THE BIG DAILIES vs. THE COUNTRY NEWSPAPER

The task of making a country newspaper to interest all classes of readers is not an easy one, but the following taken from the Christian Science Monitor is exceedingly encouraging to those who must put forth the effort:

"Turning from city newspapers to small town press exchanges that come to the editor's desk is like stepping from the stroma full of vice, into an old-fashioned garden with lavender and thyme and the scent of perennial flowers. The pages of big dailies are full of murder, thievery, immorality and selfishness that the better news is obscured by those glaring shatterings of the Decalogue. One puts the paper aside with a feeling of depression and headache that the world is so full of terrible and unhappy things.

"Then picking up the papers that record the happenings of the little town around us, one gains renewed faith in life. Here are set forth only that which uplifts a community—people, the marriages, births and deaths, farmers' items, and all the thousand and one daily occurrences that make up the simple annals of the great common people, who are really the foundation of this broad country of ours."

Sometimes people speak lightly of the country newspaper, but it is one of the most potent and uplifting factors in our national existence.

His age was almost seventy years. Burial was made at Pleasant Gap.

Farmers are beginning to take heart over the prospects of the coming wheat crop. Fields that at one time looked brown and entirely unpromising later showed vitality. Barring too many drops in mercury like was experienced Thursday night when thermometers registered ten degrees above, the wheat crop may be reasonably fair. The spring freezing and thawing is always the most destructive to the wheat plants.

TWO LOCAL YOUTHS ENLIST U. S. ARMY; GO TO PHILIPPINES

Two local youths, William D. Spyster, 19, and Burton Snyder, 20, enlisted in the United States Army, at the Altoona recruiting station, on Monday, for service in the Coast Guard Artillery, Philippine Islands. The former is the eldest son of Mr. and Mrs. C. A. Spyster, and the latter the second son of Mr. and Mrs. Floyd Snyder. Both are graduates of the Centre Hall High school.

The young men left Altoona for Harrisburg on Tuesday. At the latter place they will receive their uniforms and equipments, and then go to Norfolk, Va., for training for a period of two weeks, and April 9th a transport will be boarded in New York harbor to carry them to the Philippine Islands by way of Panama Canal. Good luck to the boys.

Robert L. Breon and Frank Rines, also of town, made application to enlist in the U. S. Navy, but after taking the preliminary examination concluded to shift to Army service. They will respond as soon as called for final examination.

"MISSIONARY TEA" HELD AT PRESBYTERIAN MANSE

The "Missionary Tea," which is an annual affair for the Presbyterian ladies of Centre Hall, was celebrated Wednesday evening of last week. Features of the program were most interesting, but space precludes the possibility of going into detail.

The "Glad Girls" double quartet were present and sang "At Close of Day" and "Save the Girls."

Prof. Slavkin, of Pittsburgh, and his pupils of the Centre Hall orchestra, played several numbers which added greatly to the musical part of the program.

Those in attendance besides the home society were the ladies of the Lemont Presbyterian society and some of the members of the societies of the sister churches of Centre Hall.

Lemont was especially well represented.

After the program a social hour was enjoyed and a Tea was served to all present by the refreshment committee. This committee was composed of Mrs. Emma Emerick, Mrs. J. A. Heckman, Mrs. W. H. Potter and Mrs. Robert Campbell.

The program committee was composed of Mrs. Kirkpatrick, Mrs. Alms and Miss Martha Boal.

WHEN you are suffering, you want relief—not tomorrow—not next week—but right away. DR. MILES ANTI-PAIN PILLS relieve in just a few minutes—less than half the time required for many other pain-relieving medicines to act.

Next time you have a *Headache, or Neuralgia, or Muscular, Sciatic, Rheumatic, or Periodic Pains*, just take an *Anti-Pain Pill*. Learn for yourself how prompt and effective these little pain relievers are. You will never again want to use slower, less effective, less palatable medicines, after you have used *Dr. Miles Anti-Pain Pills*.

I am much pleased with your *Anti-Pain Pills*. They are wonderful for a headache and for functional pains. I have tried every kind of pills for headache, but none satisfied me as your *Anti-Pain Pills* have.

