Baker Truck Company

The Home of The G. M. C. Truck

Patronize this firm located at 424 East Walnut Street in Lewistown for a new motor truck.

An expert knowledge of the truck industry is evidenced in the selection of the G. M. C., a popular and superior truck.

The management deserves the consideration that the public is giving their establishment which has merited the large patronage because the service is eminently satisfactory, the work is only that of experts and the high-grade trucks which they offer have no peers on the market today. It may be truly said that no matter what you may wish in the truck line, this place is prepared to meet your demand satisfactorily. Their parts department is most complete. This is a very important feature, especially in this day and age, and the large stock of parts and repairs that they carry, enables them to serve you in the most prompt and

efficient manner, saving endless time, trouble and delay.

Mr. Baker is recognized as authority on motor truck transportation, being thoroughly familiar with all the details of this important problem that is now engrossing the attention of many business men and manufacturers.

He can give facts and figures on original cost, of maintenance, rapidity of service as it relates to the other factors in the business and in fact with every detail.
