

### DEMOCRATIC CANDIDATE FOR GENERAL ASSEMBLY

ROBERT J. MILLER.

Mr. Miller was born in Philipsburg, and educated in the Philipsburg public schools. He graduated from the Philipsburg High school in the class of 1913. He attended the Philadelphia College of Pharmacy where he was graduated with a degree of Doctor of Pharmacy. During the World War he served his country in France and Germany. On his return from the army Mr. Miller opened a drug store on Allen street in State College and commands at the present time one of the largest trades in Centre county.

During his stay in State College Mr. Miller has served as president of Kiwanis club and is at present member of the State College borough council.

Mr. Miller is the father of two children who are at present attending the State College borough school. Mrs. Miller was formerly Miss Gladys Sheriff, also a graduate of Philipsburg High school.

The Democratic candidate is especially interested in restoring to citizens their right to govern, which right has been taken from them gradually during the past twenty-five years, leaving local officials, whether county, borough or township, nothing save the privilege of signing on the dotted line. If elected he will strive to give back to taxpayers the privilege of conducting the affairs of the minor political divisions, so that the burden of taxation may be reduced wherever possible without sacrificing efficiency.

His opponent, the Hon. John L. Holmes, enthroned himself through the false idea of having secured legislative benefits for Centre county that would not have been denied by any State administration. His real accomplishments have been nil while his record throughout the sessions he served will show he always voted with his party, regardless of the desires of his constituents.

He has supported Pinchot by his vote in the House with but one exception, although his expressions at home are anti-Pinchot. He is a candidate for the fifth term, but is feeling himself slipping. No good reason can be given to perpetuate him in office. Vote for Robert J. Miller.

### VALUE OF FARM LABOR PRODUCTS CUT IN HALF

Franklin D. Roosevelt in his address in Sioux City, Iowa, referring to the value of farm labor products being greatly reduced, said:

I cannot avoid a word concerning what this plight of agriculture means to you all. It means that product of your labor brings half of what it brought before the war. It means that no matter how hard you work, and how long and how carefully you save, and how much efficiency you apply to your business, you face a steadily diminishing return. As a farm leader said to me you have been caught in a deep pit helpless in the grip of forces beyond your control.

It has meant, my friends, that in spite of the maxims that we have learned when we were in school and we ought to work and save, and be prudent and temperate—in spite of all of the rest of the homely virtues, the return on these virtues has belied the hopes and the promises on which we were raised.

That is one of the tragic consequences of this depression. The things we were taught have not come true. We were taught to save, and in many parts of this country the savings of prudent people have been dissipated by carelessness and conscienceless financial manipulation.

We were taught to work and we have been denied the opportunity to work. We were taught to increase the products of our labor and we have found that while the products have increased, the return has decreased. We were taught to bring forth the fruits of the earth, and we have found that the fruits of the earth have found no market.

The results of our labor has been lost in the smash of an economic system unable to fulfill its purposes.

Five county and local fairs are being held in Pennsylvania this week—Lancaster county, at Millersville; Lycoming county, at Hughesville; McKean county at Port Allegany; Washington county, at Burgetstown; York county, at York.

### ROOSEVELT TREND IN KEYSTONE STATE HAS THE G. O. P. WORRIED

#### Jobless Vote and Pinchot Aid May Bring Democratic Victory.

Robert E. Vale, the well known correspondent to the Philadelphia Record, concludes that it is possible for the Democrats to carry Pennsylvania for Roosevelt. The able political writer puts it this way:

Franklin D. Roosevelt can carry Pennsylvania. There are two powerful forces that may accomplish it.

First, the more than 1,264,000 persons who are jobless.

Second, Governor Gifford Pinchot. If both of these influences unite in common effort, President Hoover will lose this rock-ribbed Republican State and with it a second term in the White House.

This is not a prediction that Roosevelt will win Pennsylvania. By all the laws of averages, by all the rules of political history, the chances are against it. But it is a possibility and every Republican leader knows it.

The Pinchot side is political. He supplied the power, in part, that swung Pennsylvania to the Bull Moose column in the Taft-Wilson campaign. At that time the Republican party was split and it went down to defeat.

This year the State organization is not divided along such lines. Nobody knows what Pinchot will do, but all the State leaders believe he sooner or later will declare for Roosevelt.

Both Roosevelt and Pinchot belong to the same Progressive school when it comes to handling the utility question. They are far apart on other questions. It is inconceivable to think of Pinchot helping to re-elect Hoover.

So, the unemployed plus Pinchot could supply almost the identical strength of the Bull Moose movement, and by delivering the votes to a Democratic candidate instead of a third party man could make things uncomfortable for Hoover.

