DEATHS.

HALL.—Mrs. Minnie Susanna Hall died at the home of her sister, Mrs. Percival Sharp, on Tuesday morning from heart and kidney trouble, at the age of 62 years, 2 months and 7 days. She was a daughter of David and Amelia Genzel Neese.

Interment will take place this (Thursday) afternoon at Unionville where the deceased previously lived. Her husband, George R. Hall, is deceased, but there survive her a brother, James Neese, in Nittany Valley, Miss Ella Neese and Mrs. Sharp, previously named, at Spring Mills. There also survives her a daughter.

CONDO.—Mrs. Mary Condo, widow of Robert Condo, passed away at the State hospital, Danville Sunday evening. The body was brought to the morgue connected with the Goodhart funeral parlor, Centre Hall, where it was prepared for burial in the Boalsburg cemetery, Wednesday afternoon, Rev. H. L. Wink, pastor of the Reformed church, having had charge of the services. The deceased was aged 63 years. Death was due to cerebral hemorrhage.

Mrs. Condo, before marriage was Miss Mary Brown, a daughter of Benjamin Franklin and Elizabeth Austin Brown. She was the mother of one child, now deceased, but there survive her a brother, Frank Brown, Baltimore, Md., and two sisters—Mrs. Elmer Houtz and Miss Mabel Brown, both of Bellefonte.

MORRIS.—Charles A. Morris died in Searcy, Arkansas, Wednesday morning of last week, from pneumonia conditions. He was a son of Alexander and Elizabeth Swartz Morris, and was aged 64 years. He was engaged in conducting lime industries for his father in Western Pennsylvania, and from there went to Columbia, South Carolina, returning about 1909 to Bellefonte. From Bellefonte he went to Macon, Georgia, and from there to the place where he died. He is survived by a wife and one daughter, Miss Elizabeth. He also leaves three brothers, Thomas King Morris of Searcy; Robert Morris, of Bellefonte, and Alexander, living near Pittsburgh. A son died less than a month prior to that of the father.

TAX COLLECTIONS IN C. H.

90 PER CENT. NORMAL

Tax Collector C. D. Bartholomew, for the borough of Centre Hall, reports tax payments on the 1932 duplicate are but ten per cent. below that of a year and two years ago, at this period. The extension of school tax payments by the local school board is responsible to some extent for this slight falling off from the total paid in previous years. The report is most excellent and will be excelled by few districts in Centre county.

FEDERAL TAX ON JEWELRY.

T. D. 4351, in connection with tax on jewelry, reads as follows:

"Effective October 1, 1932, none of the articles subject to tax under section 605 may be sold tax free for their manufacture in accordance with the provisions of section 629 unless the purchaser has registered as a manufacturer or producer and has been issued a registration certificate (Form No. 632) by a collector of internal revenue, each person qualifying as a manufacturer or producer of articles taxable under section 605 (whether selling at wholesale or retail) will be granted a registration certificate bearing an identifying number, upon application to the collector of internal revenue for the district in which is located the principal place of business of such manufacturer or producer (or if he has no principal place of business in the United States to the collector at Baltimore, Maryland.) Registration numbers shall be in separate series, beginning with the number 1, for each district. An exemption certificate furnished pursuant to Article 7 of these regulations must show the registration number of the purchaser."

16 MILLION DOLLARS READY FOR ROAD BUILDING

Work relief in sixty-five counties will be provided on Federal aid roads as soon as the Federal government approves the projects in the program for which \$16,336,784 is available, Governor Pinchot announced Friday.

The allotment to Pennsylvania of \$5,167,000 of emergency Federal aid funds, plus approximately \$5,000,000 of original Federal aid money which was matched to a similar amount provided by the State, make up the total which will pay for work relief road projects.

The State does not construct or improve roads in Philadelphia county and all roads to which Federal funds could be applied have been improved in Blair county, so the fund was allotted to the other sixty-five counties by the Department of Highways on the basis of unemployment ratios furnished by the Department of Labor and Industry.

The State Highway Department Friday announced a new record of employment on road construction with 40,359 laborers at work last week. This number includes 34,509 department employees excluding salaried employees and 5831 contractor employees. The previous high employment figure was 38,000.

AUCTION SATURDAY NIGHT.

Peaches, watermelons, cantaloupes, bananas, apples, celery, cauliflower, Jersey sweet potatoes, will be auctioned off on the Colyer lawn, at 8 o'clock Saturday night.

