NO. 32.

## LIGHTNING DESTROYS LARGE BARN ON VAN TRIES FARM, SUNDAY P. M.

Sunday afternoon between the hour of four and five o'clock, the large barn on the Van Tries farm, located four miles west of Centre Hall, was struck by lightning and was wholly consumed. Four horses were in the barn at the time, but were removed, as was also a hay mow. All the other contents of the barn, consisting of 344 bushels of wheat, a large quantity of hay, implements and tools, were burned. At the time the barn was struck there were two men in it, one of whom was on a hay mow. They saw planks ripped up from the barn floor and great sheets of fire flash by them, but were not to any appreciable extent affected, and managed to salvage what little was taken from the barn.

The farm is tenanted by Mrs. Mary

Mattis and her son, John. The place contains a large acreage. The Mattis families moved there in the spring of 1931. They carried light insurance on implements and tools, but nothing on grain.

The farm is owned by Col. T. D. Baul, who is said to have the buildings insured. The structure was of the regular bank type, and was 104x46 feet in dimensions. This is the third time the barn on the place was burned. The first fire occurred in the same way about 1882, and later a mystery fire. George Swabb was tenant when the first fire occurred, and his son, William Swabb, at the time of the second fire. The tenants now have nearly fifty head of cattle on the place, with no feed in storage.

## LOYSVILLE BOYS' BAND HERE MONDAY EVENING

The Tressler Orphan Home boys' band, also known as the Loysville boys' band, will give a concert Monday evening, on the band stand at Grange Park. The park will be open to all, and the privilege of holding the concert there is granted free by the Park committee.

The well known band is composed of forty pieces, and each youth is an artist. Their selections of music are greatly varied, including work of master composers to composers of less note. The boys will be entertained by Lutheran families in Centre Hall and about Tusseyville. They will arrive Monday forenoon from Turbotville and will leave Tuesday forenoon for Phillipsburg.

As has always been the custom when giving these concerts, an offering will be asked. The money so gathered becomes a part of the general fund of the institution.

## LOCAL YOUTH RECEIVES AMATEUR RADIO OP. LICENSE

Richard Bailey, 19, of Centre Hall, was issued an amateur radio operator's license by the Federal Radio Commission. The examination was held in the National Guard Armory at Bellefonte a few weeks ago, by the U. S. Radio Inspector.

## GRANGE FAIR BEING MADE READY FOR OPENING NEXT WEEK - PROGRAM

The work of preparation for the great 1933 Grange fair is almost completed as the opening day draws near. These beautiful fair grounds were never in finer condition. Certain changes and improvements have been made which will add to the pleasure and comfort of both camper and visitor. Each year too more shade is available as trees have grown in size.

A number of old tents have been discarded, thus improving the appearance of the camp and eliminating much dissatisfaction under unpleasant weather conditions. Tents to be used have all been erected according to the accepted plan, streets and avenues in orderly arrangement. And furnishings—floors, bench, bunk and table, placed within each tent, also wired for electric light in readiness for the opening, Thursday morning, August 24. Campers upon entering the grounds are advised to report to headquarters at which time messengers will direct to tent location.

From indications to date the management are assured of the interest and support of the entire county. Department superintendents through information received daily have reached the conclusion every inch of exhibit space will be filled, with quality given consideration as well as quantity, in the matter of exhibits. And regarding the program for the week, no effort has been spared by the committee to bring the best, presenting each day a well-rounded series of performances which will be both entertaining and educational, satisfying the demands of youth and adult.

With more success than usual the management has secured entertainments of superior merit for each evening in making arrangements for the Grange play contest. Five Granges have entered the contest—Victor, Logan, Half Moon, Union and Pine Glen—and all have selected suitable plays of real dramatic and literary worth. And in the cast of characters members of the grange have been chosen who will be able to interpret to the best advantage both lines and character. They are being ably coached and the question of scenery and costumes given careful attention so that the public may be assured a finished production in the auditorium each evening. Admission to the auditorium for these plays is 15c and 25c.

Sunday evening following the union Christian Endeavor at 7 o'clock in the auditorium, the Alfarata Children's Chorus at 8 o'clock will bring to the fair something different and something above the average musical entertainment to be heard at a fair. Thirty-five children between the ages of eight and seventeen compose this organization and have been well trained from a musical standpoint by the able leader, Prof. Raymond Von Welsenfuh, of Lewistown. A fine concert is assured and admission to the auditorium is free.

## VOTERS WILL ACT ON SUNDAY GAMES

At the election next November every voting district in the State will conduct a referendum to determine whether baseball and football games may be played Sunday afternoons between the hours of two and six, regardless of whether admission is charged. A separate ballot will be furnished.

This provision appears in the so-called "Schwartz Sunday Act" approved April 25, 1933. The act makes it unlawful to play baseball on Sunday anywhere in the State before 2 P. M., or after 6 P. M. Games may be played between 2 P. M. and 6 P. M. in any city, borough or township, where the voters favor them.

## FOUR SEPARATE BALLOTS FOR NOVEMBER ELECTION

Voters in many precincts of Pennsylvania on November 7 may cast as many as four separate ballots, according to Secretary of the Commonwealth Richard J. Beamish, but he further states that in counties where the regulation ballot is short the constitutional amendment may be printed upon it, thus reducing the number of ballots to three. Centre county will likely be included in the latter class. The ballots will contain:

Names of candidates of all parties for election to county and municipal posts.  
The twelve proposed amendments to the Constitution.  
State-wide Referenda for local option of Sunday baseball and football between the hours of 2 p. m. and 6 p. m.

The constitutional amendments to be voted upon follow:

3. The General Assembly may prescribe the nature and kind of investments for trust funds.
4. The State may issue bonds to the amount of \$50,000,000 for compensation to persons who served in the several wars of the United States.
5. Abolish the payment of tax as a qualification to vote.

## DEMOCRATS NAME CANDIDATES FOR PRIMARY BALLOT

Borough Democrats went into caucus for the first time in a number of years and named candidates to be placed on the Primary Election ticket. In nearly every instance more candidates were selected than the number of persons to be elected, so that at the primary election Democrats will have an opportunity to make selection.

There were only one or two open candidates. These were D. K. Keller, for school director, and C. D. Bartholomew, for tax collector, while for school director three additional names will be found under that head—two to be elected.

The caucus was one entirely harmonious, and the attendance was in numbers about as many as usually interest themselves in such affairs. Of course, the ballot many contain names not found here, provided petitions were properly filed on Tuesday or previous to that date. There are, however, none known to have been filed.

The candidates for the several offices are as follows:

## LEARN INITIALS.

The American public will have to get familiar with some new initials as a result of the recent congressional legislation. Look over this list and remember them:

- NIRA—National Industrial Recovery Act.
- AAA—Agricultural Adjustment Administration.
- TVA—Tennessee Valley Authority.
- HOLC—Home Owners Loan Corporation.
- PWA—Public Workers Administration.
- FERA—Federal Emergency Relief Administration.

In addition to the above rather new abbreviations, there are some already familiar ones, like, for example, the RFC, Reconstruction Finance Corporation. It is already so well known that some people call it by the initials without knowing what each letter stands for.

The steel bridge under construction spanning Bald Eagle creek at Flemington is nearing completion and will be open to traffic in less than a month, unless unexpected delays occur.

Through a bequest of the late Wm. V. Hughes, architect of Hollidaysburg, the Presbyterian Home at Hollidaysburg will receive the income from \$1000.