Here are the counties which are claimed by the Democrats or in which Roosevelt has an excellent chance: Adams, Berks, Blair, Cambria, Cameron, Carbon, Centre, Clarion, Clearfield, Columbia, Crawford, Cumberland, Elk, Erie, Fayette, Fulton, Greene, Huntingdon, Jefferson, Juniata, Lawrence, Lebanon, Lehigh, Luzerne, McKean, Mercer, Mifflin, Monroe, Montour, Northampton, Northumberland, Pike, Schuylkill, Sullivan, Venango, Warren, Wayne, Westmoreland, Wyoming and York. Total, 40.

The counties considered safely Republican are: Allegheny, Armstrong, Beaver, Bedford, Bradford, Bucks, Butler, Chester, Clinton, Dauphin, Delaware, Forest, Franklin, Indiana, Lackawanna, Lancaster, Lycoming, Montgomery, Perry, Philadelphia, Potter, Snyder, Somerset, Susquehanna, Tioga, Union, and Washington. Total, 27.

Few persons believe that the vote on November 8 will be heavy. It is apt to fall 800,000 under the total of 1928. And that is one of the blows Republican State leaders fear.

The importance of Hon. J. L. Holmes as a member of the lower branch of the State Legislature is very much overdrawn. Most of the things he is credited with doing for Centre county would have been accomplished—Holmes or no Holmes in the State Legislature. It is only recently he was credited with having a rural mail route from Centre Hall extended a half mile westward from Linden Hall. Could any one imagine that this extension of mail service was made because of his influence? The post office at Linden Hall was closed, leaving that patrons on this proposed extension (effective October 15th), without mail facilities, and it was a matter of substituting some service for that taken away from them by the U. S. Post Office Department that the rural route from Centre Hall was extended, and nothing else. Had the closing of the Linden Hall post office been popular with the patrons, we may suppose Mr. Holmes would have taken the credit for that favor, but since it was not he does not make the claim. On a parallel with this "accomplishment" are all or nearly all of the great things he did as a representative from Centre county.

### HOME-COMING SERVICE AT EGG HILL EV. CHURCH

The public is invited to attend the Home-coming Service to be held in the Egg Hill Evangelical church on Sunday afternoon at 2:30.

Rev. S. A. Snyder, a former pastor, will deliver the address.

### MIFFLINBURG FREE OF DEBT; CASH FOR BONDS IN TREASURY

After November 1st, the thriving borough of Mifflinburg will be entirely free of debt. The treasury at this time holds the \$12,000 to meet the payment of road bonds due at that time. What a happy condition.

The council at its last meeting extended free water service to the Kooltex Knitting company for an additional year.

The date of the November election is the 8th of the month, the latest date on which the election can fall.

### THE ADAMANT OFFICIAL

Organizations are springing up in many townships and boroughs throughout the State for the avowed purpose of lessening taxes, but in many instances they are at the same time making demands that they must realize some one like them must pay in the form of taxes.

It does seem strange that local authorities, such as road supervisors, school boards, poor boards, town councils, etc., continue to be persistent in seeking tax payers with high rates of tax millage, when the taxpayers are pleading for release from unnecessary burdens. It is true that these local officials are greatly hampered by State Department regulations, the heads of which appear to have neither sense nor soul, yet taxes might in many instances be reduced by simply omitting previous conveniences that can not now be afforded. Why a great majority of local officials become so thoroughly deaf to the appeals of their fellows for less taxation, is something we could never understand. If a taxpayer unit begs for less expenditures of tax moneys and is willing to forego the conveniences, why should it not be accommodated?

### ON TRIP TO EUROPE.

Dr. and Mrs. W. E. Park, of Ashville, North Carolina, former residents of Centre Hall, took passage on the S. S. Manhattan, a new oceanic liner, at the New York harbor, yesterday (Wednesday), for Europe. They expect to visit London, Paris, and other European cities, and will return to the States the last of October.

### TAX JUSTICE LEAGUE TO FORM CO. ORGANIZATION

All boroughs and township are requested to elect one delegate each to represent their respective districts at a meeting to be held in the court house, Bellefonte, Tuesday evening, 7:30 o'clock, October 18, for the purpose of forming a Tax Justice League of Centre county. The officers elected at that time will represent Centre county at the next meeting of the State organization to be held soon.

### MEN'S CHOIR PARTICIPATE IN ORGAN DEDICATION

The men's choir of St. John's Lutheran church, Millheim, on Sunday, furnished the music on the occasion of the dedicatory ceremonies of a new pipe organ installed in the McClure Lutheran church. The musical organization, which devotes its efforts solely to the rendition of sacred music, is composed of the following: W. N. Duck, Herbert Drylie, Bland Frankenger, W. L. Swann, Jr., A. H. Stover, S. L. Hubler, R. S. Stover, Russell Cable, J. A. Stover, O. R. Wagner, Paul Thompson, C. E. Musser, T. K. Frank, J. W. Reifsnnyder, S. W. Gramley, M. O. Stover, J. R. Miller, Harry Acker, Sumner Frankenger, with Mrs. A. H. Stover, organist.

