decided to locate in Penns Valley—one at Spring Mills and the other at Millheim, where they have already leased homes and will be ready for practice in a very short time.

Dr. George C. Thomas comes to Spring Mills from Sunbury. He is a graduate of Jefferson Medical College, and did professional service in the U. S. Navy prior to coming to Sunbury. He is about thirty-five and vigorous, with an abundance of recommendations. Dr. C. M. Thomas, also of Sunbury, is an older brother of the physician in question.

Dr. Harry Harshbarger has selected Millheim as his preference for opening an office, and expects to be there some time next week. He is now located in Thompston, Juniata county. He has had considerable experience in his profession.

Dr. Thomas will have a field to himself at Spring Mills, following the late Dr. H. S. Braucht, but at Millheim there are two resident physicians—Dr. G. S. Frank and Dr. T. G. McQueen.

Millheim Manufacturing Co.

The Millheim Manufacturing Company, organized the latter part of May with these officers: Walter Fetterolf, president; William Dull, vice-president; F. Bilger, general manager; Charles Hassinger, assistant manager; James L. Miller, secretary; L. J. Biddinger, treasurer, shut down work within the last ten days. The last checks for labor presented at the Millheim National Bank, were not honored.

About forty men were employed, each of whom paid into the treasury \$125.00 for one share of stock. The workmen received several weekly pay checks at the rate of seventy cents per hour which were cashed at the Millheim National, but the last checks presented were not paid.

Wild stories are afloat, one being that the general manager had disappeared; that so had also a large sum of money in the company's treasury, etc. etc. Upon inquiry none could be substantiated, but the plant, occupying the Fetterolf planing mill which was enlarged and a new office building, are closed.

George Whippo Lucky; Wins \$100.00.

George Whippo, brother of Mrs. Wilbur Biand, of town, who will be remembered by many as the pleasant-mannered young World War veteran who spent a summer vacation here a few years ago, came in for a great amount of publicity—picture an all-time ago. In the picture George is registering joy while giving a \$100.00 check in his favor the once over. The money came to him for his having been born under a lucky star, so some astrologer said. George is puzzled; so are we. Anyhow, George's horoscope made the best reading for that particular day, and he won a \$100 prize.

Good boy, George, we wish it had been a grand.

LOCAL DEALER PROUD TO SHOW NEW PLYMOUTH

"Floating Power," Free Wheeling and Absence of Vibration Combined in New Chrysler Product.

R. S. Hagan, local dealer in Dodge and Plymouth cars, is demonstrating the new Plymouth car, with its "floating power" and free wheeling, latest developments in the automotive industry. Prices remain practically the same as before and range from \$535 to \$615, which is well within the lowest price field.

Without question, the most important innovation embodied in the design of the new four-cylinder Plymouth is the revolutionary power plant mounting, which Plymouth engineers expressively term floating power. By this basically new departure the entire power plant is allowed to rock freely on its natural axis.

Engineers of Chrysler Motors and Plymouth Motor Corporation freely predict that floating power will prove to be the most distinct and noteworthy contribution to motor car design since the introduction of the self-starter. The four-wheel brake or the steel body.

It is stated that lengthy tests and demonstrations show conclusively that floating power has whipped completely the four-cylinder bugaboo of vibration.

Under the direction of Fred M. Zeder, vice president in charge of engineering of the Chrysler Corporation, floating-power has been developed and pioneered, eliminating the last vestige of engine vibration from body and frame by literally floating the complete power plant in the chassis.

The absorbing qualities of rubber in the development of which Chrysler engineers have led, plays an important part in this elimination of engine vibration. Through new applications of rubber, Plymouth engineers have developed floating power, involving the use of only two rubber engine mountings as compared with three or four ordinarily used.

The Plymouth free-wheeling unit was developed by Plymouth engineers and differs in design from other free-wheeling units now in use. Its operation is controlled by a button on the instrument panel and it may be locked out simply by pulling out this dash-control. When the control button is pushed in, the car is in free-wheeling; when it is pulled out, the car functions without free-wheeling.

With this improved free-wheeling unit, Plymouth enjoys the advantages of economy and driving ease contributed by free-wheeling without in any way complicating gear shifting.

STANDING OF THE CLUBS.

