

ITEMS OF LOCAL INTEREST

Mrs. Harry Clevenstine is very seriously ill at her home in Bellefonte. Paul M. Fetterolf, clerk in the Centre Hall post office, is ill from scarlet fever.

Extraordinary values are being offered in table, bridge and floor lamps. See our window display.—Hosterman & Stover Co., Millheim.

Charles M. McCurdy, president of the First National Bank, Bellefonte, who had been ill during last week, is taking his place in the bank this week.

P. C. Shade a member of the Public Utilities Commission will be the chief speaker at a meeting of the Tax Justice League on Saturday evening, in the court house, Bellefonte.

Mrs. Charles McCool, of Spring Mills, was a brief caller at this office Tuesday evening. She stated Mr. McCool was back to Altoona, where he is being given professional attention.

The Junior choir of the Reformed church invite all the junior choirs of other churches in town to join them in singing carols on Christmas eve. After the singing all will meet in the Reformed church basement where refreshments will be served.

While moving a corn shredder ten days ago from the barn of his brother, T. F. Delaney, John Delaney suffered an injury to his left foot that has kept him housed since. A team of horses was the motive power, and Mr. Delaney was driving them, and on starting the team he was standing near one of the wheels, which passed over his foot. He only realized the full extent of the injury at night when he removed his shoe—the toes on the foot were crushed.

Ether Watson, 22, said to be the best looking and most intelligent girl at Laurelton State Village, made her escape from the institution and was not found until she had reached her home in Ashtabula, Ohio. After writing the authorities and stating she regretted the annoyance she had caused them, she was given permission to remain with her mother until after Christmas. The girl said she went direct to Harrisburg and there boarded a bus for Ohio.

Of the 400 boys and girls, pupils in State College public schools, who had taken the tuberculin test, fifty-eight, or fourteen and one-half per cent, were found positive cases. This Dr. McCutcheon of the Mont Alto Sanitarium stated was the lowest percentage of positives he had ever found in any community. His experience indicated that the normal rural community showed twenty per cent. positive cases, while urban groups had gone as high as fifty-five per cent.

LOCAL AND PERSONAL.

Mrs. Harold Meyer, of Spring Mills, is reported to have contracted scarlet fever. Her condition is very favorable.

Charles F. Bartges, of Spring Mills, recently made a trip to Sunbury to visit among relatives.

Both John Snavelly and son, Harry Snavelly, who have been ill for some time at their respective homes, at Spring Mills, are improving and are able to be about the house.

Mr. and Mrs. G. O. Benner entertained Dayton Cronister, of Wilkesburg, and Thomas Eagleshaw, of Philadelphia, over the week-end. Mr. Cronister is a nephew of Mrs. Benner. Both are freshmen at Penn State.

The 1930 dairy census of the United States Department of Agriculture, just released, shows that registered Guernseys came up during the ten-year period from 1920 to take second place in Pennsylvania among the dairy breeds.

CENTRE HALL, PA.

News

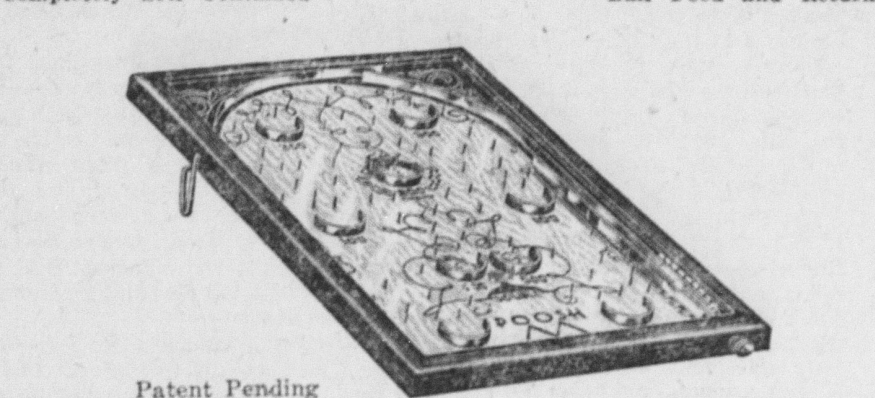

Friends and relatives are eager to share the news. To keep in touch, the modern farm home has a TELEPHONE

The whole family shares the joy of neighborly telephone chats. And when the news is urgent, the telephone brings it without delay!

Rural telephone rates are low... Call or write the BUSINESS OFFICE

Glass Covered Portable Automatic

POOSH-M-UP

"THE MOST FASCINATING GAME YOU'VE EVER PLAYED." ENTIRELY DIFFERENT... VASTLY SUPERIOR to make-shift, open, toy pin games. All objectionable features common to earlier types are eliminated.

