STORY FOR YOUNG FOLKS

By THORNTON W. BURGESS

PETER RABBIT'S FEELINGS ARE HURT

Loafer, loafer at your ease
Learn a lesson from the beast!

THIS is what little Striped Chipmunk had shouted at Peter Rabbit when Peter tried to get him to come and play with him. Peter just grinned as he watched Striped Chipmunk scamper about on the edge of the Green Forest and presently start for home with the pockets of his cheeks stuffed with beechnuts. It seemed to Peter that it was no time at all before Striped Chipmunk was back after more nuts. It was very clear that he had no time for play; he was too busy.

Peter watched him a while, and then growing tired of seeing Striped Chipmunk work so hard he went on. Presently he spied Chatterer the Red Squirrel in a chestnut tree. "Come play with me!" cried Peter. "It's a splendid day for a frolic."

"You mean it's a splendid day to work," shouted Chatterer. "I can't

"Let's Play Hide-and-Seek!" Cried Peter.

afford to be a loafer like you." With this Chatterer stuffed his mouth full of nuts and whisked out of sight to hide them in his secret storehouse.

Once more Peter grinned and went his way until he met Happy Jack the Gray Squirrel. "Let's play hide-and-seek!" cried Peter.

"Some other day," replied Happy Jack, hunting among the fallen leaves for nuts. "I can't afford to be a loafer like you such fine weather as this."

This time Peter didn't grin. It was the third time he had been called a loafer. At first he hadn't minded, but now he was beginning to feel a wee bit hurt. You know a loafer is one who sits around and does nothing. He never works. Peter could see no reason why he should work. He would much rather play or take his ease. He couldn't understand why others should work as they were doing, but that was their affair, not his. If they got pleasure from work all well and good but they needn't call him a loafer. He would leave them to their labor and go down to the Smiling Pool.

So he left the Green Forest and started across the Green Meadows lipperty-lipperty-lip as fast as he could go to the Smiling Pool. By the time he got there he had quite forgotten that he had been a little hurt in his feelings. The instant he poked his head over the bank he saw Jerry

BUTTER SPREADS

WITH butter as a base, one may prepare various spreads that will add much to a sandwich; or made into butter balls and served with bread at the table, will add to any menu. With a crisp lettuce leaf or a slice or two of pickle or cucumber one has a tasty sandwich always on tap. The butters are kept in jars in the ice chest and will keep for some time.

Crab or Lobster Butter.

Found to a paste one small can of lobster or crab, or its equivalent of cooked fresh fish. Season lightly with pepper. When using this butter for sandwich filling spread one slice of bread with mayonnaise and the other with the crab mixture, add a lettuce leaf or slice of cucumber and serve.

Sardine Butter.

Take one-fourth cupful of butter, four large sardines skinned and boned, and one teaspoonful of lemon juice. Pound these into a smooth paste. When using for sandwich filling spread one-half the bread with the paste and the other half with a thin layer of minced onion or mashed hard cooked egg.

Cheese Butter.

Mash together one-half cupful of American cheese and one-half cupful of butter. Spread one-half the sandwich with tart jelly and the other with the cheese mixture. Crackers or saltines may be used, and any snappy cheese.

Orange Butter.

Beat to a cream one-fourth pound of butter, the yolks of three eggs, one cupful of powdered sugar, the grated rind and juice of an orange. Cook over hot water, stirring all the time until the mixture is thick.

Shrimp Butter.

Take one cupful of cooked shrimps, salt and a few dashes of cayenne. Pound in a mortar, mix with an equal portion of butter and one-fourth cupful of lemon juice or tarragon vinegar to molsten.

Peanut Butter and Fruit.

Take one-fourth cupful of figs and raisins, two tablespoonfuls of light sirup, one-half teaspoonful of salt and one-half cupful of peanut butter. Put the fruit in the food chopper, add the other ingredients and mix well.

Fans in the East

Fans have been made of many materials, feathers, tortoise shell, ivory, sandalwood, paper and many fabrics. In Japan there is a fan for almost every use one can think of, such as the tea fan, the court fan, the kitchen fan, and the dancing fan. The fan in Japan and China is not a part, merely, of feminine apparel, being an article of use carried by mistress, maid, priest and soldier.

Blind Muezzins

In ancient Persia the muezzins were usually selected from among the blind, in order that they might not see what was occurring in the private lives of the Faithful. A minaret gave more than "a bird's-eye view."

Mother's Dream

By DOUGLAS MALLOCH

MOTHER does not dream of fame
So much, how great, how far;
Mother thinks about your name,
Yet only what you are.
She would rather have you known
For kindness to a few,
Than to have you on a throne,
And have men hating you.

Mother does not dream of gold
So much, if great or small;
She would rather have you hold
Your honor first of all.
She would rather have you poor
Than have you rich in sin;
All the wealth that will endure
Is the wealth within.

Mother does not dream of place
So much, of social ends;
Gentle women, men of grace,
She would have your friends.
She would rather have you one
All you meet esteem.
Just a good and loving son—
That is Mother's dream.

Bronchial Troubles Need Creomulsion

Bronchial troubles may lead to something serious. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Stronger than He Was at Twenty

FIFTY-FIVE years old, and still going strong!

Do you want the secret of such vitality? It isn't what you eat, or any tonic you take. It's something anyone can do—something you can start today and see results in a week! All you do is give your vital organs the right stimulant.

A famous doctor discovered the way to stimulate a sluggish system to new energy. It brings fresh vigor to every organ. Being a physician's prescription, it's quite harmless. Tell your druggist you want a bottle of Dr. Caldwell's syrup pepsin. Get the benefit of its fresh laxative herbs, active senna, and that pure pepsin. Get that lazy liver to work, those stagnant bowels into action. Get rid of waste matter that is slow

poison so long as it is permitted to remain in the system.

The new energy men and women feel before one bottle of Dr. Caldwell's syrup pepsin has been used up is proof of how much the system needs this help.

Get a bottle of this delicious syrup and let it end that constant worry about the condition of the bowels. Spare the children those bilious days that make them miserable. Save your household from the use of cathartics which lead to chronic constipation. And guard against auto-intoxication as you grow older.

Dr. Caldwell's syrup pepsin is such a well known preparation you can get it wherever drugs are sold and it isn't expensive.
