

HOW JOHN L. HOLMES VOTED ON LABOR IN 1933 SESSIONS

On twenty-seven measures (fifteen in the regular and twelve in special) in the 1933 sessions of the State Legislature, Hon. John L. Holmes, Centre county's representative in the lower house of the State legislature, voted against the interest of labor twenty-five times and on two measures failed to vote at all. That is not such a good record for labor, in fact, it is rotten.

CHEAPER TO KEEP THIS CONGRESSMAN AT HOME

Congressman J. Banks Kurtz is seeking his seventh term in Congress. Not content with eighteen years of salary drawing and costly expense allowances, Mr. Kurtz succeeded at the last primaries in crushing a rising sentiment in his own party in favor of his retirement, and had himself re-nominated.

CONGRESSMAN AT HOME

Now he is asking the citizens of Centre county to elect him to another term.

Table with 2 columns: Item and Amount. Items include Salary (\$112,000.00), Allowance for clerk hire (\$2,158.00), Stationary allowance (\$1,526.90), and Mileage allowance (\$1,300.50).

Total \$167,008.50

One hundred and sixty-seven thousand dollars for doing what?

Building up his own political machine for one thing, in order to keep himself in office, and—

By his voting power doing everything possible to retard the recovery program of the Administration.

For those who may be skeptical, here are the facts:

On May 11, 1934, when the House of Representatives had before it for consideration its House Bill for the appropriation of \$200,000,000 to be used for highway and road construction, Congressman J. Banks Kurtz (Republican) of Pennsylvania, was paired AGAINST it when the vote was called.

This means that he is recorded against the appropriation which was designed to furnish work for the unemployed.

Fortunately the bill passed, but if it had not been for the strong Roosevelt leadership, it might have been defeated.

It should be remembered, too, that this bill carried with it \$9,599,877 for our own State. How would the unemployed of Centre county be faring today if Mr. Kurtz had his own way?

And yet he asks them to send him back to Washington for another three years.

Again we cite Mr. Kurtz's refusal to co-operate fully with the passage of what was known as the General Deficiency Bill.

This Bill included among other things: \$500,000,000 for relief purposes, \$525,000,000 for drought relief purposes, \$100,000,000 for road construction purposes, \$5,000,000 for road and trail construction in national parks, \$45,000,000 for public buildings in various States.

Congressman J. Banks Kurtz voted AGAINST this measure.

The Bill was passed, however, but not with Mr. Kurtz's sanction.

If he had had his way, Pennsylvania would not have received any of the appropriation.

While our State officials were issuing urgent appeals for help from the Federal Government, Mr. Kurtz was down in Washington voting against them.

Is there any good reason why such a Congressman should be re-elected to office for the seventh term?

Wouldn't it be cheaper to keep him at home?

It's the Old Deal against the New Deal. Which do you prefer? Go to the polls Tuesday, November 6, and express yourself!

Assemblyman Herbert B. Cohen, of York accused Schnader, Republican candidate for Governor, as "stalling" on the definition of the term "indigent" as contained in the old age assistance act. There will be many disappointments among those who have made application for this pension. The first payment is made due after the election, and even if there was available money to pay, the decision to what degree an individual must be pauperized in old age to qualify, will be disheartening. This decision will be made after, not before, the election.

The three great railroad brotherhoods will support the candidacy of Joseph F. Guffey for United States Senator and George H. Earle for Governor.

John W. Decker for the Legislature—these are the New Dealers—disciples of Franklin D. Roosevelt,—men who will play the game with him to pull us out of the morass into which the big interests under the protection of the Republican Party have gotten us. Vote the Democratic ticket.

CENTRE CO. CHILD HEALTH COMMITTEE MAKES REPORT

In a report covering activities of the Centre County Child Health Committee since that organization began to function in April, the Centre Hall committee outlines what has been accomplished so far in the way of examining the children of families on relief.

Of a total of 70 children examined, 40 had been vaccinated and six had been given diphtheria toxoid before the examination. Of the same number 25 need dental treatment or check up; 38 have defective tonsils; one has orthopedic defect; one has lung defect; 4 have heart defects, and 7 have eye defects.

The Emergency Child Health Committee will only take care of the cases that are really emergency. The examinations were all given free of charge and any defect that is considered emergency will be taken care of. In some localities local organizations are furnishing glasses for the children that need them, and also other necessities to their physical welfare.

The local committee has completed the work on the list of 70 children under 16 years of age given by the State. The committee is now ready to start the nutrition classes held for the mothers of relief families.

EPISCOPALS FAVOR SPREAD OF BIRTH CONTROL LITERATURE

The House of Bishops of the Protestant Episcopal Church, assembled in Atlantic City, N. J., at its session on Saturday, adopted a resolution advocating passage of laws to permit disseminating of birth control information by hospitals, reputable physicians and clinics.

"We endorse the efforts now being made to secure for licensed physicians, hospitals and medical clinics freedom to convey such information as is in accord with the highest principles of eugenics and a more wholesome family life wherein parenthood may be undertaken with due respect for the health of the mother and the welfare of the children," the resolution read.

Employees of State liquor stores are under Civil Service, but they are being dunned for Republican campaign contributions just the same. Some of them, at least, have been dunned for the second and third time, the last dund having the language of a demand. These could be protected against the looting forces of the Republican party by Governor Pinchot, if he wished to do so, but that dirty politician says in effect, "Go to it, boys; I'm with you."

