

LOCAL AND PERSONAL

Miss Jennie Bartholomew, of town, for a week was a guest of Mrs. Corbin, in Lewistown.

Edgar Clark is driving a near-new Chevrolet sedan purchased in Lock Haven.

Mrs. Ruth Thomas and son, William, of Johnstown, came in to spend the Thanksgiving season at the Thomas home near Potters Mills.

The chicken and waffle supper served by the "Sparklers," a class of girls in the M. E. Sunday school, brought in gross receipts to the amount of \$50.00.

Miss Estella Hosterman, clerk in the local post office, last week went to Philadelphia, where she has since been a guest of Miss Virna Krader, formerly of Coburn.

C. C. Bartges, of Spring Mills, made a brief stop here on Tuesday on his way to Bellefonte to attend a meeting of the township road supervisors and township auditors.

Mr. and Mrs. C. W. Slack and Mr. and Mrs. Fred Slack, on Sunday, drove to Hartleton where they were guests of Mr. and Mrs. Alfred Catherman, the latter being a sister of the elder Mr. Slack.

Mrs. G. O. Benner, of town, joined several friends at Tyrone and together they went to Wilkensburg where they will be Thanksgiving Day and weekend guests of Mr. and Mrs. Chester Cronister.

Milan Jamison, teaching school near Mifflinburg, is one of several persons in and about Mifflinburg who has contracted scarlet fever. The young man is a brother of Roy Jamison, one of the local high school faculty.

Frank Smith, a State highway employe on a local force, was unable to go to work Tuesday morning on account of illness. Mr. Smith, on a previous occasion, was obliged to give up work for a considerable length of time.

Daniel Smith Daup, who was taken to the Centre County hospital last week for the second time, suffering from an abscess on the jaw, is improving to such an extent that it is thought he may be brought home today (Thursday.)

The highway through the borough is being repaired by laying long strips of oiled chips along the edges where the road bed is broken away. This is a great improvement over the former method of applying the chips in much smaller sections.

Miss Mary Coble will be at the home of Mr. and Mrs. Lanson Burris, in town, for the winter. For two years she had been a student nurse in the Bryn Wawr hospital, near Philadelphia, and expects to finish her training as soon as she recovers from a physical breakdown.

Mrs. Lola Person returned to Centre Hall on Monday after having been away since the beginning of September, during which time she was in Easton, New York, Hartford, Conn., and other points. She will remain here until her mother, Mrs. Margaret Strohm, closes her home for the winter when she will again go to New York.

Miss Helen Odenkirk, a student in Williamsport Commercial College, is home for Thanksgiving vacation, having come here Wednesday to remain until Monday. Miss Phyllis Wagner, daughter of Mr. and Mrs. J. A. Wagner, of Spring Mills, who became a student at the same institution a few weeks ago, will accompany Miss Odenkirk on her return here.

Miss Nellie Smith, superintendent of the Ohio Valley General Hospital, in Steubenville, Ohio, and Miss June Evans, superintendent of nurses in the same institution, drove to Centre county on Friday and returned Monday morning. They were guests of Miss Smith's parents, Mr. and Mrs. J. Frank Smith, Bellefonte, and her uncle and aunt Mr. and Mrs. T. A. Hosterman, in Centre Hall.

Lewis Brooks, the young son of Mr. and Mrs. Guy Brooks, last week, was again taken to the Jackson hospital, Philadelphia, where he is being treated for a stricture of the esophagus due to having drunk lye a year or so ago. After the child had been treated, Mr. and Mrs. Brooks and their grandfather, Wm. S. Brooks, went on to Newark, N. J., where they became guests of Mr. and Mrs. A. S. Fleck, the latter a daughter of the senior Mr. Brooks. While visiting an air field where one of Mr. Brooks' grandsons is employed, the senior Mr. Brooks, Guy Brooks and wife, and the grandson, Martin Fleck, went into the air for a quarter-hour ride, returning to earth delighted with the experience. The party left here on Monday morning of last week and returned Thursday. Lewis, however, was left at the hospital where he can receive regularly the frequent treatment necessary.

PINCHOT'S PLAN SHELVED; RURAL LEGISLATORS REBEL

\$14,250,000 Will Be Voted from Funds of State Treasury—\$15,000,000 by One-Cent Gas Tax—Money to Go to Counties.

An entirely new unemployment relief plan has been agreed upon by a powerful group of leaders in both houses of the Legislature.

It virtually rejects Governor Pinchot's program.

Appropriations aggregating \$14,250,000 will be made for various phases of relief work. This money will go directly to the counties.

A one-cent gasoline tax will be approved for 15 months. This will raise approximately \$15,000,000. The gasoline tax will be returned to the counties where the money was collected.

The State Relief Commission planned by the Governor has been scrapped.

So has the \$35,000,000 bond issue.

All the money appropriated by the special session must be taken from cash already in the State Treasury. If a deficit exists in 1933 the Legislature will take care of that, but his significant statement is made:

"A small deficiency at the end of the fiscal period in June, 1933, may be helpful to retrenchment of expenditures during this and the next fiscal period."

In other words, the Legislature will set itself firmly against any new taxes, save the 1-cent gasoline tax, and will place the whole burden of saving money upon the shoulders of the Governor.

"I cannot comment on the plan," said Governor Pinchot, "because I have not yet seen it. My plan remains unchanged."

This brief statement from the Governor was taken to mean that he had not given up hope of carrying out his 19-point \$120,000,000 relief program. It is said he will issue a statement tomorrow.

The counter-Pinchot program originated in the House, which has apparently refused to support the Governor. It also has the approval of the State Republican organization and the Philadelphia Republican organization.

