**Fertilize the Lawn—**

Top dressing lawns with superphosphate or bone meal at his time of the year is considered practical. The treatment should be applied immediately after a rain or it may be done in late afternoon, provided the lawn is well watered immediately afterward.

**Handle Fruit Carefully—**

To be inviting and to induce buyers to come back for more, apples must be handled with great care from the time they leave the trees until they reach the consumer.

**Show Typical Products—**

If you are preparing vegetable exhibits for the county fair remember that the largest specimen seldom wins. Points to be considered in selecting your exhibit are: general appearance, market conditions, uniformity, and trueness to type.

**Produce Good Blooms—**

Dahlias are the show flowers for this month. Water the plants freely and fertilize well to produce strong roots and perfect flowers, say Penn State floriculturists.

**Improve Egg Size—**

Egg size can be improved somewhat by growing pullets to full size before production starts. Proper feed and care will fit the pullets for maximum production during the winter months.

**Thresh Wheat Early—**

To protect the grain from the ravages of Angoumois grain moth wheat should be threshed early. It is best to thresh from the field, and in any case not later than September 1.

**State to Aid School Teachers Get Credits.**

The State Department of Public Instruction has set up a system by which Pennsylvania public school teachers who have completed two years of post high school preparation for teaching will be able to continue their studies until they obtain the four years of preparation that is considered desirable. Beginning next month, extension courses will be offered in various school districts by certain accredited colleges and all the State Teachers' Colleges. Such courses must be approved by the Department.

**Compulsory School Attendance Dates from Beginning of Term.**

At the last session of the Legislature the following part of Section 1414 of the School Laws of Pennsylvania was repealed:

"Provided further, That the board of school directors in any district of the fourth class may, at a meeting held at any time before the opening of the school term, reduce the period of compulsory attendance for pupils fourteen years of age or more to not less than seventy per centum of the school term as fixed in such district, in which case however, the board of school directors must, at the same time, fix the period for the compulsory attendance to begin."

This means that the compulsory attendance period dates from the beginning of school in all districts. Those pupils, fourteen years of age or over, who have completed the sixth grade may, however, receive an employment certificate as heretofore.

**Harris Township Candidates.**

The Democrats and Republicans of the east precinct of Harris township, held a joint caucus at the regular voting place and selected a township ticket to be voted for at the coming primary election. The names of the selected are as follows: Democratic—Judge of Election, S. E. Sharer; Inspector, Irene Ross; School Directors, Wm. Houser and Fern Dunkle; Supervisor, W. T. Noll; Constable, Robert McClellan; Overseer, N. B. Martz; constable, Robert B. Martz, and Auditor, Samuel Ross.

**COURT PROCLAMATION.**

WHEREAS the Honorable M. Ward Fleming, President Judge of the Court of Common Pleas of the 49th Judicial District, consisting of the County of Centre, having issued his precept, bearing date of 3rd day of August, 1931, to me directed, for holding a Court of Common Pleas Orphans' Court, Court of Quarter Sessions of the Peace, Oyer and Terminer and General Jail Delivery, in Bellefonte, for the County of Centre;

And the Grand Jury to convene on the eighth day of September, 1931, at 10 o'clock A. M. And the Traverse Jury called for the regular meeting of Quarter Sessions Court will convene on the second Monday of September, 1931, at 10 A. M., being September 14th, and the Traverse Jury for the Second Week of Court will appear the third Monday of September, 1931, at 10 o'clock A. M., being September 21st, 1931.

NOTICE is hereby given to the Coroner, Justices of the Peace, Aldermen and also such Constables, (that may have business in their respective districts, requiring to report to the Honorable Court) that they be then and there in their proper persons at the time specified above, with their records, inquisitions, examinations and their own remembrances, to do those things to their offices appertaining to be done, and those who are bound in recognizance to prosecute against the prisoners that are and shall be in Jail of Centre County, be then and there to prosecute against them as shall be just.

Given under my hand at Bellefonte, Pa. the 4th day of August in the year of our Lord, 1931, and the 154th year of the Independence of the United States of America.

H. E. DUNLAP, Sheriff. Sheriff's Office, Bellefonte.

**Consider how much your money  
buys in one of these popular models**

THE COACH ..... \$545

STANDARD 5-WINDOW COUPE .... \$545

SPORT ROADSTER ..... \$495

Look over the popular Chevrolet models illustrated here before you make a motor car investment. Study them from every viewpoint—style, performance, dependability and economy. You'll be convinced that your money buys more in a Chevrolet. You'll understand why, month after month, Chevrolet has been leading in sales.

Like all Chevrolet models, these cars are sixes. And you know, as well as engineers do, that multi-cylinder design is standard practice among practically all cars today. Nothing less than six cylinders gives the fine engine-balance that produces a really smooth flow of power and com-

pletely eliminates objectionable vibration at its source. Six-cylinder smoothness is built-in; quiet, economical smoothness. Drivers of sixes never want less!

In addition, these six-cylinder Chevrolets provide a long wheel-base, parallel-mounted springs, smart bodies and unexcelled economy. Owners write that Chevrolets definitely cost less to operate and maintain!

Yet with all these quality features, Chevrolets are offered at prices among the very lowest for which motor cars are sold. No wonder that the Chevrolet Six is called the Great American Value.

Twenty beautiful models, at prices ranging from . . . **\$475 to \$675**  
All prices f. o. b. Flint, Michigan, special equipment extra. Low delivered prices and easy C. M. A. C. terms.