FORESTRY DEMONSTRATION ON GRANGE FAIR GROUNDS

"Reforestation Waste Land" will be the subject of a meeting to be held on the Demonstration planting which is being conducted on the Grange Encampment and Fair grounds at Centre Hall by the Agricultural Extension Association on Thursday, October 13, at 9:50 A. M., according to County Agent R. C. Blaney.

Frank T. Murphy, Forestry extension specialist from State College, will point out the advantages and disadvantages of various types of seedlings, which can be secured from the State Department of Forests and Waters for reforestation of waste land. Those present will see several different varieties of trees growing on this demonstration, which has been under way on the picnic grounds for the past four years.

Mr. Murphy will also discuss the best varieties to use on certain soils and types and will be glad to answer any other questions on forestry problems.

Those anticipating doing any planting next spring should send their orders to the department at Harrisburg at his time in order to insure delivery. Blanks will be available at the meeting for ordering trees for next year's planting.

The public is cordially invited to attend.

FREEMAN-ADAMS.

The following is reprinted from the Philadelphia Journal, date of 3rd inst.:

Miss Josephine Arams, daughter of Mr. and Mrs. C. C. Adams, of this place, and Charles E. Freeman, prominent local insurance broker, were united in marriage Friday, September 30, at Lancaster, Pa.

The ceremony was performed in the Presbyterian church of that city at 1:30 P. M., with Rev. E. C. Edge officiating. The ring ceremony was used.

Mrs. Freeman is a graduate of the local High school and known throughout the community as a lady of unusual charm and personality. She has always been active in church work and is a member of the choir in the Presbyterian church. Since graduating from high school she has been identified with the insurance business in this city.

Mr. Freeman, a well-known legionnaire, is at present employed as a clerk to the County Commissioners of Centre county with offices in Bellefonte. He has always been a prominent figure in local politics and served as tax collector for two terms.

They will reside at 209 Ninth street, Philadelphia. The community extends hearty congratulations to this prominent couple.

The poor Cubs! And like harmless cubs, they were anything but formidable against the onslaughts of the Yankees. Our thoughts go back to a "Cubs" team of yesteryear—Tinker, Evers Chance and Steinfeldt, infielders; catcher Johnny Kling, pitchers Ed Reubach, Jack Pfeister, Mordecai Brown, and Schulte, Slagel and Hoffman, outfielders. The cocky Yankees wouldn't have made mince-meat out of that outfit. The series just closed didn't prove the Yankees were so good as much as it proved the Cubs so poor.

ELEVEN STATES WILL VOTE ON PROHIBITION REPEAL AT NOVEMBER ELECTION

Eleven States will vote on the prohibition question at the election November 8. One State, Texas, has gone on record at a Democratic primary referendum on July 23, in favor of repeal.

The issue will be presented to voters in various forms. In most they will pass on propositions to repeal State prohibition or enforcement acts. In others they will have an opportunity to register their wishes on repealing the amendment.

The questions to be voted are:

Arizona, Initiative petition filed to repeal the State prohibition law.

California referendum to be voted on containing two questions, (1) repeal of the Wright State enforcement act and (2) a proposed State constitutional amendment setting up a model licensing and control law, forbidding the saloon and open bars, but permitting consumption of alcoholic beverages with meals in bona fide restaurants, etc., and regulating transportation.

Colorado, initiative petition filed bearing nearly twice as many signatures as required for a vote on repeal of State prohibition.

Connecticut, referendum on repeal of the Eighteenth Amendment authorized by the State legislature in 1931.

Louisiana, referendum on two questions of repeal of the enforcement act, and a vote on the question of petitioning Congress for a national constitution convention to repeal the Eighteenth Amendment.

Michigan, repeal of the State prohibition law, to be submitted as a result of the filing of a petition bearing more than 200,000 names.

North Dakota, repeal of the State enforcement act. On June 27 the question of repealing the act was voted down, 103,696 to 96,837.

New Jersey, repeal of the Hobart act, the States enforcement statute.

Oregon, repeal of the State prohibition law, submitted as result of initiative petition.

Washington, repeal of the State enforcement act, submitted as result of initiated petition.

Wyoming, referendum authorized by legislative enactment in 1931 on whether the Eighteenth Amendment should be repealed.