PINCHOT LOSES GRIP ON STATE LEGISLATURE

Defeat of Large Part of Pinchot Program Predicted by Organization Republicans.

Organization Republican legislators predict that only a portion of Governor Pinchot's 19-point \$120,000,000 unemployment relief program will be enacted by the legislature.

They say organization Republican leaders in the legislature have been sounding out sentiment since the introduction of the governor's program and believe the house, which was overwhelmingly in accord with the administration last spring in the regular session, will defeat some of the governor's measures.

Because of their faith in the anti-administration sentiment in both houses they believe that there will be no legislation enacted which will increase the present tax burden of the people. They say that there may be a gasoline tax of one cent for one year or two cents for one year, but insist that the governor's measure calling for two cents for two years in addition to the present three cents tax will not be passed. They also predict the defeat of the governor's proposals for a tax of two cents on a package of 20 cigarettes and a tax on billboards of three cents per square foot.

Asserting that passage of the governor's measures providing for an issue of prosperity bonds would mean a future increase in taxes to liquidate the bonds, when and if approved, the organization leaders also predicted defeat of these measures.

They also predicted defeat of the bills permitting local authorities to increase their tax levies for relief purposes.

The measures they believe would be approved by the legislature are those creating a commission to serve with like commissions in other States for the purpose of rehabilitating the bituminous coal industry, providing for postponement of tax sales by local authorities for periods of one year at a time during periods of depression and the appropriation measure covering the cost of the extra session of the legislature.

The organization Republicans indicated they stood with President Hoover on the contention that the unemployment situation is temporary and a local community matter. As local communities are now conducting campaigns to raise money for relief purposes in their own localities they say there is little need for direct State aid as provided for in the governor's program.

On the other hand there was the action this week of the State Federation

of Labor which announced on about face in its attitude toward the governor's program. The federation said it was instituting a State-wide movement in an effort to arouse sentiment in favor of the governor's program and would still push, though not vigorously, its own program of a State-income tax to provide funds for State relief.

Remarkable

A pension examiner in Washington was one day examining witnesses.

To one strapping son of Erin he put the question:

"Timothy McGowan, do you swear that you know the applicant, Dennis O'Brien, who has made application for an increase of pension?"

"You may well say that I do," rejoined Timothy. "Me an' him were both shot in the same leg at Antietam."

Positive Proof of FORD ECONOMY

City of Detroit purchases 137 new Ford cars
Hundreds now in use prove low cost of operation

THESE 137 new Ford cars represent one of the largest deliveries ever made to a municipality at one time.

21 radio-equipped Ford scout cars were traded in on this purchase. They had been operated day and night for two years in heavy traffic and all kinds of weather.

Their individual records ranged from 78,434 miles to 143,723 miles with a grand total of 2,283,097 miles. The operating cost of the 21 cars was 2.284 cents a mile—less than 2 1/3 cents. This cost included all fuel, oil, tires, repairs and every other item except depreciation and insurance.

Of 577 Ford cars in Detroit City service, the 300 in the Police Department traveled a total of 6,591,937 miles during the past fiscal year, at an average cost of 2.9 cents a mile.

Many claims have been made on operating costs, but here in the carefully kept motor car records of the City of Detroit is positive proof of Ford economy.

In the paragraphs above, it is seen that 21 Ford scout cars averaged less than 2 1/3 cents a mile and 300 Ford cars in all branches of Detroit police work averaged 2.9 cents a mile!

Day and night, twenty-four hours a day, these Ford cars are in operation. Few branches of transportation demand such grueling service. The records show that low fuel and oil consumption is but one of the Ford's many economies. Ford materials, simplicity of design and accuracy in manufacturing provide unusual strength, stamina and freedom from replacements and repairs.

The individual car buyer as well as the purchasing department of a city or a business cannot afford to ignore the proved economy of the Ford car.

FIFTEEN DIFFERENT BODY TYPES
\$430 to \$640

(F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at low cost. Economical time payments through the Authorized Ford Finance Plans of the Universal Credit Co.)

Fine Fruit Candies

IS there anyone anywhere who doesn't prick up his ears at the words homemade candies, especially when they are made from pure sweet fruit? Children love them, because they are so good, mothers approve of them because they are wholesome. As for fathers—they like them because it is the best candy they've tasted since the old maple sugar days down on the farm.

Peach Jelly Cubes: Press an eight-ounce can of peaches through a sieve, making a purée. Add one-half cup pectin syrup (made according to directions on bottle), one-half cup sugar, one-half cup corn syrup, and one tablespoon lemon juice. Boil until thermometer registers 222 degrees. Pour into greased pans so that mixture is about one-half inch thick, and let cool. Let stand over night in a cold place. Cut in cubes and roll in powdered sugar. May also be dipped in chocolate or in melted fondant.

This is Divine

Pineapple Divinity: Cook one-half cup shredded pineapple and three tablespoons sugar to a thick jam, 225 degrees. Mix two cups sugar, one-half cup water, and one-eighth teaspoon cream of tartar, and boil to 260 degrees. Just before this temperature is attained, add the pineapple jam, continuing the boiling to the 260-degree point. Beat one egg-white stiff, then add hot syrup very slowly, stirring constantly, and beating till stiff and will hold its shape. Add one-fourth cup chopped maraschino cherries, and pour into buttered pans.

BULL RUN—This Only Goes to Show Just How Far a Poor Boob Will Go In Order to Make a Limber-Necked Fool of Himself!

WELL—WHY? HAVE YOU BEEN STUPID?
