

LOCAL AND PERSONAL

J. F. Wetzel spent the week-end with his nephew, Rev. D. J. Wetzel, and family, at Reading.

C. E. Bradford and son Jack, of town, and son-in-law, C. A. Bauer, of Huntingdon, on Tuesday drove to Pittsburgh on business.

Mr. and Mrs. N. P. Grayson and the former's sister, Miss Grayson, all of Shippensburg, were guests at the Lutheran parsonage for a few days last week.

Mrs. S. F. Keister and daughter, Miss Rachael Keister, of Youngstown, Ohio, are guests of Mr. and Mrs. J. M. Coldron, in town. Mrs. Keister is a sister-in-law of Mrs. Coldron.

The limestone chips and oil used to the front of this office were mixed with a new concrete mixer purchased by J. S. Booser. He, assisted by Blaine Liestter and John Schaeffer, put the oiled chips down.

O. E. Bailey, of Lancaster, a Pittsburgh Plate Glass Company salesman, is enjoying part of a two weeks' vacation in Centre Hall, the guest of his sister and brother-in-law Mr. and Mrs. W. W. Kerlin.

Miss Delcey Morris, of Spring Mills, one of a group of friends, sailed on the S. S. Mauretania on Saturday for a Caribbean Sea cruise. The trip will include the Dutch West Indies, Central America, the Panama Canal, and parts of South America.

Authorities from Laurelton State Village were here the latter part of last week looking for an inmate, Dorothy Desan, a former Williamsport girl, who had apparently walked away from the Village on Friday. She was dressed in a farmerette suit. The girl evidently has not been in this section.

The local lodge of I. O. O. F. held their annual basket picnic at Woodward cave on Saturday, the attendance to which was very fair. There was no set program, the picnic dinner being the chief incident of the day, and following this came visiting among neighbors until time to return home.

Miss Tillie P. Keller is now located at State College where she will spend the remainder of the summer. On Tuesday she was in Centre Hall, visiting friends.

Mrs. Andrew G. Lieb wishes in this way to express her sincere thanks and appreciation to friends and neighbors for all kindness shown during her recent bereavement.

C. H. Eungard, secretary of the Gregg township school board, was a caller at this office to have an advertisement inserted in the Reporter for bids for transporting school children.

Mrs. Rebecca Romig, widow of Rev. Romig, of Liverpool, is a guest at the Bartholomew home since Sunday. She was brought here by her daughter, Mrs. Ralph Shoemaker, accompanied by her children.

The front between the built up road and the outer walk line at the business place and residence of P. V. Goodhart at the First National bank were improved by being graded and an application of road oil and lime stone chips being made.

Mr. and Mrs. Norb Schaeffer, of Indianapolis, Indiana, were over-night guests of Mr. and Mrs. W. W. Kerlin. Mr. Schaeffer is manager of the Anderson box factory, one product of which is the Pullman baby chick box used by the Kerlin hatchery in shipping chicks.

Harry W. Dinges is picking a crop of gooseberries, a quart of which he very kindly sent to this office. The berries are unusually large in size and of fine flavor. A small twig from one of the bushes, heavily laden with large berries, is on exhibit in the Reporter window.

Lee Brooks, of near Spring Mills, was a pleasant caller at this office Saturday evening. He is tenant on the Luther Royer farm. One of his customs not generally practiced is to thrash his grain from wagons instead of first mowing it. He thinks it a saving, but that it would be impractical for all farmers to handle the wheat crop in that way.

Jesse Long, of the Centre Hall hotel, was in Lock Haven over Sunday.

Mrs. Maggie Kuhn, of Boalsburg, was a guest of her nephew, J. H. Knarr, and family, beginning of this week.

Mrs. Jacob Meyer, of Boalsburg, was at the home of her daughter, Mrs. H. Lee Brooks, and family, near Spring Mills, during the greater part of last week.

Miss Agnes Delaney has returned home after having had a pleasant week's visit with her cousin, Sara Fisher, of Jacksonville. Miss Fisher is now a guest of the Delaney family.

William Sanders, 80 years old, serving his fourth term of tax collector in Millifinburg, took his life by hanging. He is survived by a wife and one daughter. General worries, it is said, was the cause for the rash act.

Clyde Dutrow is making an improvement to his home, a pretentious brown stone structure, by the erection of a retaining wall at the lawn walk-line. The walk was also relaid, the heavy stones having been lifted with a chain hoist attached to a tripod.

George Michael, on Sunday, was a guest of Mr. and Mrs. Jacob Sharer. A short time ago he was called to Niles, Michigan, by the death of a brother. He had returned home from a visit to him only a few weeks prior to receiving the notice of his death, and returned for the burial. The last trip was made by auto. Mr. Michael is living at Woodward.