Howard G. Elsaman, National Grange Deputy, for Pennsylvania, announced he will support the Democratic ticket. Elsaman, a Republican, has been active for many years in Pennsylvania State Grange. From 1925 to 1933 he was a member of the Grange Legislative Committee, serving as secretary of that body from 1928 to 1933. He was State Lecturer for the State Grange from 1927 to 1933.

Eber Cockley, twice Progressive State Chairman, and for many years a friend of Governor Pinchot, announced his decision in a letter made public by State Representative Norbert J. Fitzgerald, of Erie. He urged all progressive and independent Republicans to support the Democratic ticket.

GRANGE HALLOWEEN PARTY.

CENTRE COUNTY FARMERS VOTE ON CORN-HOG PROGRAM

Centre county farmers who had signed corn-hog contracts recently voted by mail on two questions:

1. Do you favor an adjustment program dealing with corn and hogs in 1935?

2. Do you favor a one-contract-per-farm adjustment program dealing with grains and livestock to become effective in 1936?

Of the thirty-one farmers eligible to vote on the questions, these voted as follows:

Question No. 1.—Yes, 7; no, 9; not voting, 15.

Question No. 2.—Yes, 9; no, 5; not voting, 17.

The corn-hog board is composed of Malcolm Musser, Bellefonte, president; H. L. Ebright, Centre Hall, secretary. Others on the board are J. B. Swabbs, Centre Hall; George Waite, Bellefonte, and Edwin H. Dale, Boalsburg.

The first question relates to the principle of production on adjustment and does not involve an expression of opinion concerning any specific program. In any program dealing with corn and hogs in 1935, benefit payments would not be the same as they were in 1934. 1935 benefits would probably be somewhat larger for corn and materially less for hogs than were paid under the 1934 contract. A 1935 program would probably follow the general plan of the 1934 program and would include benefit payments on both commodities. Contracted areas could be used for any hay, pasture, forage or woodlot purpose without restriction. Basic crops would not be produced upon contracted areas.

The percentage of adjustment from the 1931-1933 base production would not be greater than that required in the 1934 program and maybe less.

In regard to the second question, it has frequently been suggested that a program be developed which will bring all grains under one contract. Such a program would involve the six grain crops named as "basic" in the Agricultural Adjustment Act, that is, wheat, barley, rye, corn, grain sorghums and flax. It would represent a shift from several single-crops contracts to a broad program of developing better systems of farming through less intensive use of land, conservation of soil resources, and use of the land for production of those crops for which it is best adapted. A one-contract-per-farm program could provide the desired degree of control over the combined acreage of the several crops involved and yet be flexible enough to permit as much freedom of action on the part of cooperating farmers as is consistent with the objective of maintaining the proper balance between production and effective demand. A one-contract-per-farm program would be financed by processing taxes on grains and livestock and might or might not include the direct control of livestock. There is not time to develop this kind of a program for presentation to producers this fall, but it has been suggested that such a program be developed for 1936 and after.

LOCAL HIGH SOCCER TEAM CONTINUES WINNING STREAK

The Centre Hall High school soccer team successfully maintained its unblemished record for the season by defeating the highly-touted Hublersburg team at Hublersburg last Friday, by a 2-1 score.

Centre Hall broke into the scoring column late in the first quarter when Ken Frank connected with "Bill" McClenahan's perfect corner-kick. Hublersburg evened the count a few minutes later as Miller, inside forward, scored on a beautiful thirty-yard boot. The final score of the game came in the third quarter with Ken Frank again taking honors. He was ably supported by the passing of McClenahan and Bradford, inside forwards.

The Centre Hall line displayed plenty of form in their passing and tackling and the backfield work was splendidly coordinated, with Homan making several beautiful plays as goalie.

Friday's results: Centre Hall, 2; Hublersburg, 1. State College, 1; Boalsburg, 0.

TEST 70,000 LEGHORN BREEDERS FOR WHITE DIARRHEA

The Kerlin's Grand View Poultry Farm of this place will produce baby chicks in 1935 exclusively from breeders that have been blood-tested for Pullorum Disease, commonly termed bacillary white diarrhea.

This work is being done by four State licensed veterinarians and sixteen assistants.

A small quantity of blood is drawn from each bird and mailed daily to the Bureau of Animal Industry, Harrisburg, where the tests are made. Reports are mailed back from the laboratory indicating which birds, if any, from the various flocks shall be removed and immediately disposed of in a manner prescribed by the Pennsylvania Department of Agriculture.

A sealed aluminum band is attached to the leg of each bird. By the numbers embossed on each band the birds are readily identified.

This farm is preparing to offer day-old pullets and day-old cockerels throughout the coming season. Carl Carlson, of Bellingham, Washington, arrived at the Kerlin farm last week to instruct a class of five students. These five young men studied for a month in Missouri, under Carlson, who is an expert in the Japanese method of sex determination. It is Mr. Carlson's intention to remain here until the end of the year, giving weekly instructions to the Kerlin class as well as others whom hatcheries in various parts of the State plan to send here for this instruction.

DEFEAT E. P. V. H. FOR SIXTH WIN.

Centre Hall High school won its sixth game when it defeated East Penns Valley High, 5 to 2, on the local field, Tuesday evening.

Things looked bad for the locals as East Penns scored two goals in the first five minutes of play. At that point of the game the locals opened up an offensive that the down valley boys couldn't cope with and when the final whistle blew, five goals had been registered by the locals. Frank dent- ured the net twice while Bradford, McClenahan and Walker each scored once.

Another non-league game will be played here next Tuesday evening when the strong Millheim team will endeavor to scalp the locals. Millheim is leading the Union-Snyder league at present.
