## Democratic Rally!

### Court House, Bellefonte Thursday Evening, 7:30

#### ADDRESSES BY—

James M. Curley, Mayor of Boston, an orator of national reputation.  
Lawrence H. Rupp, Lehigh county, Democratic candidate for United States Senator.  
National issues will be discussed. Voters of all political complexion are invited to hear these able men. The opportunity to hear men of the calibre of Mayor Curley and Mr. Rupp in a rural district is rare.  
There will be bands, and a parade.  
Let the Voters of the South side of Centre county turn out, rain or shine.

## Harris Township Vocational School Observes Community Day

The third annual Community Day of Harris Township Vocational School was held Friday, October 21. A large number of parents, patrons and friends of the school viewed the fine exhibits and saw a delightful program rendered at 2:00 P. M. A horseshoe pitching contest won by Wayne Keller was the morning attraction for the men. A hard fought soccer game (score, 1 to 1) in the afternoon between Gregg Township and the Harris Township schools climaxed the events for the day.

The first prize winners are as follows:

- Academic Class (High School)—  
1. Physics note books—Harold Kilmer.

#### ROBERT J. MILLER

### Why the Citizens of Centre County Need Him in the Legislature.

In order to gain needed reform, it is important that the voter, should know how to go about it intelligently. Considering that we really exist under three degrees of government National, State and Local, it can readily be seen that voting in the direction of either one will not always bring the desired result from the others. In other words, if we desire an adjustment in our community affairs, we secure it through our county, borough and township officials. Likewise, if we are dissatisfied with affairs in our State, as they affect us, we must look to sending proper representatives to the legislature who will work to our interests.  
With this thought in mind, the citizens of Centre county, when they go to the polls on November 8th will have reason to support Robert J. Miller, a business man and home-owner of State College. Mr. Miller has made a study of what is required to bring about reform legislation in order to ease the burden of our people, and of what is of large importance, has the courage to fight for it.  
One of the evils which every citizen has seen growing year by year, is the centralizing of government. Those who have taken the effort to note conditions, view with alarm the wresting of power from townships, boroughs and counties and placing it in the hands of high-salaried bureaus at Harrisburg. Gradually the rights of the people are being taken from them. They have scarcely any voice left in the government of their own affairs. On the other hand, some swivel-chair autocrat at Harrisburg usually dictates what no one will deny are personal affairs of each individual.  
Another crying evil is the increasing taxes due to needless and overlapping bureaus at Harrisburg. This system of conducting our State government has not only become wasteful but exceedingly burdensome. Every taxpayer is compelled to pay this extravagance.  
Voters of Centre county, who are finding themselves thus burdened, and at the same time are facing the humiliation of having their private in-

terests interfered with, can expect no relief from our present member of Assembly, John L. Holmes. Eight years in the Legislature, with two extra sessions to his credit, have proven that Mr. Holmes will never use his influence in the direction that farmers, laborers, and home-owners are looking forward to as a relief to exorbitant taxation.  
It is urgent that every citizen remember that NOW is the time to speak up for what you want. You can get it in no other way than by sending someone to Harrisburg who is pledged to bring you relief.  
Mr. Robert J. Miller is that man. Don't forget that when you go to the polls on election day.

#### Edward Owen Elected President of Kiwanis.

At an election held at a regular meeting of Bellefonte Kiwanis Club, Edward R. Owen was elected president, following the retirement of A. C. Hewitt. Other officers elected at the same time were Phil H. Johnston, vice president; Claude Herr, treasurer, and Samuel M. Shallcross, district trustee.

#### Minister from Syria to Speak.

Rev. Witherspoon, of Syria, will give an address in the Presbyterian church, Centre Hall, on Wednesday evening of this week, at 7:45. You should not miss this opportunity of getting first-hand information about the land of Syria. Come and bring your friends; all are welcome. \*\*\*

#### BRUSH VALLEY ROAD BEST IN PENNS VALLEY

What has long been known as the Brush Valley road, leading west from Centre Hall to Linden Hall, is now claimed to be the best Pinchot road in Pennsylvania. It is claimed to have been built under a better foundation, of more uniform grade, with the high crown as nearly eliminated as possible, and the width greater than any of the roads of the same class in the valley. The surface of the road was also built with apparently more care than was the case with a parallel road, and consequently it is much smoother.  
The Brush Valley road was completed, except for a bit of dressing on the side, last week. It begins at the western borough line and connects with the road leading from Linden Hall to Oak Hall Station at the dam at Linden Hall.

