**WITH ADVANCE CERTAIN,
NOW IS THE TIME TO BUY**

In every line of industry and trade higher wages are operating to increase production costs. Things are going to be more valuable than money, and at such a time free buying is part of prudence.
There is in this country an enormous latent buying power. Alongside it is an even more enormous latent demand for things. Our clothes are shabby, our automobiles rattle, our houses need painting. We need nearly everything, and for four years we have been buying the very starvation minimum. We were afraid to buy because prices had steadily fallen and we were afraid of losing our jobs. It was the thing to do in a downward spiral. But it is not he thing to do when everything is going the other way. Lower prices, unemployment, save. Higher prices, re-employment, buy. That is good sense and good business.

NOTED SCULPTOR AT WORK.

George Gray Bernard, the world famous sculptor, who Bellefonte can rightfully claim as one of its "notable sons" is now at work on a huge peace monument in his studio in New York. The monument will be in the shape of an arch 100 feet high and 60 feet wide. It will include fifty statues, each one nine feet in height. The sculptor is working on the plaster model of the monument which, when completed, he expects to be the masterpiece of his life's work.

SANTA CLAUS PARADE IN ALTOONA, FRIDAY, DEC. 1

The Altoona Booster Stores are making special arrangements for holding a big reception for Santa Claus, who has informed the Boosters that he will arrive in Altoona on Friday, December

1, the day after Thanksgiving. This is an event of great importance to all the people of Central Pennsylvania, especially the children.
In order to accord Santa the honor that is due him because of his great popularity, plans are being made to greet him on his arrival and escort him through the business district with a worthwhile parade.

One of the big features of the parade will be a series of floats representing various Mother Goose characters, all of which are favorites with the children. Those who impersonate the various characters will be robed in gorgeous costumes.
Santa Claus, of course, will occupy a float all by himself, escorted by his

own band.
The series of floats will also include the famous Mickey Mouse characters. The parade will start promptly at 2 o'clock Friday, December 1, the day after Thanksgiving.
Booster Stores extend a special invitation to all boys and girls throughout Central Pennsylvania to come and see Santa Claus and bring their parents with them.

Santa Claus has advised the Booster Stores that he will have his couriers travel along the route of parade and gather up letters addressed to him. So all boys and girls are urged to bring their letters with them so that they can be given direct to Santa himself.
