Burkholder, secretary-treasurer.

Perry H. Luse, on Tuesday, rounded out his seventh week in the Centre County hospital, while a shattered bone close to the ankle in the right leg is undergoing repairs. Although obliged to lie on his back during all of this time, he rests comfortably and has had little pain except during the first few days following the injury. He is hopeful of being discharged from the hospital in about two weeks.

Miss Doris Moltz, a senior in the Centre Hall high school, who has fully recovered from scarlet fever, is anxiously awaiting the arrival of next Thursday, when the quarantine will be lifted from the Bartholomew home where she is living. All the other members of the Bartholomew household are well and there is no further spread of the disease anticipated. Miss Stegal, R. N., had the fever case in charge from the beginning.

Walter Wilkinson is receiving considerable mention in the Lock Haven papers on his stage work in plays presented by the students in Teachers' College, in that city. A reader announcing a coming play entitled "The Ghost Train," names Wilkinson as "Saul Hodgner," and further on refers to the actor as "having a snap of it; he dies in the first act, and has nothing to do all the rest of the evening but go down in the audience and hear what his family has to say about him after he is dead." Walter is from Potters Mills and is one of several students at the college named from Potter township, all of whom are making excellent progress in class-room work.

CENTRE CO. WOMAN CARRYING CHILD ALONG ROAD STRUCK BY OWN CAR DRIVEN BY HER SON

Mrs. Mary Elizabeth Bachman, aged 38 years, a resident of Spring township, while walking along the state highway about 2 o'clock on Tuesday afternoon, carrying her 3-year-old son, Sylvester, was struck by her own car, driven by her son, Charles Bachman, aged 16.

The young man turned out to pass another car, and the bumper of the coupe struck the woman, throwing her sideways to the pavement. The youth went on, not knowing that he had struck her, and a passing motorist picked her and the child up and took them to the Centre County hospital.

Her injuries include a fractured leg, a sprained ankle, lacerations of the face and injuries to her back. The baby received minor bruises.

The son who drove the car was held by the State Highway Patrol pending the outcome of his mother's injuries, from which it is expected she will recover.

Hot water electrically

for as little as

\$2.20 a month

The average family can have hot water service electrically for as low as \$2.20 a month.

This cost is on the basis of a 50-gallon tank and the use of West Penn's very low "controlled service" rate for water heaters.

Let our local representative show you what electricity for water heating would cost for your own home. When he knows your hot water needs he can tell what the monthly cost will be for your family. The low figure will astound you.

West Penn Shops and many other Electrical Dealers are prepared to install electric water heaters.

Ask us for the details.

America here they are!

To fill the record-breaking nationwide demand, Chevrolets are being produced at a record-breaking rate of

4000 units a day!

Chevrolet

Drive it only 5 miles and you'll never be satisfied with any other low-priced car

CHEVROLET factories are breaking records, trying to give America all the cars it wants. 4000 units a day are rolling off the assembly lines. In fact, more Chevrolets are now being produced than any other make of automobile in the world.

Naturally, Chevrolet is proud of the record its factories have made this year. Especially so, in view of the fact that the 1934 Chevrolet is not merely last year's model improved, but a basically new automobile throughout. Producing so many of these cars so early in the season, and producing them all up to Chevrolet high standards of quality, is nothing short of a real accomplishment!

Chevrolet takes this opportunity to thank the American public for the wonderful way it has received the 1934 Chevrolet car. And Chevrolet is happy to report, that with over 4,000 cars a day being built, dealers everywhere will soon be in a position to make immediate deliveries.