#### GREENS VALLEY FORESTS FURNISH WOOD FOR IDLE

For several weeks unemployed men have been given the privilege to cut undesirable trees for fire wood in the Greens Valley forest district, under the supervision of Forest Ranger Richard Brooks, of Centre Hall. A considerable number of men, mostly from Pleasant Gap and Axe Mann, have availed themselves of the opportunity. Some men handy with the axe have already cut and hauled to their homes a winter's supply of fuel.  
The unemployed are cutting trees, large and small, only that have been previously marked. It is a case of help yourself—every man cuts for himself and finds a way of delivering the wood to his home. In other words, the Forest Department simply provides the wood, and that is something.

#### TRAIN SCHEDULE CHANGE ON L. & T. SINCE MONDAY

The west-bound train arriving here at 7:56 A. M., over the Lewisburg and Tyrone Railroad, since Monday is scheduled to arrive here at 8:06 A. M., ten minutes later than heretofore.  
The schedule for the east-bound train is unchanged, its time of arrival here is 11:03 A. M.

#### New President for Spring Mills Bank.

Robert W. Neese, a director of the First National Bank at Spring Mills, was chosen president of that institution at a meeting of the bank officials held recently. Mrs. Neese's election followed the death on September 23, of John H. Rishel, who was the bank president for many years.

#### AFRICAN MISSIONARY IN M. E. CHURCH, NOV. 6

The Rev. Doctor W. C. Terrill, a missionary from Africa, will be in the Methodist church, Centre Hall, Sunday, November 6, at 7:30. He will give a message and tell stories about the work of Christ in that great continent. Dr. Terrill is a fine type of Christian gentleman, has had years of experience as a missionary, and none will wish to miss hearing him. All are urged to come. The late Robert P. Campbell, of Centre Hall, was one of the donors for the work in Doctor Terrill's section of Africa. \*\*\*

#### A WORD ABOUT THE BALLOT TO BE VOTED

If you wish to vote the Democratic, Republican, Socialist, Prohibition, Industrialist, Communist, Jobsless, or Liberal Party ticket, do not write a name or mark in any of the thirty-six blank spaces on the ballot under the title of Presidential Electors. Use those spaces only provided you do not desire to vote for any of the presidential candidates on the ballot. If you write a name in any of the thirty-six spaces referred to, your ballot for president will be counted only for those electors, and not for the candidates of any party on the ticket. In effect, you will lose votes for President and Vice President.  
Example: Suppose a Democrat places an X in the Democratic party column. That will vote a straight Democratic party ticket. But if in addition to this mark, he writes one or more names in the blank spaces under Presidential Electors, the ballot will count only for the persons whose names are written there and not for Roosevelt. In effect, you lose your vote for President and Vice President.

#### GINGRICH—STAM.

Tuesday evening of last week Carl Elmer Gingrich, Penns Cave, and Miss Cora Burchfield Stam, east of Centre Hall, were united in marriage at the home of Rev. S. W. Helsey, Spring Mills. They were attended by the bride's mother, Mrs. Clyde Stam.

#### RISHEL—CARIS.

The Evangelical paragon in Bellefonte was the scene of a very pretty wedding Saturday morning, October 29, at 9 o'clock, when Robert Rishel, oldest son of Mr. and Mrs. W. F. Rishel, of Centre Hall, and Miss Ruth Caris, daughter of the late Rev. and Mrs. D. C. Caris, of Madisonburg, were united in marriage by Rev. Campbell. The beautiful ring ceremony was used.  
The bride is a highly accomplished young lady of excellent qualities. The groom is a graduate of the Gregg Twp. Vocational school, class '22, and is at present employed by "The Pennsylvania Farmer."