Mrs. Keemer Runkle and baby daughter, of Middleburg, spent last week with Miss Laura Runkle at the Centre Hall hotel, and on Sunday Mr. Runkle came up to take his family home with him. Other guests of Miss Runkle, on Sunday, were Thomas Sankey, Jr., and Mrs. Sankey, from Milwaukee, Wisconsin, and the former's brother, Guy Sankey, wife and son of Osceola Mills. The Sankeys from Wisconsin are expected back in Centre Hall today and from here will go to Philadelphia and other eastern points.

Mr. and Mrs. C. M. Daniels, of Mansfield Depot, Conn., returned to their home after a visit to Mrs. Daniels' brothers and sister, the latter Miss Salie McClenahan. Mr. Daniels is employed in a State institution in Connecticut.

The Live Wire S. S. class of the Lutheran church at Boalsburg is planning a festival to be held on the school grounds at Boalsburg on Thursday evening, July 28. There will be a concert by the Lemont band. Proceeds will be for improvement work at the Lutheran church.

Mr. and Mrs. Thomas Delaney, of Old Fort, accompanied by the former's aunt, Mrs. Catharine Welsh, of Buffalo, N. Y., spent a very delightful Sunday afternoon motoring through the hills and valleys, later going into Jacksonville where a delicious dinner was served at the home of Mr. and Mrs. Luther Fisher.

Miss Emeline Brungart, of town, a Penn State graduate, is a student in the Summer School at Penn State, and adds one more to the six students mentioned in these columns last week. Miss Brungart is an instructor in economics in the East Penns Valley High school at Millheim, and is pursuing further her studies along that line.

Mr. and Mrs. S. E. Goss, of Reading, were called to Linden Hall because of the serious illness of the latter's sister, Mrs. J. H. Ross. Mr. Goss is a native of Ferguson township and before going to Reading was in the insurance business in Bellefonte, having sold his business to Gray & Son. At Reading Mr. Goss is connected with the American Casualty Company.

Mr. and Mrs. Charles Hartman, of Harrisburg, came to Centre Hall by auto on Monday and for the day were guests of Mr. and Mrs. T. A. Hosterman. They brought with them Miss Dorothy Kerlin, sister of Mrs. Hartman, who will be a guest at the Hosterman home for a few weeks. Mrs. Hartman and Miss Kerlin are daughters of Mr. and Mrs. Lloyd Kerlin, of Harrisburg.

E. B. Thompson has been a guest of friends in Centre Hall and Millheim during the past week. He is a native of Millroy, but has been located in Pittsburgh for a number of years where he was employed by the P. R. R. and is now on the retired list. The past winter was spent on the Pacific Coast, Texas and Florida. He has selected St. Petersburg as a winter residence, having been in that southern city for most of the last winter. While in Texas he was with a nephew, Lewis B. Morgan, who went there from Pittsburgh during last fall and is holding a good position with an oil company.

FARM CALENDAR.

Timely Reminders from Pennsylvania State College School of Agriculture

- Improve Dairy Herd—** Low-producing cows, poor feeding practices, and disease are the relentless profit destroyers in dairy herds. A program of elimination of handicaps and improvement in practices often changes a herd from profit eaters to profit makers.
- Take Honey Away—** Surplus honey, especially comb honey, should be removed from the bees as soon as the sections are entirely sealed. If section honey is left in the hive very long after it is properly sealed, the bees will add considerable propolis to both the wax and the section and thereby lower the grade.
- Prevent Weed Growth—** Peat moss or buckwheat hulls may be used in the rose garden to assist in controlling weed growth and in retaining the moisture in and about the roots of the plants.
- Save Young Pines—** Insect pests attack trees as well as farm crops. Watch the tops of small white pines. If the needles begin to wilt on last year's growth, doubtless the white pine weevil is present. Control measures should be practiced. Your county agent will gladly furnish this information.

Plant Late Beans— A planting of bush snap beans now is likely to yield better than those planted early. It also will furnish a supply when the crop probably will be scarce.

Feed Swine Well— Keeping the pigs on full feed will help to fit them for the early fall market when prices run higher than in later months. The shorter feeding period also saves grain which would be eaten to maintain body weight in the longer period.

