Letter from 'Quake Area'

Mrs. Dora Naised, formerly Mrs. Dora Bressler, of Boalsburg, is in receipt of a letter from her daughter, Mrs. Gertrude Bressler Cringo, in Hollywood, California, telling of the earthquake in the following words:

"Dear Mother: I suppose you heard about the disaster out here. I must say it was terrible. It must be seen to be properly appreciated. But we live out of the danger zone—thank God for that. We felt the quake enough where we live, without being any closer. Everyone is put to work caring for the needy. I have been helping to nurse since Friday night. All are trying to do their bit; there are 15,000 people hurt, and must be cared for. You know that is a lot to be taken care of, but the doctors and nurses have almost everything under control. This morning (March 13) we had another severe quake. Some more were killed, and many hurt. The total dead up until yesterday morning was 130. Altogether we had had one thousand quakes since 5:56 Friday night—that was when we had the worst one."

FIRST NATIONAL BANK of SPRING MILLS

EVERY U. S. DOLLAR IS As GOOD as GOLD HERE

We have faith in the United States; in the leadership of its President; in the soundness of its currency.

While we believe that the great business revival which seems imminent means higher prices for all raw materials, we pledge ourselves not to advance prices of clothes, hats and furnishings on merchandise we bought on the old basis.

This is our contribution to what we hope will be a general movement to restore the buying power of producers, wage earners and salaried people, and give them the first fruits of the new era of prosperity.