Club	Won	Lost	Pc.
Centre Hall	11	4	.733
Coburn	10	4	.714
Bellefonte	8	7	.533
Pleasant Gap	7	8	.466
Rebersburg	4	19	.286
Lamar	4	11	.267

Results, Tuesday, July 7.

Coburn, 8; Bellefonte, 1.
Centre Hall, 5; Lamar, 5.

Results, Thursday, July 9.

All games postponed (rain).

Results, Friday, July 10.

Centre Hall, 7; Pleasant Gap, 2.

Results, Saturday, July 11.

Centre Hall, 3; Bellefonte, 0.
Rebersburg, 4; Lamar, 3.
Coburn, 3; Pleasant Gap, 1.

Results, Monday, July 13.

Bellefonte, 8; Lamar, 5.

Bellefonte Goes Down, 3-0.

Bellefonte went down to defeat at the hands of the local club, Saturday afternoon, on the High school athletic field, by the shut-out route, 3-0. Paul Martz was invincible allowing the visitors only three hits. Brown, for Bellefonte, pitched a splendid game also, but a number of the eight hits collected off him came in sufficient bunches to score runs.

Centre Hall's defensive play is also worthy of comment. Playing air-tight ball all the way through, and not an error charged against them, Bellefonte had no chance from the start. Crawford, R. Martz, Jamison and Fetterolf kept the enemy off the base paths, not forgetting Stover, behind the bat, who also played his usual snappy, aggressive game.

The box score is shown herewith:

Player	R	H	O	A	E
P. Torsel, ss	0	0	2	2	2
D. Davis, lb	0	0	15	0	0
R. Martin, cf	0	1	3	0	0

Totals	3	8	27	11	0

Lamar Defeated, 9-1.

Tuesday evening's twilight game, which went the full 9-inning route, was won by Centre Hall, 9-1, Lamar missing a shutout by virtue of a home run. Lamar scored only three hits, while the locals hit the old apple with a vengeance.

The first half of the season came to a close with Tuesday's game, and finds Centre Hall sitting on top. Whether or not Coburn will share that position with the locals depends upon the decision of the league head as regards the game between Coburn and Rebersburg on Tuesday evening. Rebersburg refused to meet Coburn at Millheim, declaring the schedule called for play at Coburn. Report has it that the game was forfeited to Coburn, but no official action has been taken.

SCHEDULE OF GAMES IN CENTRE COUNTY B. B. LEAGUE

Thursday, July 16—Centre Hall at Pleasant Gap; Rebersburg at Coburn; Lamar at Bellefonte.

Saturday, July 18—Bellefonte at Rebersburg; Coburn at Centre Hall; Pleasant Gap at Lamar.

PENNS VALLEY BANK MAKES FIRST PAYMENTS

The Penns Valley Bank, closed since June 15th, made its first payments to depositors on Wednesday of last week. The payments were to about 150, a portion of the four hundred customers having on deposit \$50.00 or less when the institution closed. As these depositors are paid, their interests are entirely eliminated. The defunct bank is using the First National Bank here as a depository, and checks for payment of deposits are being drawn on it.

The stockholders promise to make further settlements within two months, and further that all claims will ultimately be paid in full.

Seventeen Pass Learners' Test.

Seventeen of the twenty-three applicants who appeared in Bellefonte for the learners' examination to operate a motor vehicle were successful. Six applicants failed either in answering the motor law questions or in the driving test.

Those who received their permits this week were: Daniel B. Thompson, Bellefonte; Lemoyne Lucas, Snow Shoe; Allen Quick, Moshannon; Sara Frantz, Portage; Clarence B. Sprankle, Tyrone; Lulu M. Rachau, Bellefonte; Edward M. Staff, State College; Arthur M. Clyde, State College; Joseph Prubert, State College; Bertha Sharer, Centre Hall; Clifford Davis, Bellefonte; Lillian Cox, Bellefonte; Clayton Shope, Bellefonte; D. N. Thorp, Spring Mills; William Roarick, Port Matilda; Alda M. Auman, State College; C. E. Underwood, State College.

TOWN AND COUNTY NEWS.