GLASS COVERED... COMPLETELY AUTOMATIC. Balls are never touched nor are they gathered by hand after each game. Instead one rolls into playing position each time the plunger is pulled back. After ten balls have been played, they return to the start by tilting the board.

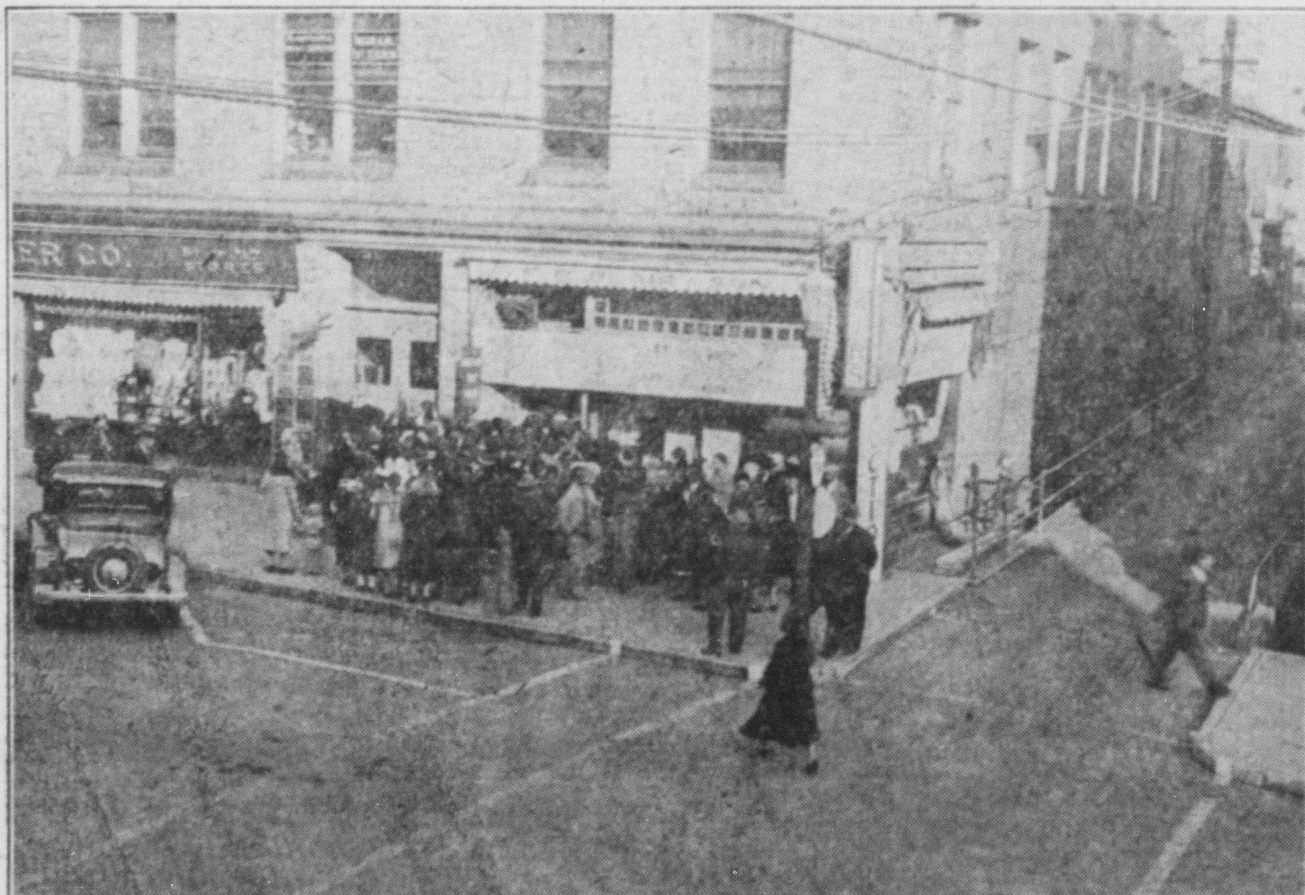

The balls still to be played, the one being played and the plunger are always visible, which, together with the gauge, add to the interest by developing the player's skill.

DESCRIPTION—Beautifully finished, wood frame. Playing field with appropriate design. Folding legs. Size 11 1/2 inches wide by 18 inches long by approximately 1 inch thick.

Size was carefully determined. It is large enough to be intensely interesting, yet not cumbersome. Holds players' interest for hours at a time because of its automatic operation and speed.

MADE TO SELL FOR \$3.50. Our Price \$1.79
