JUDGE DREW SHOWS GREED FOR OFFICE
Superior Court Judge James B. Drew is showing an unusual greed for office. He is now holding office under appointment by Governor Pinchot, having been elevated from the Superior Court bench, following the death of Sylvester Sandler, to the Supreme Court.

This vacancy will be filled for the full twenty-one year term by election in November and of course Judge Drew has filed as a candidate for nomination in the Republican as well as the Democratic Primaries.

This is the first time it has ever occurred that a candidate for a State-wide office has sought not only to secure nomination by his own Party, but to tie up the nomination of the opposing party as well and if he is successful in securing both nominations it will establish a bad precedent for good government in Pennsylvania. Especially is this true when consideration is given to the fact that the constitution of Pennsylvania endeavors to provide as far as possible for minority representation on the Supreme Court in these words, "whenever two judges of the Supreme Court are to be chosen for the same term of office each voter shall vote for one only." At present there is no minority representation on the Supreme Court, all of the judges being Republican.

It seems that the least Judge Drew could have done would have been to recognize this spirit and intention of the constitution of Pennsylvania and have confined his efforts to securing a nomination through the Republican Primaries, of which party he has always been a member.

Charles F. Uhl of Somerset county is the only Democrat running for judge of the Supreme Court in the Democratic Primaries. He has had thirty-five years of active court practice in his local courts, the Supreme and Superior courts of this State and in the several Federal courts and is very well qualified for the office to which he aspires and should have the support of every Democratic voter at the primaries.

COMPLETION OF STATE HIGHWAY IN COUNTY
Approximately one-half of Traffic Route 350, connecting Port Matilda with Philipsburg has been completed with a bituminous surface from Port Matilda west, Sam Lewis, Secretary of Highways, announced a few days ago.

The detour serving traffic between these points will not be removed since the balance of the route, connecting with Philipsburg, 6.16 miles in length in Rush Township, has been placed under contract.

The section just completed is 5.59 miles in length, placed under contract on May 19, this year, to M. Bennett & Sons of Indiana, Pa., at \$144,245.05. Federal Aid funds apply on this job.

The completion of the double project this fall will provide a hard surfaced route from the southwestern part of the county to Bellefonte, as well as adding a shorter through-route to State College, eliminating several miles of travel between Clearfield and State College by the present improved roads.

Judging from the exceedingly large acorns brought from the State forests by Forest Ranger Richard Brooks, there ought to be an abundance of food for nut-eating game. A freak growth on a young pine tree also exhibited. It consists of a knotty growth, round as a ball, and four or five times the diameter of the stem below and above it.

The regular monthly meeting of the Board of Directors of the Centre County Motor Club will be held at the Penn Belle Hotel, Bellefonte, on Friday, September 4, at 6:15 P. M.—P. A. Frost, secretary.
