

Lewistown Standard Building & Loan Ass'n

Whose interests are centered at 33 1/2 West Market Street in Lewistown is one of the most progressive yet reliable institutions, whose admirable policies and superior service to the public is evidenced by the fact that their business has been more active than ever before.

It is one of the institutions which has added to as great an extent as any other in the rebuilding of the social and home life of the community.

It is an institution in which the people have every confidence, not only because the laws of the state and nation makes it a safe association to do business with, but also because its affairs have always been in the hands of men of experience in the commercial and financial world; men who

know the people and the men whom the people know.

The object for which the company was organized is to furnish a safe, profitable place for the investment of its members, and to use these investments to aid other members who build and own their own homes.

Many people have idle money or money which they think should be earning a higher rate of interest. Perhaps they are uncertain as to what to do with it. If you are considering the worth of an investment, just ask yourself these questions: Is it safe? Will it get good, steady return? Is it speculative? Is it tax exempt?

Their saving department is an added feature, safe and remunerative, as they pay a higher per cent than most savings institutions.

The plans of this company offer you an investment that will meet every requirement of the most exacting investor.

The wise policies of its management are evidenced by the fact that it has large assets. The safety of its methods is further evidenced by the fact that it loans exclusively on first mortgages.

We take pleasure in this edition of pointing to Lewistown Standard Building & Loan Ass'n as one of the institutions that has been known as a strong, safe, reliable and at the same time progressive financial institutions of this section, and as one of the vital factors in the continued development not only of the city in which it makes its home, but in the entire community.

LAUREL RUN INN

In Laurel Run State Park, Milroy, phone Reedsville 15-R-5, is visited by many people of this section. One of the places where real American cooking may be had in this part of the state. The management is catering to a clientele of refinement and good taste. Evening parties and special groups will find this a pleasing place to fulfill the pleasures of the day. It is a common expression to hear "Lunch with me at the Laurel Run Inn."

It is attractively furnished and tastily decorated which makes it a most cheerful place, and here amidst comfortable surroundings one of the most courteous services is afforded the public. Whether at noon luncheon, dinner or afternoon tea you will find all the satisfaction of good service and high quality of food that

will please the most jaded appetite. Good food is a watchword with this concern and the management is so careful in supplying high quality that it is the kind of a place to which you can go and be sure of a good meal.

The manager personally sees that the people of this part of the country are not only given the choicest of foods but the best of service is always given regardless of the size of the order. They have provided the very latest of equipment in the kitchens and everything is in the very best of condition and appetizing when served to the guests. They are careful buyers and only employ the best of cooks while the attendants are courteous and accommodating and render the public a service that is unexcelled.

LATEST POSSIBILITIES

Records in all lines are short lived. A young woman swims the English channel. Before a year has passed some four or five others perform the feat. Babe Ruth shows that home runs can be piled up during a season in a way that was once thought impossible. Now home runs are not so uncommon as they once were.

One community records an achievement of note. At once others take up the task and before long the notable achievement becomes commonplace because it is duplicated throughout

the country.

Individually and collectively we have great possibilities. Many of us can achieve what appears impossible as soon as we learn that it has been done.

No mechanical appliance is one hundred per cent efficient.

Ruskin Bill was in court charged with exceeding the auto speed limit. "What's the matter with you," asked the judge. "Didn't you read the signs along the road?"

"Sure," replied Bill. "They read 'Fine for Speeding.'"

They are prepared for proper handling of the goods and the display of the stock to the advantage of their patrons. All their hardware and supplies are of the latest patterns and include the most recent inventions and improvements.

The stock is composed of hardware supplies known throughout the world as the best on the market. Men who

are in charge are courteous and accommodating and will be pleased to demonstrate to any who desire to drop into this favorite trading place and keep up on the highest grade of hardware and supplies.

Nails, screws, bolts, locks, knives, tools, cutlery, shelf hardware—but what is the use of trying to list their stocks? This is a store of the first class and carries all one would expect of such a store.

In making this review of the on-ward progress of this section of the country we wish to compliment this store and management upon the admirable manner in which the business of this valued institution is operated; upon the progressive and public spirited policies, we wish to refer the Bellefonte Hardware Co. to all of our readers as one of the distinctive features of the commercial efficiency of this part of the state and as headquarters for many people.

DR. O. C. COLE

OSTEOPATHIC PHYSICIAN

With offices at 12 East Third Street in Lewistown, phone Lewistown 2627, is a graduate of the founder's school at Kirksville Mo. He is a post graduate under the founder and has been assistant instructor in the post graduate school. Dr. Cole has also taken post graduate courses in such centers as Philadelphia, Cleveland, London and Paris.

Dr. O. C. Cole is a prominent osteopathic physician in this section. Many people in this community who have consulted him professionally are high in his praise.

The science of osteopathy is an advanced scientific method for the prevention and cure of disease.

The human body has been endowed by nature with all the remedial agents, such as the blood and nerve force, that are necessary for the preservation of health, and recovery from disease providing these agents are in perfect mechanical adjustment. Any obstruction to a normal flow of blood causes a disease. Remove such obstruction, health naturally follows.

Osteopathy searches for and locates the structural abnormality and by mechanical readjustment restores harmonious activity to the mechanism. This leaves the curative powers free to act, which are sufficient to restore and rebuild health. Osteopa-

thy, strictly speaking, is anatomical corrective work yet it employs such other agents as dieting, nursing, sanitation, etc. It also recognizes that surgical interference is at times necessary and in well-selected cases is employed.

This is, indeed, an age of specialists in the profession. Dr. O. C. Cole has an adequate training to practice this profession most successfully. He readily adopts all the advanced methods as rapidly as is authentically approved by the eminent men of the profession and then he places this scientific knowledge at the service of suffering humanity. Many people from this community go to his office daily for treatment. Consultation is free, and courtesy marks the service.

The next time you are down town drop into his office. He will cheerfully explain the great developments made through this branch of science. Let him take an analysis of your particular case. Learn for yourself, then pass the word on to some suffering brother.

We take great pleasure in this review in referring all the readers to Dr. O. C. Cole as one of the representative professional men of this section and his trustworthy and untiring efforts which have placed his services in demand.

The growing tendency of our people to build more substantial buildings, ones that will last throughout the years, has come with the more settled condition of the country and the desire to build a place that will be a family estate throughout the years. At first our ancestors had to construct homes out of what they could get, but with the growth of wealth and industry people are building for all time. This tendency assures the future of such professions as this one.

This reliable firm has had much experience in the industry and features high grade building blocks for factories, homes, garages, and out buildings.

They offer the trade the best of service in the way of rapid delivery in this section. All anyone has to do is to call them over the phone and the goods will be on the way and arrive promptly. There is no delay.

While their products are on sale in the yards over this part of the state, yet this is but a small part of the business. Here at home the products are very popular and endorsed by discriminating people. This, however, is only a small part of the business as they ship to all parts of the country where their products find a large and ready sale.

The managers of this company have been earnest workers in the interests of the community in which this enterprise is located.

In this review, embracing as it does the most salient features of our on-ward progress, we wish to compliment this firm upon the economic position their activities merit.

A demon taxi-driver whirled us into Fifth avenue out of Twenty-third street the other noon, just beating a red light, grazing a traffic sign, grazing a safety zone, grazing a bus. A cop halted him. Deliberately he took a big handkerchief from his pocket. "Listen, cowboy," he said, "on your way back I'll drop this, an' see if you can pick it up wif' yer teeth." With this he motioned him on.