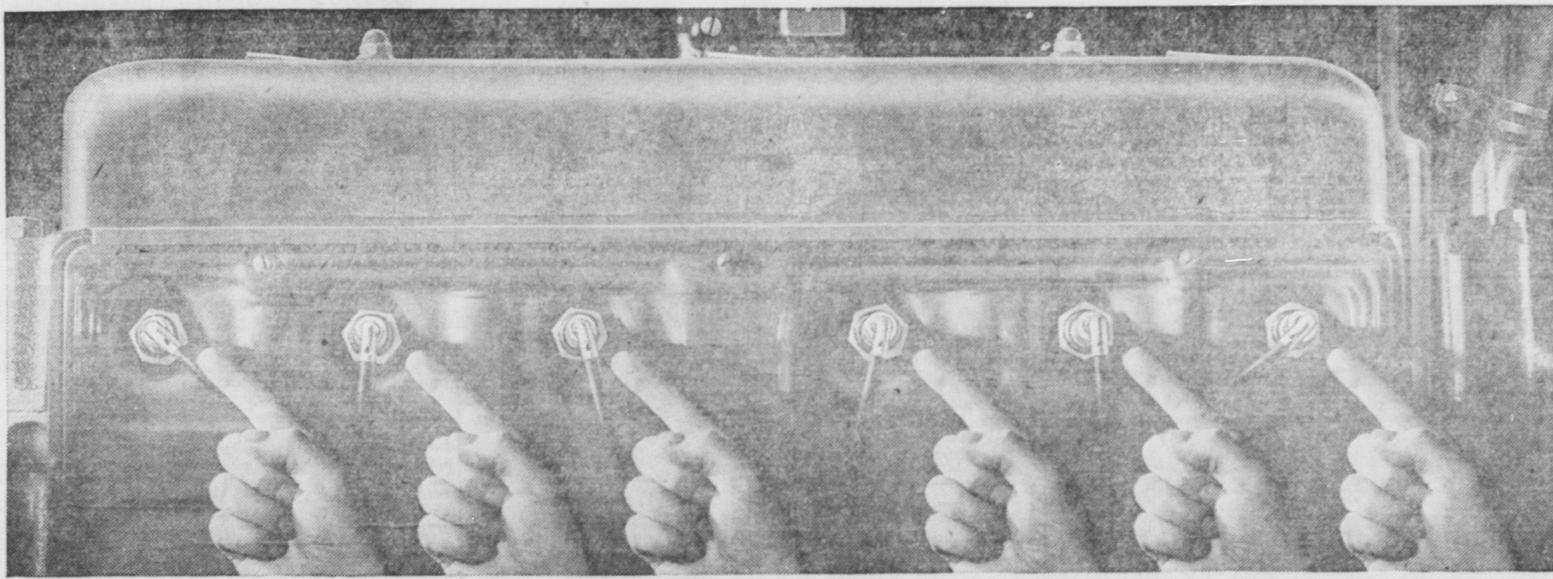

Give Hens a Chance— Fewer mistakes will be made in culling hens when the flock has been properly fed and the hens given every chance to lay as many eggs as they can.

When contemplating having **Public Sale** call the undersigned, and reverse charges.

# America is counting cylinders and AMERICA PREFERS THE SIX

Since January 1st, buyers have chosen more Chevrolet Sixes than the combined total of all fours and all eights priced below \$1000

**CHEVROLET**

**SIX CYLINDERS**

NO MORE — NO LESS

For **GREATEST ECONOMY** and **BUILT-IN SMOOTHNESS**

With more than six cylinders you sacrifice economy—With less than six cylinders you sacrifice smoothness.

When buying a low-priced car, do as America is doing: *Count cylinders!* And you'll say, as America is saying: "SIX! No more. No less!" America is saying that in the most convincing way it could possibly be said! *With SALES!* Since January 1st, the public has purchased more Chevrolets than the combined total of all four-cylinder cars and all eights priced under \$1000.

Why? America counted cylinders and came to this conclusion: six is the *ideal number for a car of lowest price!* No more, because an engine with extra cylinders is bound to cost more for gas, oil and upkeep. No less, because six is the

smallest number of cylinders you can have in a car and avoid the undesirable effects of inherent vibration.

A six, as Chevrolet builds it, is the *happy medium between two extremes.* It gives unexcelled economy. No other motor car engine in America today costs so little for gas, oil and upkeep. It gives *built-in smoothness.* From 6 miles an hour to 65 or 70, Chevrolet is quietly, comfortably, enjoyably *smooth.* And because of this smoothness—plus the fact that the whole car is so solidly, ruggedly built—Chevrolet is a low-priced automobile that really *stands up.* It's a good, reliable, economical car the day you buy

it . . . and it *keeps on being good, reliable, economical* after 5,000—10,000—15,000 miles of driving.

In addition, Chevrolet is a modern car, with Free Wheeling, Syncro-Mesh gear-shifting, Fisher bodies—and many other advanced features. Be *cylinder-wise!* Follow America's lead and make your next low-priced car a six—a *Chevrolet Six!* Unless you do, you can't expect the smoothness, economy, and *lasting* satisfaction to which your money rightfully entitles you.

All prices f. o. b. Flint, Mich. Special equipment extra. Low delivered prices and easy G. M. A. C. terms.
