

ITEMS OF LOCAL INTEREST

F. V. Jodon and family will shortly move from the Brooks dwelling to East Church street to the Lambert house to be vacated by Constable Hannah.

Claude Musser, editor of the Millheim Journal, injured the thumb on the left hand while making an adjustment on the linotype, and later the wound became infected, requiring hospital attention.

William T. Twigg, of Lemont, stationed at Bellefonte as conductor of switching engines for the P. R. R. Co., was retired Tuesday of last week after more than 40 years' service with the company.

Rev. F. H. Foss, of Lees Cross Roads, Cumberland county, while attending the Evangelical conference in Lewistown, stole away from the session long enough to visit his son, T. S. Foss, and family, in town.

Mrs. Paul Seyler, of Avis, youngest daughter of Mr. and Mrs. A. M. Riegel, of Centre Hall, will be heard over the air from a Williamsport broadcasting station, Monday evening of next week. Mrs. Seyler is an accomplished singer.

Monday night there were flashes of vivid lightning and long and loud peals of thunder—the first electrical display for 1932. Tuesday morning and all through the day the sun shone brightly and all day long conditions were like we wish to see a month later.

Mrs. Stanley Brooks, a patient in the Blair Memorial hospital, Huntingdon, continues to improve after an appendicitis and gall bladder operation. It will be a week or more, even under the most favorable circumstances, before she can be brought to her home.

Two small bridges are being built by the State Highway Department over water courses on the Coburn-Spring Mills Pinchot road. One of these is located at the water tank Zerby Station, and the other a half mile farther west. Bridges on these roads more than ten feet in length must be paid for by the township or borough in which they are located.

Mr. and Mrs. Edgar Jodon, Millheim, announce the arrival of their second child—Robert Edgar—nine pounds net weight, on Monday. Mr. Jodon is an only son in a family of eight, and now claims to be on a par with dad, F. V. Jodon, in Centre Hall. Catharine, a sister, is all girl, but will have a problem to manage a brother together with a pa and ma. The proud father is day mechanic in the Millheim knitting mill.

Under a report of the proceedings of the Evangelical Conference in this issue will be found the new assignments of pastors, but nineteen in number. Rev. W. E. Smith again follows Rev. J. F. Bingman at Loganville, Cumberland county, York district, as he did when he came here. Rev. Bingman's new field is in Ringtown, Schuylkill county, Lewisburg district. Rev. S. A. Snyder has been transferred from Lewistown to Baltimore (Olive Branch).

Among the Reporter's Tuesday callers was Wallace Igen, a successful Gregg township farmer, who manifested great interest in the 'quake news from California. A bit of questioning revealed that he and Mrs. Igen were apprehensive of the safety of two brothers and two sisters of the latter living in the area covered by the disturbance. The relatives are Carl Larson and John Larson and Mrs. Christ Elmon, Los Angeles, and Mrs. O. G. Hoiburn, Pasadena.

Mrs. C. F. Emery, on Monday, became sixty years of age, and on Sunday the event was celebrated by holding a family dinner at the Emery home, which was enjoyed by the Emery children and grandchildren. Mr. Emery is six days his wife's senior, so the affair on Sunday included him. It is twenty-four years this month since the Emery family came to Centre Hall. Mr. Emery succeeded W. H. Meyer in the general store in the Penna Valley bank building and has been doing business there continuously since.

Stamp Collectors of Centre County to Organize March 21.

The Stamp Collectors of Centre county are trying to form a county club, and had a meeting at State College on March 9th, and decided to call a full meeting of all collectors on March 21, in Room 318, Old Main, at State College, 7 P. M. All collectors are earnestly requested to come or send their name to Prof. Thomas W. Mason, the temporary chairman, State College, stating their desire.

HOSPITAL REPORT FOR MONTH OF FEBRUARY

At the monthly meeting of the board of trustees held at the Centre County hospital, Tuesday, the following report was submitted and approved:

Number patients in hospital February 1st, 48; number patients admitted during month, 78; number births during month, 14; total number patients, 140. Number private and semi-private patients, 46; number patient days, 354; number ward patients, 94; number of patient days, 829; total number of patients, 140; total number of patient days, 1183.

The beer bill legalizing the manufacture of 3.2 per cent. beer is expected to pass the Senate. The House gave the measure a large majority. Both Democrats and Republicans, in large numbers, favored the measure.

FAIL TO HOLD YOUTHS FOR TAKING GAS FROM AUTOS

A number of young men in Texas, the north section of Millheim, have been accused of committing a large number of minor depredations during the past six months or more, tapping gas from parked cars and in private garages being among the chief offenses. Robes, chains, tools, etc., have also been splintered from cars, and these offenses too have been charged up to the element under suspicion.

A few nights ago, a car belonging to Victor Bright, son of George Bright, Aaronsburg, was parked in the front of the home of Dr. Scholl, a chiropractor, in the Texas district. Very unexpectedly the chiropractor went out the front door and was surprised to see two young men at the car, a can nearby with a rubber hose from the gas tank dropped into it. Of course, the youths at once took to their heels and sped into an alley, carrying the can with them. Mr. Bright and Mr. Scholl followed the young men, and finally confronted them. They were asked to give an explanation of their whereabouts during the evening, but evaded.

