PREPARE WOOL RIGHT TO GET BEST RETURNS

With the next few weeks more than 2,000,000 pounds of wool will be shorn and prepared for market in Pennsylvania, reports County Agent R. G. Blaney. While the value of this clip has been determined somewhat by the feed and care given the sheep the past year, a few facts which influence the value can be performed at shearing time. Simple, practical, and inexpensive suggestions for putting the wool up in the best possible condition follow: 1. Shear on a clean floor. 2. Shear sheep when perfectly dry. 3. Remove all dung locks from fleeces. 4. Roll fleeces flesh side out. 5. Tie with paper twine. Never use binder twine. 6. Store wool in a cool, dry place until sold.

BONUS PAYMENTS NEAR \$20,000,000, AVERAGE \$148.

State Treasury figures indicate more than \$20,000,000 in bonuses were paid to Pennsylvania's war veterans by the first of this month. A few days before the close of April, \$18,761,180 had been paid to 131,000 ex-service men. The average to each is \$142.80. The maximum one veteran may receive is \$200, computed on the basis of \$10 for each month of service. The State authorized a \$50,000,000 bonus and bonds for \$30,000,000 have been floated. At the present rate of payments, officials estimate the money available will be exhausted by the end of May. No action has been taken to obtain the additional \$20,000,000.

DEMOCRATS GAIN HEAVILY IN REPUBLICAN STRONGHOLDS

The remarkable gain of Democrats in Pittsburgh where there is permanent registration ought to mean much to the bosses of all parties. It shows a growing tendency of the people to be independent in their political thought. Thirteen of Pittsburgh's thirty-two wards last week showed Democratic pluralities at the end of the second general registration and while fewer than 100,000 of the city's 200,000 voters are now registered the ratio will probably be maintained. The totals so far are: Democratic voters registered, 45,142; Republican, 49,404.

IN A CITY THAT USED TO BE EVEN STRONGER REPUBLICAN THAN DAUPHIN WHERE THE REPUBLICAN CANDIDATES USED TO WIN FIVE TO ONE OVER DEMOCRATS, THE NEW PERMANENT REGISTRATION, WHICH ELIMINATES TOMBSMEN, CATS AND DOGS AND PHANTOMS FROM HOUSES THAT DO NOT EXIST FROM THE POLY BOOKS, MEANS SOMETHING.

Persons who sit down with a copy of Smull's election figures and compute probable votes of coming elections will have to consider the new trend among the voters in arriving at their 1934 figures.