#### LAND TAX SALES POSTPONED TO NOVEMBER 26

The land tax sales, several times heretofore postponed by County Treasurer Hunter, have again been continued from Friday, October 28th, to Saturday, November 26th. This will give owners additional time to pay taxes and save expense and probable loss of property.  
Our Mr. Holmes votes Pinchot in Harrisburg and talks against him at home. Votes count; talk is cheap.

#### BELLEFONTE ELKS CLUB ROBBED OF \$100 PROPERTY

The Elks lodge, in Bellefonte, was robbed Wednesday night of last week of cash, eatables, cigarettes and property to the estimated value of \$100.00. The one large item in the loot carried off was a cash register used but a few years and costing \$75.00, and to replace which would cost \$60.00. The cash box in the register represented receipts of all sales in the grill for three days.  
Entrance to the club was gained by forcing open two windows. The arrangement of the interior made it impossible to get from one room to the other on the inside, obliging the robbers to make entrance on two sides of the rear section.  
Friday night the cash register was discovered in Logan Branch, at Prossertown, a short distance south of Bellefonte. The register is an electric one and was damaged beyond repair.

#### MEDICOS DINE DR. RADCLIFFE.

Dr. McCluney Radcliffe, widely known physician, was dined by his colleagues, Monday night, at the Adlpha Hotel, Philadelphia, in honor of the fiftieth anniversary of his graduation from the University of Pennsylvania Medical School.  
He was a member of the board of trustees at Lafayette College for 26 years and consulting ophthalmologist at Presbyterian Hospital for 20 years.  
Among the speakers were Dr. Judson Daland, professor of medicine of the University of Pennsylvania; Dr. James M. Anders and Dr. Lewis J. Burns.  
Dr. Radcliffe is well known about here by many residents, who join the Reporter in extending congratulations on his long service as a physician and surgeon.

#### CENTRE HALL HIGH DEFEATS BOALSBURG IN SOCCER; GIRLS WIN IN TWO EVENTS

The Centre Hall High School Soccer team took first place in the Western Division of the Centre County Soccer League, by defeating the strong Boalsburg team, 1 to 0, last Friday. The game was fast and exciting until the final whistle. The locals were unable to crash through the strong Boalsburg defense until late in the third quarter, when Hartley, center forward, rushed the ball through the goal on a beautiful pass from McClellan, stellar inside forward. In the last quarter Boalsburg unleashed a powerful offensive drive to score, but met stronger defensive playing on the part of the C. H. boys than they could overcome.  
This was the finest exhibition of defensive playing that the locals have displayed any time this season. Russell Walker and Vinton McClellan, inside forwards, stood out on the offensive throughout the game, while the entire backfield of John Spyker, Ken and Burton Snyder, Ken Frank, Lawrence Hartley and Donald Colclough formed an invincible defensive combination.  
Spring Mills will come here Friday afternoon for the last regularly scheduled game of the league. Although they have not had a successful season, they are always an aggregation that cannot be underestimated. Any such attitude by the locals might prove disastrous to their aspirations. The game will be called at 2:30 o'clock.

#### "IT MIGHT HAVE BEEN WORSE"

In a public address at San Francisco, Calif., a few nights ago, Senator Hiram Johnson, California's Progressive Republican, spoke these words:  
"It might have been worse! Let the business man, tottering on the verge of ruin, let the farmer, after a lifetime of toil, dispossessed of his home and in the twilight of life beginning against the struggle for mere existence, let the eleven million pounding the pavements in agony of soul begging for only a chance to work answer this hypocritical smugness of men mad to win by any means of a political campaign."

#### THE GIRLS' VOLLEY BALL TEAM

The girls' Volley Ball team was defeated by Howard three games to two in the forepart of the week. The score indicates the closeness of the contest and it was not decided until Howard won the final game by a close score. On Friday the girls traveled to Hublersburg to help celebrate Community Day for that school. They returned victorious by a 3-2 score. In this match Alice Spyker and Marian Shirk stood out with their aggressive playing.  
The Volley Ball team is showing great improvement in their playing and deserves commendation, as it is one of the minor sports in the school.  
If you send Robert J. Miller to the house of representatives, at Harrisburg, he will consider all sections of the county in determining his vote on measures affecting your interests.

