

CORRESPONDENTS' DEPARTMENT

SPRING MILLS

James Condo, after spending some time at the home of his son, J. Russell Condo, expects to go to Altoona this week to have his eyes treated by a specialist in that city.

A very pleasant time was spent at the home of James Houser last Thursday evening, this being Mr. Houser's 77th birthday. All the children and their families, one brother, and friends were present: Mr. and Mrs. Lloyd Houser and Miss Alice Foust, Mr. and Mrs. Clair Houser and children, Mr. and Mrs. E. M. Bartley and children, Howard Houser (the only surviving brother), Mrs. Amanda Bailey, Mrs. Clara Lloyd, David D. Hennick. After wishing Mr. Houser many returns of the day they all left for their respective homes. There was an abundant supply of refreshments served.

COLYER.

A hay ride in the laddered wagon, drawn by mules, with J. Stanley McClellan handling the ribbons, was a feature very much enjoyed by Storch and family, of Pottsville, also their relatives, who have been spending their vacation at the camp near Colyer. It all ended up in a chicken supper given at the McClellan Homestead, as a surprise to the ladies from their husbands.

22 Pass Tests to Drive.

The following persons successfully passed the learner's test to drive a motor vehicle, given at Bellefonte. Seven failed either in answering the motor law questions or the driving test.

Those who received permits were: Winifred Gross, Warriors Mark; Eugene Zerby, Centre Hall; Clair Baumgardner, Bellefonte; E. W. Neddish, State College; Nicola Lalli, Bellefonte; Mary Zubler, Spring Mills; Paul Bron, Milesburg; Ray W. Stover, Woodward; Mrs. E. R. Helliwell, Bellefonte; Virginia Kern, Bellefonte; Frank Schlow, Bellefonte; Catherine Meyer, Bellefonte; C. E. Miller, Fleming; Ruth Noll, Spring Mills; Eugene Wall, Curwensville; Nevin Shook, Spring Mills; Richard Markie, State College; Harriet Lewis, State College; Betty S. Clark, State College; Wilbur Shuey, Bellefonte; E. T. Miller, Bellefonte; Twila Lewis, Bellefonte.

Penn State's Football Schedule.

Following is the football schedule for Penn State for the 1931 season:

- September 26—Waynesburg at State College.
- October 3—Lebanon Valley at State College.
- October 10—Temple at Philadelphia.
- October 17—Dickinson at State College.
- October 24—Syracuse at Syracuse.
- October 31—Pittsburgh at State College.
- November 7—Colgate at State College.
- November 14—Lafayette at Easton.
- November 21—West Virginia at Morgantown.

The Pittsburgh game, transferred to State College after a lapse of almost thirty years, will be the homecoming attraction.

POSTAGE INCREASE TO FOREIGN COUNTRIES

Beginning September 1st, the rate of postage on letters for dispatch to Canada and Newfoundland (including Labrador) by the ordinary means will be three cents for each ounce or fraction thereof, and the rate on single post cards will be two cents.

Letters and post cards addressed to Great Britain and Northern Ireland will be five cents for the first ounce and three cents for each additional ounce or fraction thereof, and the rate on single post cards will be three cents.

FARM CALENDAR

TIMELY REMINDERS FROM PENNSYLVANIA STATE COLLEGE SCHOOL OF AGRICULTURE

Cultivate Asparagus—

The size of the asparagus crop next year will depend largely upon how well the tops grow this year. Frequent cultivation to control weeds and application of readily available nitrogen whenever necessary, will give a maximum growth of tops.

Clip Yellow Alfalfa—

If the second crop of alfalfa turns yellow, the field should be clipped as soon as they slow down is pronounced. A new growth will come on quickly in a healthy condition and make a later cutting.

Get Garden Seat—

An attractive inexpensive garden seat is inviting. It helps to complete the appearance of the garden and eliminates the "standing room only" situation which is so conspicuous in many gardens.

Cows Need Water—

Cows giving milk need plenty of water at all times and especially in hot weather, according to State College dairy specialists.

Grow Winter Barley—

Winter barley is a possible substitute for winter wheat as a grain crop in southern Pennsylvania counties east of the Alleghenies. It yields better and makes a more excellent feed for livestock than does wheat.

Move to Clean Ground—

Pullets on range will be benefited if the brooder house is moved occasionally to a clean area. Placing the hoppers on clean ground is another small chore which will help to prevent the spread of diseases and parasites.

COURT PROCLAMATION.

WHEREAS the Honorable M. Ward Fleming, President Judge of the Court of Common Pleas of the 49th Judicial District, consisting of the County of

Centre, having issued his precept bearing date of 2nd day of August, 1931, to me directed, for holding a Court of Common Pleas, Orphans' Court, Court of Quarter Sessions of the Peace, Oyer and Terminer and General Jail Delivery, in Bellefonte, for the County of Centre;

And the Grand Jury to convene on the eighth day of September, 1931, at 10 o'clock A. M. And the Traverse Jury called for the regular meeting of Quarter Sessions Court will convene on the second Monday of September, 1931, at 10 A. M., being September 14th, and the Traverse Jury for the Second Week of Court will appear the third Monday of September, 1931, at 10 o'clock A. M., being September 21st, 1931.

NOTICE is hereby given to the Coroner, Justices of the Peace, Aldermen and also such Constables, (that may have business in their respective districts) regarding to report to the Honorable Court that they be then and there in their proper persons at the time specified above, with their records, inquisitions, examinations and their own remembrances, to do those things to their offices appertaining to be done, and those who are bound in recognizance to prosecute against the prisoners that are and shall be in Jail of Centre County, be then and there to prosecute against them as shall be just.

Given under my hand at Bellefonte, Pa. the 4th day of August in the year of our Lord, 1931, and the 155th year of the Independence of the United States of America.

H. E. DUNLAP, Sheriff, Sheriff's Office, Bellefonte.

Learn what a difference six cylinders make

- in smoothness*
- quietness*
- flexibility*
- handling ease*
- riding comfort*
- dependability*
- economy*
- long life*

Step out of any other low-priced car, step into a Chevrolet, and learn what a difference six cylinders make.

When you start the engine, and let it idle—the car remains steady, as well as everything in it. When you drop into low gear, and let the engine take hold—the power flows evenly. There's no semblance of strain.

This smoothness stays with you whatever you do. Accelerate—throttle down—go fifteen or fifty. Consistently, you get the same fine, smooth response. For six-cylinder smoothness is built in the motor—and objectionable vibration never gets a chance to start!

Yet smoothness is only part of your six-cylinder experience. There's greater quietness, because noisy vibration is gone,

and with it a big source of squeaks and rattles. There's greater comfort, especially at low and high speeds. A six doesn't tire the driver or the passengers. There's greater flexibility, because the power-impulses of a six overlap. And response is more positive; performance more elastic. A six is much easier to handle!

And if you raise the hood and watch the engine running—you'll know what a difference six cylinders make to your pocketbook. Without vibration to cause friction and wear, the whole car must last longer, require less repair. Thousands of owners have found that this engine uses less gas and oil than any other.

Twenty beautiful models, \$475 to \$675 at prices ranging from

All prices f. o. b. Flint, Mich., special equipment extra. Low delivered prices and easy G. M. A. C. terms.

You owe it to yourself to see and drive a Chevrolet Six now. Learn what a difference six cylinders make.