The vote of Texas on the question of repealing the amendment by conventions was overwhelming. Out of 542 counties, 229 placed the question on the primary ballot, and the result was 229,000 votes to repeal and 134,000 to retain the amendment.

If a considerable number of the State's voters this year register disapproval of their State enforcement acts it will add materially to those which have repealed local prohibition in Rhode Island, Massachusetts, New York, Wisconsin, Montana and Nevada have done away with State Volstead measures while Maryland never has enacted one. Illinois adopted a repeal act which was vetoed, however, by Governor Emerson.

Meeting of Cemetery Association.

There will be a special meeting of the Georges Valley Cemetery Association on Saturday morning, October 8, at 9 o'clock, in the Holy Cross Lutheran church. All members interested in the welfare of the association are asked to attend.—Secretary.

The Pine Grove Mills Water company is about to increase the size of the main line from its reservoirs and also build a new and larger reservoir. The company furnishes the water supply for Pine Grove Mills and sections convenient to its lines.

SCHOOL NEWS OF INTEREST

GREGG TWP. VOCATIONAL SCHOOL NOTES.

GREGG TWP. COMMUNITY FAIR AT SPRING MILLS, OCT. 14-15—

The Gregg Township Community Fair held under the direction of the Gregg Twp. Vocational School, will be held at Spring Mills on Friday and Saturday, October 14 and 15. Committees have plans well under way for all parts of the program. Dry weather has reduced the amount of fruit, vegetables and other farm products, but the pupils of the various schools feel confident that a good display will again be possible. Anyone in the community whether they have children in school or not, is invited to exhibit fruit, vegetables, poultry, canned and baked goods, sewing and fancy work. Cash prizes are given to winners in the above classes. Premium lists are available throughout the various schools in the township.

Through the generosity of the business men, farmers and others in the community, a Community Fair booklet is again being printed and will be distributed the latter part of this week through the schools of the township. This booklet contains all the information relative to the premium list, and nature of the program for the two days.

All the rural schools as well as the grades and high school will exhibit products. Cash prizes will go to every school in the township, and ribbons will be awarded on all exhibits.

The Fair is truly a community fair—for its success lies in the hands of the citizens of the township and the school children. Close cooperation between these groups has made it possible to conduct one of the successful School-Community Fairs in Pennsylvania. This is the Fifteenth Annual Fair held under this management in Gregg township and is one of the oldest School-Community Fairs conducted in the State.

HOMAN SENTENCED 5 TO 10 YEARS FOR MANSLAUGHTER

Bruce Homan, formerly of State College, was sentenced from five to ten years in the penitentiary for involuntary manslaughter by a Philadelphia judge on Friday. The charge was the result of an auto accident on June 6, at which time it was claimed the car driven by Mr. Homan struck Milton Bray while walking on the road, causing his death ten days later. Homan claimed he had no knowledge of hitting any one. The accident occurred in Jeffersonville, Montgomery county. Homan at the time of the accident lived in Philadelphia.

CENTRE HALL HIGH SCHOOL.

Centre Hall High Takes First League Game—

Centre Hall opened its soccer league season by defeating the strong State College High team, four goals to one. The game was clean and hard fought throughout, but capably handled by Jack Bradford, who refereed the game. The State College boys received a setback when Parsons, stellar forward, had to leave the game in the last quarter, due to a badly sprained ankle. The passing, blocking and dribbling was excellent on both sides, with the locals having a decided edge in passing and blocking.

Reuben Rickert, veteran outside forward, scored the first goal in exactly one minute after the opening whistle blew. Jack McClenahan and John Spayker also registered in this quarter, while Bruce Hartley scored the last goal in the third quarter on a perfectly centered pass from Rickert. The local boys showed a vast improvement in all departments of the game over last week's exhibition. This is especially gratifying since there are six new men on the team this year.

This Friday the locals will journey to Boalsburg in quest of their second straight league victory. The game will be called at 3:30 o'clock.

Girls in Victory Mood, Also—

The volley ball team of the High school played a return match with Hubersburg High school last Thursday evening and defeated them two games to one. The girls' dodge ball team continued its string of unbroken victories by taking the girls from Hubersburg into camp to the tune of 21-15, last Friday afternoon, on the local school grounds.

Fine rain on Wednesday, and we didn't sing, "Rain, rain, go away," etc.