### PINCHOT ROAD NOTES.

Two rural roads in the county have been opened recently to traffic, adding 5.22 miles of that class of roads. One of the roads, 3.11 miles, is located in Liberty township, the intersection being at Blanchard.

The second road, 2.11 miles, is in Taylor township, leaving the Bald Eagle concrete road at Hannah.

Lime stone chips are now being hauled from the Nagney quarries, Millroy, to the Brush Valley road leading west from Centre Hall. A good foundation, of ample width, has been previously built. It is given out that after an application of penetrating oil, coarse chips and road oil will be applied, following that a coat of fine chips. Farmers living along this road are pleased with the high prospects of soon having the best Pinchot road on the south side of the county.

### 2000 BU. POTATOES RAISED BY RALPH HOMAN, FARMER

Ralph Homan, on the W. H. Homan farm, east of town, finished raising potatoes on the home farm and finds he has over 1500 bushels. He also had planted several acres on the Homan place adjoining town, which yielded 600 bushels, or a total of over 2100 bushels. The tubers run nice in size and are nearly or altogether free from defects.

### POURING CONCRETE FROM BOALSBURG EASTWARD

Concrete on the Potters Mills-Sharber road was poured by the Sharber firm, south of Linden Hall, Saturday noon, when the operations were shifted to the extreme western end of the road building contract, which point is to the north side of the Col. Boal mansion on the west side of the Boalsburg-Oak Hill road. Pouring was again resumed on Monday morning. Considerable over one-half of the road has already been laid. By the end of October, with favorable weather conditions, the concrete pouring will be well toward completion.

### CARS KEEP UP SLAUGHTER OF DEER ON HIGHWAY

The count of deer that have fallen victims to the advance of progress on the two recently constructed highways near Philipsburg, mounted to one hundred and twenty-four last Thursday night, relates the Philipsburg Journal, when Wes Fravel and George Haines tangled with one near the Vail crossing on the Port Matilda road and came out the victor.

The deer leaped from the side of the road directly into the path of the car. A hurried attempt to stop on the part of Mr. Fravel, the driver of the car, failed and the deer was instantly killed. The car was damaged to the extent of thirty-five dollars.

The death brings the total for this particular spot to three within the past two weeks. It is highly probable that signs warning motorists will be erected on the highway.

Mr. Lukenbach and Mr. Meyer are cousins and both are natives of Centre county the former of Bellefonte and the latter of Centre Hall.

The date of the November election is the 8th of the month, the latest date on which the election can fall.

### WEST SUSQUEHANNA CLASSIS MET IN NEW BERLIN

Several important moves were made by the West Susquehanna Classis of the Reformed Church in its sessions held at New Berlin on Tuesday and Wednesday of last week.

The Classis adopted the Union Plan as handed down by the General Synod. This Union Plan is a merger with the Evangelical Synod of North America, a denomination which is very strong in the central west. The new united Union to be called the Evangelical and Reformed Church, with a total membership of 700,000.

The Evangelical Synod as referred to does not include the local Evangelical church that we are acquainted with here. Other classes will be called upon to act on this plan and when two-thirds will have acted upon it the plan will be effected. The merger, it is expected, will be consummated by the fall of next year.

An amendment to the constitution giving women equal rights with men to serve in the office of elder and deacon was adopted. A previous amendment which had given the women the right to become ministers did not receive the two-thirds vote of the classis and was declared rejected.

Rev. R. D. Custer, pastor of the Mifflinburg Reformed church, was elected president of Classis, a vacancy having been caused in that office by the removal from the classis of the president, Rev. Robert Thana.

The veteran State trapper, Jess Hassinger, is riding the Paddy Mountain Woodward and Philips Creek sections, the latter on Brush Mountain, near Millheim, of beavers. ### CREDIT NEWSPAPERS FOR SAVING NATION'S BUSINESS

American newspapers, patriotic and "better managed than our government and our banks," were credited with having prevented "social revolution in the United States."

Dean Carl W. Ackerman, of the Pulitzer School of Journalism, Columbia University, told West Virginia publishers and editors in Morgantown, West Virginia, on Saturday, that "newspaper readers should be thankful the press has been better managed than our government and our banks, for without these rare engines for communicative knowledge of truth, we might have imitated Russia and indefinitely postponed restoration of profit in business, and comfort and happiness in our homes."

Ackerman urged the publishers to set an example in courage and confidence in the nation's future since the press would be among the institutions first benefited by a switch from loss to profit.