HAPPENINGS OF LOCAL INTEREST FROM ALL PARTS

Rev. and Mrs. Roy Corman, of Wilkesburg, arrived at the parental home of the latter on Monday and returned home Thursday afternoon.

Miss Sarah E. Benner, of Bellefonte, recently celebrated her 97th birthday. She is a granddaughter of General Philip Benner, of Rock Springs.

The total population of Pennsylvania on April 1, 1930, was 9,631,250, comprising 4,845,517 males and 4,785,733 females, or 101.2 males per 100 females.

Prof. L. O. Packer, for thirty years connected with the Pittsburgh district schools, is at his home here until the 1931-1932 school term opens in September.

Mrs. (Rev.) M. C. Drumm, of Middleburg, last week was a patient in the Lewistown hospital, having undergone an operation. She expected to return to her home this week.

Mrs. Ellen Heckman, widow of Jefferson Heckman, of Spring Mills, is now located in Arlington, Ohio, where she will remain until fall with her granddaughter, Mrs. Guy Corman.

Wendell Goodhart, of Johnstown, employed in the sheet and tube mills in that place, a son of William Goodhart, of Louisville, Kentucky, was a recent visitor at the F. V. Goodhart home, in town.

Mrs. Louisa Beaver, of Yeagertown, was accompanied by her son-in-law and daughter, Mr. and Mrs. O. P. Odenkirk, and her granddaughter, Mrs. Clarence Stull, of Lewistown, on a week's automobile trip to Toledo and other points in Ohio.

Miss Frances Jacobs, daughter of Mr. and Mrs. Guy W. Jacobs, accompanied Mr. and Mrs. V. A. Auman to Centre Hall on their return home last week. The young lady will be with her grandmother Mrs. Lizzie Jacobs, for a few weeks.

This (Thursday) afternoon and evening, Kermit Roosevelt, son of former President Roosevelt, will lecture to the summer session students at State College. His subject will be "Travel in Three Continents" and "The Chinese-Tibetan Borderlands."

Colonel G. Decker will continue handling the Chevrolet motor car, having signed a contract permitting him to do so. He is a well known dealer, with headquarters on the corner of High and Spring streets, Bellefonte, and has been a distributor of the Chevrolet for a number of years.

Two Millin county men were appointed to State positions by the governor. J. D. Mitchell, of Lewistown, was attached to the department of revenue as a bookkeeper at a salary of \$1800, and Charles E. Allison, a former owner of the Belleville Times, was assigned to the same department as an investigator at \$1850 a year.

Arthur H. Sloop, long supervising principal of the Bellefonte schools, is again back on the teaching staff of the Bellefonte Academy, which institution he served prior to becoming supervising principal of the schools named.

Karl H. Stock, who for ten years was principal of the High school, has been advanced to the position formerly held by Mr. Sloop.

Jared Mowery, formerly from Centre Hall, but now living in Youngstown, Ohio, was here among old friends and was also in lower Penns Valley, and in Sugar Valley, where he visited his brother, Ross Mowery. He was accompanied by Mr. and Mrs. Grover Beaver and three children. Mrs. Beaver is a daughter of Mrs. Amanda Bailey, at Spring Mills, where the Beavers spent most of their time.

Mr. and Mrs. Frank H. Buckwalter and baby, Rosalie Eleanor, ten months old, of Cincinnati, Ohio, spent one of their two weeks' vacation in Centre Hall at the L. O. Packer home. The little Miss, of course, was an attraction. From here they went to Philadelphia where the remainder of the vacation will be spent at the home of the former's parents. Mr. Buckwalter, a Penn State graduate, is employed by the Proctor-Gamble company, and was recently advanced to head plant chemist.

Recent visitors at the Bartholomew home were Mrs. Emily Alexander Vogt of San Diego, California, and Mr. and Mrs. Wm. W. Whit, of Franklin, Venango county; Rev. and Mrs. H. A. Pruyn and son Jack and daughter Elaine; Mrs. Lillian Romig Crow and four children, from near Liverpool, Perry county; Mrs. Nellie Pickersgill Cornwell, of Parkersburg, a Millsville school-mate of Miss Helen Bartholomew, who spent a part of the last week in June at the Bartholomew home. She also visited her son, who is professor at Dickinson Seminary, Williamsport.
