Mrs. Wm. A. Neese is still on the sick list; she shows very little improvement.

Clair Houser was to Dr. Sanford's hospital last week to have his case diagnosed, and upon the first examination the trouble was not located.

J. D. Heckman intends to move into the Bright Turner house within the near future.

Last Saturday evening Willis E. Wion, District Deputy Grand Patriarch with the assistance of Messrs. J. M. Hartwick, R. D. Tate, E. F. Young, all of Bellefonte, and Cyrus Hoy, of Hubersburg, installed the officers of Penns Valley Encampment, No. 270, I. O. O. F.

Friday evening a farewell party was held at the home of Mrs. Olive Walker. The evening was enjoyed very much by a large number of friends that were present. Mrs. Walker intends to move to State College within the near future.

BELLEVILLE'S 33D COMMUNITY SALE, SATURDAY, MAR. 26

The next Belleville Community Sale will be held on Saturday, March 26, starting at nine o'clock and continuing throughout the day until all consignments have been disposed of on the auctioneer's block.

This will be the 33rd Community Sale and all indications point to this one being the largest sale in the history of the Sales.

The sale committee, E. J. Peschey, chairman, is leaving nothing undone to make this a Red Letter day for Belleville. Many consignments are being listed now and by sales date the committee will have approximately 100 head of livestock, in addition to farm implements, household goods, etc. to offer the buying public.

Plan to spend Saturday, March 26, in Belleville.

FARM CALENDAR.

Timely Reminders from Pennsylvania State College School of Agriculture

Prune Grapes Now—

The cane of medium vigor usually is most productive and the fourth to ninth buds generally are most fruitful. Thirty to sixty buds, depending on the vigor of the plant, are enough for the vine in the vineyard, but the number may be doubled for very large and vigorous plants grown on a trellis around the homestead. Leave a few canes with 8 to 10 buds instead of a larger number of spurs.

Feed Just Enough Grain—

Dairy cows should be fed grain in proportion to production. Too much or too little grain increases milk production costs. When milk prices are low, more careful attention should be given to feeding.

Provide Clean Litter—

Clean cut straw, hay and shavings are satisfactory materials for litter for chicks. Dusty chaff should be avoided, say Penn State poultry specialists.

Plan Garden on Paper—

A well-thought-out plan will help to make every foot of your garden work all the time during the growing season. A continuous supply of green and salad crops may be had by arranging several small plantings. Asparagus and rhubarb should be planted along one side of the garden. Save labor by planting long rows for horse or wheel hoe cultivation.

Cut Poor Trees for Fuel—

Wood is being used extensively for fuel this year. Farmers are cutting more of this fuel wood from crooked, bushy and defective trees. Their woodlands show improvement from the removal of these weed trees.

Let Nature Help Pigs—

Nature's tonics for young pigs are

exercise, sunshine, plenty of succulent feed, good water, and clean surroundings.

Extortion Charge Jails Officials.

Ralph E. Knox, Blair county parole officer, and Elwood Frayne, a clerk, both of Altoona, are under sentence of 18 months to three years in jail on embezzlement and extortion charges. The men pleaded guilty. Knox must make restitution of \$1000, and Frayne \$2200. Shortages were found in the county books.

WRITES FROM NO. DAKOTA.

Taylor, N. D., March 14, 1932.

Smith & Bailey: I just read of the snow storm you had in Pennsylvania, but you surely had a mild winter up to this storm. We had a nice winter up to March, but since it has been colder; however, we have the coal and gas to keep warm. A one-million cubic feet plant is located fifteen miles west of us. Lignite coal gas is piped here.

It was very dry up here last summer, but we are not as bad off as some other people who didn't get a thing. Everything the farmer has to sell is cheap: Hogs, \$3.00 a hundred, live; eggs, 10c a dozen, in trade.

Farmers are ready with their seed to put in a big crop this spring. I wonder what people in Penns Valley would say if two men would put in nine hundred acres in crops and own no horse. That is what is done up here.

Yours truly, W. L. ROYER.

Engine Trouble

STALLED! A dozen Smerry faces grinned from the school bus to add to Tom Kirk's consternation. The engine certainly was broken down.

Visions of frantic parents leaped in Tom's mind. "A pretty mess!" he muttered.

"Shin up the telephone pole and call for help!" suggested one of his gleeful charges. "We'll be here all night!"

Tom seized upon the idea. "You kids sit tight," he warned them, and set off for the nearest telephone.

In a few minutes, the news was spread and help was on the way. Then, one by one, the parents were called and reassured that the stranded bus load was safe. Once more the telephone had saved the day!
