## Smith Tailor Shop

Located in State College at 110 East Beaver Avenue, Mr. Smith operates a shop for men who know where good clothes are made. Only the highest grade of material and workmanship used.

Observant men know the value of good appearance. They are showing patterns strictly all wool materials first class trimmings. Suits and top coats, the fit strictly guaranteed. This shop solves the problem of good clothes.

Whenever you see a group of men, there are always a few who seem to stand out from others. They are the men on whom your eyes unconsciously rest as you survey the group. They are the men you look at not once but two or three times. Did you ever stop to analyze why these men are able to hold attention? It is not only because they wear custom tailored clothes, but it is because men who are careful of their appearance almost invariably do wear custom tailored clothes. These men are usually leaders in their particular lines of endeavor. They

do not wear custom tailored clothes simply for the name of wearing "tailor made" suits and clothes; they have far too much sense for that. They wear custom made clothes because they know the almost inestimable value of good appearance in business or professional life.

Men of this community patronize this popular tailoring shop for another reason. Few men are capable of judging what they can best wear. Men of this community know that this tailor can be trusted to tell them what they can wear best and they know, too, that they will never leave this shop with a suit which is unbecoming to them if they follow his advice.

This publication takes pleasure in commending this shop to the men of this community. They are indeed fortunate in having a place where they know that good clothes can always be obtained at a figure within reach of all. It is no wonder that men from other cities are glad to take advantage of such service.
