KERR LOSES TO KURTZ FOR CONGRESS BY 3500 VOTES

Hon. J. Banks Kurtz carried the 23rd Congressional district, composed of the counties of Centre, Clearfield and Blair, over Colonel Frederick B. Kerr, Democrat, by a majority of 3500 votes.

The election in the borough, although well attended, was a quiet affair. And so it was throughout the entire campaign.

BOTH BRANCHES OF CONGRESS DEMOCRATIC

Both branches of Congress—Senate and House, will have Democratic majorities of sufficient number to work unhindered by the opposing party. The House majority is variously estimated up to 100, while the Senate may be ten or more.

It's after the election now, and it looks like a poor grass crop on city streets.

The Republicans cast 108 ballots with a single mark.

PRESBYTERIAN MANSE NOTES.

Rev. I. M. Witherspoon of Aleppo, Syria, who is spending his furlough in Chicago, spoke in the Presbyterian churches of Pine Grove Mills, Lemont and Centre Hall, on Tuesday, Wednesday and Thursday evenings of last week. The Rev. Witherspoon is a very delightful guest and interesting speaker. Other denominations were in evidence at the lecture in Centre Hall.

A Missionary Tea will be held by the Missionary Society in the Presbyterian church, Centre Hall, on the evening of November 15. The speakers at this Tea will be Dr. Gibbons, a missionary on furlough, who is spending some time with her father, Dr. Gibbons, an instructor at State College. There will also be another product of State College in the person of Miss Elizabeth Maricle, who is on furlough from her work in Syria. These two young ladies will be sure to bring many interesting facts about the work in which they have been engaged. All are invited to come and hear these people who are fresh from the field.

The "Glad Girls" will present a play on the night of November 17 in the Grange Arcade. The name of the play is "The Mystery of the Masked Girl." It is a mystery comedy in three acts with an all-girl cast. The girls in this play have a gorgeous time proving that the danger, adventure, scares and laughter that make up a mystery are not the monopoly of men. The only opportunity a man gets in the play is that one is reported murdered. The suspicion in the lives of these actors will keep you alert at every moment. Anyway, you want to see the one who killed the young Chemist and not the one who killed Cock Robin.

Robert Slegal, of Spring Mills, was attracted to State College over the week-end by student social activities.

H. N. Meyer, the well-known insurance agent of Bellefonte, was looking up insurance business in Penna Valley on Monday and spent considerable time at Spring Mills.

Miss Margaret Widler, one of the office force at the Kerlin poultry plant here, is temporarily absent from her post, while filling a clerkship in Philadelphia in connection with some Republican political organization. Four years ago during the Hoover campaign, she was employed for several weeks in a similar position.

Albert Lindsay, who escaped from the Rockview penitentiary July 3, 1925, was located in a California prison several months ago where he was serving time. His sentence expired about two weeks ago and last Friday he was brought back to Centre county to answer to the charge of breaking and escaping.

Do not wait a day longer to put into condition the pipe lines carrying water from the town's mains to and through your dwelling. The expense of making any needed repairs now will be but a fraction of that if the work is delayed until the ground freezes. And burst water pipes will try the patience of any man who sees water flowing from them at other points than at the spigots.

The rains throughout October and so far into November have very materially changed the appearances of the general landscape in farming sections. Pasture lots, meadow fields from which a scant supply of hay was cut, alfalfa plots—all had a sickly outlook but now look as though we have never had a drought. While the shoots of the various grasses to spring up since rains came are short, there is every indication that the plants will be able to withstand the coming winter and yield a bountiful crop next year. Wheat fields are also looking their best.
