Distribution of Garden Seeds Through County Emergency Relief Board

George I. Boyd, acting executive director, Emergency Centre County Relief Board, announces that distribution of seeds and other garden materials for the thrift garden program is solely the responsibility of the County Emergency Relief Board.

"Many letters requesting seeds have been received at the office of the State Emergency Relief Board, Harrisburg, Pa.," George I. Boyd said. "That is not the place to send them."

"The County Board determines the eligibility to receive seeds, and families or individuals receiving them, must be registered with and approved by the County Emergency Relief Board. The Board then distributes the seeds."

"It will save a great deal of trouble if persons in need of this material make their request to our office in Phillipsburg for their supplies."

T. R. HESS NEW MANAGER OF CENTRE HALL BALL TEAM

The local baseball club held a meeting in the council room Monday night. Among the business transacted was the election of Ernest Frank, president, and also was made a member of the board of control. Ralph T. Hess was elected manager.

It was decided to generally improve the ball ground, especially the diamond. This will be done by leveling it and applying fifty tons of sand to be procured from a mine back of State College. New bases, and rubber for the pitcher's mound will also be supplied.

MRS. SOPHIA REED, OF BRANCH, CELEBRATES 79TH BIRTHDAY

Mrs. Sophia Reed, on Sunday, celebrated her 79th birthday. Mrs. Reed is the mother of Mrs. Samuel Everhart, of near Lemont, where she lives.

Mrs. Reed is the seventh in a family of thirteen, five of whom are living, namely, Mrs. Sophia Reed, of Spruce Creek; Reuben and R. Crust, of Fillmore; T. L. Crust, of Phillipsburg; Mrs. Amelia Hoover, Altoona, and Mrs. Eva L. Corl, of Pleasant Gap.

SCOTT TO RUN FOR LIEUT.-GOV.; SCHREFFLER SEEKS SENATE

Harry R. Scott, who represented this district which is comprised of Centre and Clearfield counties, since 1926, has announced himself a candidate for Lieutenant Governor. He is also a candidate for State Committeeman for Centre county.

Roy H. Schreffler, of Phillipsburg, is a candidate on the Republican ticket for State Senator. Another Republican candidate in the district for State Senator is T. Reilly Lytle, of Clearfield.

Phillipsburg has another candidate for political recognition—Fred Hoffer—a Democrat, who aspires to become the nominee of his party for the general assembly. And then there is Miss Mary H. Swopes, of Julian, who wants a seat in the lower house at Harrisburg. Penns Valley, where Democrats are born, presents its native son, John W. Decker, who has been dubbed Penns Valley farmer-school teacher, is a candidate to become a member of the State House of Representatives.

Clark Trimble, clerk of the House of Representatives, had a number of leading Democrats of that body as his guests at luncheon the other day. After they had filled themselves with the "good bird" pie he served them, he revealed that it was made with English starlings. That starlings make good eating is not a new discovery. It may have been starlings which went into that famous pie which contained "four and twenty blackbirds." Maybe these millions of starlings which have been making such nuisances of themselves for some years were sent to us as "manna" to feed us in the lean years.

Malcolm Emerick, of Nittany, received his appointment to Postmaster at Nittany, succeeding Earl Peck, who had been in charge of that office for a number of years. Mr. Emerick has taken charge of his office and has moved the postoffice to his home.

ROAD FOREMAN APPOINTED IN EACH TOWNSHIP TO CARE FOR STATE HIGHWAYS, ROADS

The new road law, putting all township roads under State supervision for two years, is about to become effective. The law was passed at the behest of Governor Pinchot, and is believed to have been a political move.

Foremen have been appointed in each township who will have supervision of all roads—the State highways as well as the most insignificant township roads—and will also have supervision of the employees regularly engaged and extra men taken on for emergency work. The State will hereafter make all repairs to township roads. This includes surfacing and draining. Townships will be obliged to care for all bridges on the township roads and obtain leases for inlets and outlets for drainage as well as the construction of them. This refers to draining that must be done through private lands.

The foremen for most of the South-side townships and some of the assistants are noted:

Potter—C. A. Spyker, foreman; Samuel Gingersich, Edward Sweetwood and J. Frank McClellan.

Gregg—Ira Bartley, foreman; Roy Seanson.

Penn.—Not yet decided.

Haines—Adam Relsch, foreman.

Miles—H. H. Royer, foreman.

NEW CAMP SITE FOR GIRL SCOUTS TO BE ESTABLISHED

A Central Pennsylvania Girl Scout camp will be established this summer at a site located about four miles from Barra, Huntingdon county. The site is in a State Forest reserve, and has been leased from the State. It is a beautifully secluded spot with an abundance of trees and laurel, as well as a small creek where a dam will be built, sufficiently large enough for boating and swimming.

This will be a permanent camp, under the direction of trained instructors, to take care of the camping needs, and training of the Girl Scouts from small towns of Central Pennsylvania.

The following counties are interested in the project: Blair, Centre, Clearfield, Huntingdon, Mifflin, Bedford, Juniata, Fulton, and Cambria. Any Girl Scout troops in these counties are eligible to enter into this camp project, and should get in touch with either Mrs. G. I. Phillips, of Alexandria, or Mrs. John L. YOUTH FALLS INTO POND; SAVED BY YOUNGER BROTHER

Donald Foust, thirteen years old, son of Mr. and Mrs. James Foust, of Centre Hall, fell into the Flink ice pond through a hole he had cut into the ice, and might have drowned had it not been for the aid given by Bobbie, an eleven-year-old brother. The boys had gone to the pond to get ice, and cutting through the ice a section gave way, precipitating the youth to the bottom. Instead of becoming panicky, the younger brother gave a hand and no doubt prevented serious consequences. The axe the youth used is resting with McGinty.

LEAVES \$450,000 BEQUEST TO GETTYSBURG CEMETERY

Officials of the Lutheran Theological Seminary were on Friday notified that the institution had been bequeathed \$450,000 in the will of Charles Cronhardt, Jr., 80-year-old resident of Baltimore, who died in that city a week previous.

The will specifies that the income from the fund is to be used to erect a statue of Martin Luther on the seminary grounds, similar to the one standing in front of the Luther Place Memorial Church in Thomas Circle, Washington, and after this is done the income from the bequest is to be used for scholarships.

Officers and professors at the seminary were not acquainted in any way with the donor, and the announcement came as a complete surprise.

Cronhardt was a native of Seven Valleys, York county, the son of the late Charles and Susan Cronhardt.

The most recent thefts were gas from the cars owned by Charles A. Miller and Capt. Spotts, both parked in the same garage, and two or more blankets were lifted from the same cars. These thefts were committed during daylight, which leads some to think the sneak is some one not suspected of this class of work.
