IN MEMORIAM

DAVID KERLAN GEISS

He entertained us by the blazing fire With many pleasant anecdotes and tales, When Winter robed the hills in white attire

And bound the streams and blotted out the trails; And as we harkened, through the friendly hours, We could forget life's cares and drudgery;

The snow flakes seemed to turn to lovely flowers, And North Wind's blast became a symphony.

Bleak days are here again; the snow has come; The trees stand bare and black against the sky. The fires are lit; but oh, our hearts are numb, Because we miss the twinkle in his eye.

And now, above the tolling funeral bell, We raise our last salute: HAIL AND FAREWELL!

—Harvey W. Flink.

The above poem of tribute was written at the request of Mrs. D. Wagner Geiss of Bellefonte, and read during the funeral services of David K. Geiss by the Rev. John F. Harkins, pastor of the Lutheran church of State College.

DEATHS.

ROSSMAN.—Mrs. Mary Elizabeth Rossman, a life-long resident of south Potter township, died at her home at Tusseyville, Tuesday evening of last week, at the advanced age of 85 years, 1 month and 2 days. Funeral services were held from the home on Saturday afternoon, conducted by Rev. D. R. Keener, with interment in the Union cemetery nearby the home.

Mrs. Rossman was the widow of Henry Rossman, an undertaker, who died about thirteen years ago. She was the daughter of Michael and Nancy Anne Brown Armagast, and lived all her life in the vicinity in which she died. There were no children, but there survive her two nieces and four nephews, namely: Mrs. J. E. Rhoads, Seymour, Mo.; Mrs. Mina Engart, Sacramento, Calif.; B. F. Shirk, Wintor Haven, Fla.; Arthur Armagast, Chicago; Frank Armagast, Miami, Fla., and Edward Armagast, Kings Mills, Arkansas.

Mrs. Rossman was of a most kindly disposition and was charitably minded, as is indicated by her will made five years ago. In the distribution of her estate she made a bequest of \$500.00 to the Womelsdorf Reformed church Orphans' Home and \$50.00 to the Union Cemetery Association for the care of the Rossman burial plot; to Mrs. Rhoads, who had charge of the funeral arrangements, \$200. The remainder is divided in various proportions to the nieces and nephews, who survive her, and also to the brothers and sisters of her late husband who survive her. Of these there is but one, Mrs. Margaret Grove, Boalsburg. T. S. Swartz will put into force her desires.

BRESSLER.—Charles Bressler, aged 85 years, one of the last surviving Civil War veterans in Clinton county, died at the Jersey Shore hospital, of complications. He was a native of Penns Valley and had lived nearly all his life in Penns Valley. For the past ten years he had made his home with William Miller, of Loganton, R. D.

New Chevrolets Add Over 85,000 People to Payrolls of Nation

TOP: New 1933 Chevrolet roadster climbing hill at General Motors Proving Ground. LEFT: New Fisher "No-Draft" Ventilation system illustrating how each passenger may have individually-controlled ventilation instead of being subjected to a sweep of air through the car, with resultant discomfort and danger to health. RIGHT: New rear-end of all closed models screening all unsightly underparts of the car.

Chevrolet's public showing of its new 1933 line means a material spur to national employment and materials consumption, since this company is the largest manufacturer in the largest industry in the world. More than 85,000 people are back at work, 30,000 in the company's twenty domestic factories, 21,000 more in Fisher body plants working exclusively on Chevrolet-Fisher bodies, and more than 36,000 in dealerships throughout the nation. As many more are indirectly benefited by the announcement, through making their livelihood by building parts for the car which Chevrolet buys from independent suppliers. Chevrolet's 1933 volume totals nearly 400,000 cars and trucks with a retail value in excess of \$200,000,000. This is said to be one of the greatest contributions made by any company this year to the economic welfare of America.

In the new line, now on display at all dealers', is a variety of models featuring longer wheelbase, new Fisher "No-Draft" Ventilation and many other features which the company has designed to retain for its leadership in the industry it has enjoyed for four years out of the past six. Other features included in the new line are more power and speed in the engine, which is newly cushion-mounted; improved free wheeling plus Synchro-Mesh transmission with Silent Second gear; a new "Starterator" that greatly simplifies starting; such safety elements as shatter-proof glass in the windshield; larger and lower bodies by Fisher, in the new "Aer-Stream" mode; three fewer controls, with really automatic features in some of those retained; an Octane Selector that insures the highest possible operating efficiency from all grades of gasoline, besides a uniform gasoline cost per mile; dash instruments of airplane type, for instant, easy reading; positive brakes; and still easier steering.

Last Wednesday night was one of the most foggy ever encountered by motorists who traveled from Bellefonte to Centre Hall. The entire way from the county seat to Pleasant Gap was a battle against a fog so dense that it was well nigh impossible to proceed at a rate of more than 15 miles an hour and keep the road. Some motorists upon reaching Pleasant Gap lost their nerve when Nitany Mountain loomed up, but the less timorous were well rewarded, for after making the ascent for a distance of less than 200 feet, presto! there was no fog; in fact, the contrast was so marked as to be almost unbelievable.

1933. We enter the New Year with the confidence that 1933 will see increased payrolls, increased prices for farm products and a more staple condition. We never doubted the existence of better things beyond, but there were no reassuring glimpses of reality, such as we have at present. No bank is more fortunate in the character of its customers than this one. And no bank could be more truly appreciative of their loyalty and co-operation. We wish all an abundant share of prosperity for 1933. THE FIRST NATIONAL BANK CENTRE HALL, PA.