On Monday they were brought before J. R. Miller, J. P., but since Mr. Scholl could not identify them as being the same persons he saw at the car, the justice was obliged to dismiss the case for lack of evidence.

A part brought out at the hearing was that a pleasant evening for Mr. Bright was disturbed. The chiropractor has a daughter.

SMULTON'S NEW P. M.; REBERSBURG ATOP VOLCANO

Wilbur Meyer was appointed postmaster at Smulton a few days ago and is now in charge of the office. Herbert Stover was the former postmaster. The appointment appears to meet the approval of the patrons.

The Rebersburg postmaster, Clement H. Gramley, is said to be sitting atop a volcano. Long before the totality of the popular vote for Roosevelt and Hoover was summed up and announced, there were active aspirants to be Mr. Gramley's successor. Wires have been pulled in all directions since. Today prospective appointees are as anxious for a message from Washington as bank presidents are to hear from Woodin.

Great Big Comic Weekly.

Great big comic weekly—Puck—full of fun; comic cut-outs, lucky bucks play money, comic stamps, best 'funnies' in the world, all in colors. And big American Weekly Magazine, all with next Sunday's New York American.

FARM CALENDAR.

Timely Reminders from Pennsylvania State College School of Agriculture

Plant Hardy Materials—

March is the time to plant hardy trees, shrubs, vines, and herbaceous perennials. This work can be done most conveniently now before other spring work crowds it out of the schedule.

Reduce Milk Costs—

In spite of low prices for milk, the feeding of a balanced ration with grain in proportion to milk production still is the best practice. Milk is produced at the lowest cost by the best feeders.

Improve Celery Grown—

Philadelphia county growers produce one-third of the Pennsylvania celery crop. Spraying with bordeaux mixture has become an economical practice in the control of blight with resulting improvement in yield and quality.

Plant Sugar Maples—

The life and usefulness of an old sugar bush can be extended by filling in open spaces with young saplings 1 to 1½ inches in diameter. These trees can be located now, pulled and transplanted early in April.

Learn New Methods—

Each 4-H club member grows a garden, raises a calf or pig, keeps a flock of poultry, cans food, makes clothing, furnishes a room attractively, or carries on some other useful project. Club work educates the member in the use of new methods.

Plant in Rows—

More vegetables can be grown in the garden if long rows are used. Raised beds and low paths waste space and cause the soil to dry out more quickly. Use a line to make the rows straight.

Test Seed Corn—

Testing seed corn is one way of taking out insurance for a good corn crop. Few farmers can afford to take the risk of planting seeds that fail to germinate or which may produce weak plants.

Goods will not move themselves out of a store automatically, without some force making them move. You need to hitch them up to the power of advertising.

CENTRE COUNTY HOSPITAL NOTES.

Admitted during the week:

Ralph C. Witmer, Benner twp, surgical; Mrs. A. W. Witmer, Benner twp, surgical; Frank McClellan, Centre Hall; surgical; Arthur Roan, Bellefonte, R. D., surgical; Wm. Fox, Unionville, medical; Mrs. Clarence Irvin, Penna. Furnace, surgical; Mrs. Filmore McCartney, Howard twp, surgical; Wm. Hale, Huston twp, surgical; Mrs. Mary A. THINGS THAT NEVER HAPPEN

Now—CHEVROLET presents

THE WORLD'S LOWEST-PRICED FULL-SIZE SIX-CYLINDER ENCLOSED CARS

A NEW AND ADDITIONAL LINE OF CHEVROLET SIXES

COUPE \$445
COACH \$455
COUPE with rumble seat \$475
All prices f. o. b. Flint, Michigan. Special equipment extra. Low delivered prices and easy T. M. A. C. terms. Chevrolet Motor Co., Detroit, Mich.

Another great new line of cars from the leader! Chevrolet introduces, as an addition to its present Master Six, the new Standard Six line. Big, full-size, full-length automobiles. Built to Chevrolet standards of quality . . . performance . . . dependability . . . and economy. And selling at the lowest prices ever placed on six-cylinder enclosed motor cars.

The styling is modern, aer-stream styling . . . ultra-smart and up-to-the-minute. The bodies are Fisher wood-and-steel bodies—spacious, tastefully finished—and featuring Fisher No Draft Ventilation. The windshields have safety plate glass. The trans-

mission has an easy, clashless shift and a silent second gear. The engine is a smooth, fast, responsive six. And Chevrolet engineers have made economy an outstanding feature! Engineering tests show that the Standard Six goes more miles on a gallon of gas, more on a filling of oil, than will any other full-size car on the road. As for reliability—remember, it's a Chevrolet.

Introduction of this new Standard Six opens the way for new thousands of people to enjoy the advantages of Chevrolet quality. It gives the public, for the first time, a full-size automobile combining maximum quality and maximum all-round economy.