## TOWN AND COUNTY NEWS.

### HAPPENINGS OF LOCAL INTEREST FROM ALL PARTS

If you are a Democrat in principle, cast a ballot next Tuesday.  
Boyd A. Magee, of Philadelphia, for a few days last week was a guest of Mrs. Emma Emerick and family.  
That tabby cat in the Bellefonte reservoir is another good reason for that popular foamy drink to come back.  
Mr. and Mrs. T. F. Wise, of Madisonburg, were in town on Thursday, at which time Mr. Wise paid his respects to this office.  
While in Pittsburgh last week, F. M. Fisher had the pleasure of hearing Franklin D. Roosevelt from a front seat.  
Mr. and Mrs. G. O. Benner have returned from a ten days' visit in the Pittsburgh district, having spent much of the time with Mr. and Mrs. Chester Cronister, at Wilkensburg.

#### Rev. James H. Goss, graduate of Susquehanna University, was installed as pastor of St. John's Lutheran church in Lewisburg.

Dr. W. M. Reardon, of Mifflinburg, was the installing officer.  
Rev. R. D. Custer, pastor of the Mifflinburg Reformed church, consisting of the Mifflinburg, Rays and Laurelton congregations, has resigned to accept a call to St. Paul's Reformed church in Milltown, N. J.

An eagle, measuring six feet from tip to tip of wings was shot and killed by B. P. Smith, a Yeagertown dairyman, on Thursday. The farmer found his chickens mysteriously disappearing and found the eagle among the flock.  
Centre county's share of the allotted \$1,500,000 being distributed for relief is \$8,741. This is the last of a total of \$8,842,000 the State received from the National Government. This sum is distinct from the monthly payments under the Talbot Act.  
Two cells built especially to accommodate women prisoners have been built in the Centre county jail. This will make it possible to entertain female offenders at Fort Boob instead of carting them to neighboring county prisons and paying a larger cost than is now necessary.  
Twenty thousand voting machines to be used in 3500 communities throughout the States will aid in receiving the result of the coming election easier than heretofore. Pennsylvania has three thousand voting machines. Philadelphia is the only district in Centre county to use the most modern method of voting.  
The movement of the New York Central railroad company to abandon the only passenger train on its road between Jersey Shore and Clearfield, is being vigorously opposed by residents along the road. A hearing was held on Wednesday, in Harrisburg, before the Public Service Commission. The train at present carries mail between the two points named.  
Dr. and Mrs. W. E. Park, who are on a European pleasure trip, arrived safely in Havre, France, according to a postal card message received here by Mrs. C. W. Slack from her sister. They expected to take a boat train from there to Paris, Dr. and Mrs. Park sailed from New York on the S. S. Manhattan, the largest and most complete floating palace built in the States.  
Mr. and Mrs. George Craig and four children, who spent the summer in the Seven Mountains, near the Foust place, are preparing to leave for the Pines in North Carolina where they will remain for the winter, for the benefit of Mr. Craig's health. He is a World War veteran and was severely gassed. Mrs. Craig was formerly Miss Jane Foust, of Potter township, sister of James Foust, of town.  
L. P. Smith and son, C. D. Smith, of near Spring Mills, were callers at this office one day last week. As a side issue the elder Mr. Smith is engaged in doing a bit of cooper work, and to convince of his efficiency as a real cooper a few samples of his work were carried with him. Coopering is almost a lost "art" but Mr. Smith's work indicates that he would have been counted a smooth shaver when coopering was at its height.  
Fourteen pairs of twin calves having been born in his stables since he began farming is a record attained by Fred Slack, farmer and stockman, living on his farm east of Old Fort. He now has two pairs of twin calves in his stables born since the Grange Encampment and Fair. He has one Holstein cow that produced twins each time she freshened after the first. Other cows have done well—their share—in making up the total of duplicate births.  
Residents of the Lytle Addition, recently admitted to the borough of State College, will vote in the East District of that borough. A peculiar condition presented itself when the borough boundary lines were extended to include the section in question at a time less than sixty days before the coming election. It is obvious that although the voters in Lytle Addition had not changed their residences they will not have lived in the borough for six months prior to the election, which is one of the requirements of a legal voter. The commissioners of the county decided they should vote in the district named.