CCC CAMP, TREASURER KETTLE, ONE OF NINE TO BE DROPPED

Nine of the ninety-two CCC camps in the Pennsylvania State forests are scheduled to be discontinued for the third period of emergency conservation work beginning April 1, according to instructions received by Lewis E. Staley, Secretary of the Department of Forests and Waters, from the acting director of emergency conservation work.

The camps scheduled by Washington to be dropped are:

No. 64, located at Treater Kettle, three miles southwest of Tusseyville, Centre county, in the Pennsylvania State forest.

No. 69, at Beavertown, two miles southwest of Beaver Springs, Snyder county, in the Bald Eagle State forest.

No. 79, at Kato, seven miles northeast of Clarence, Centre county, in the Sprout State forests.

No. 86, near Sinnemahoning, Cameron county, in the Elk State forest.

No. 106, at Shippensburg, three miles west of Strattonville, Clarion county, on State game land.

No. 115, one and one-half mile east of Wodoward, Centre county, in the Bald Eagle State forest.

No. 140, at Bear Lake, three miles northwest of Thornhurst, Lackawanna county, in the Lackawanna State forest.

No. 141, at Indianston Gap, 22 miles north of Jonestown, Lebanon county, on the State Military Reservation.

No. 142, at Martin Hill, sixteen miles south of Everett, Bedford county, in the Buchanan State forest.

No new camps were recommended by the United States Forest Service for emergency conservation work in Pennsylvania to replace these being discontinued. It is believed, however, that Camp 65 will not be permanently abandoned, but will be utilized for winter quarters owing to its superior construction and conveniences.

On Friday evening of this week, Good Friday, an Easter pageant entitled "Out of the Easter Garden" will be presented in St. John's Evangelical church, at 7:00 o'clock.

Dr. H. H. Longwell is reported to be seriously ill at his home in Williamsport.

PETITIONS FOR BENJAMIN C. JONES CARRY 18,714 NAMES

Colonel Benjamin C. Jones of Tyrone, who is a candidate for the Republican nomination for Congress from the Twenty-third District, is believed to have set a new high record for signatures on his nominating petitions when he filed them last week. The petitions carried the signatures of 18,714 registered Republican voters from the counties of Clearfield, Centre and Blair. Observers point out that in the field of four candidates where the normal Republican vote is 30,000, Colonel Jones will require less than three-fourths as many votes as he has signers to his petitions to assure him the nomination by a substantial margin.

The Tyrone publisher and former Blair County Republican chairman is an aggressive and able campaigner. To initiate his activities in January he began the formation of a campaign committee of active volunteer supporters with the number of five thousand as his objective. Now, with seven weeks of the campaign still to go the number of his committee has risen to over forty-four hundred. Apparently it will be only a matter of two weeks or so before his campaign committee will be in fact a Committee of Five Thousand.

FARM CALENDAR.

Timely Reminders from Pennsylvania State College School of Agriculture

USE CARE IN PRUNING—Pruning of peach trees should be postponed until the injury caused by freezing can be determined. Very little or no pruning should be done on trees where both fruit and leaf buds have been injured. The potential leaf surface on such trees has been greatly reduced and heavy pruning will make a further decrease.

NEW RHUBARB AVAILABLE—The Pennsylvania State College agricultural experiment station has developed four superior varieties of rhubarb which are now available for distribution. Requests should be sent to the Department of Horticulture at State College.

SPRAY APPLE TREES NOW—Only a few days remain in this month, the time when sprays for the destruction of San Jose scale and red spider eggs should be applied. A spraying oil is advisable for red spider eggs and either oil or a dormant application of lime-sulphur can be used for the scale.

IMPROVE FLOCK RATION—Weak-shelled eggs are laid by hens not getting grit or vitamin D. Oyster shells or limestone grit should be kept before the birds all the time and an eighth of a pint of cod liver oil each day for 100 birds will supply the vitamin needs.

FEED CHICKS EARLY—Chicks should be fed at a reasonably early age, as soon as they are well dried and become active. If purchased they are usually ready to be fed upon arrival at the farm. Waiting until the chicks are 60 hours old may find the chicks weak from hunger.

LIST SUITABLE EVERGREENS—Your county agent can suggest evergreens suitable for foundation plantings on the home grounds. The extension ornamental horticulturist at State College has prepared a list of six types of evergreens used for this purpose.
