HAPPY DAYS ARE HERE AGAIN.

A GOOD RIDDANCE.

The old reliable "Pathfinder" prints this interesting article, in which we occur:

College fraternities are dying, the collegians say. That's fine. Let them die, and let them be buried in the potter's field, without honors of any kind and with no mourners. Let them be buried to stay buried. Let nobody, high or low, ever propose their resurrection. Secret societies have been one of the evils which have sapped the life out of colleges and made them as dead as Sodom. The scourge has spread to the public schools and it has caused the same irreparable damage there.

College and school fraternities of the secret order are built on snobbery and class preference based on wealth, influence, social standing and gang unity. They represent gang politics as applied to our institutions of learning. They have set up wholly wrong standards as to purposes of education. They have attempted to substitute secret "pull" and pressure for scholarship and the development of character. To a large extent they have got away with it in the past. If their influence is on the wane it is a good thing for democracy and for the cause of education as a whole. Now is a good time to give them the "coup de grace" as the duellists say, and end them. If permitted to live at all they will be back in full force at some future time and the reform will have to start all over again.

Thrilling riding and driving events will be included in the brilliant evening horse shows that will be held throughout the eight big days of the International Livestock Exposition, in Chicago, December 1 to 8. Leading stables are listing entries of saddle horses, fancy harness horses and ponies, and hunters and jumpers that will appear on each of the programs.

Miss Williams was born in the home in which she died, having spent her entire life there. She was the last member of her immediate family. Surviving are a nephew and two nieces: Mark W. Williams, of Bellefonte; Mrs. P. B. Shuey, who with her family made here home with her aunt, and Mrs. J. M. Bathgate, of Lemont. Burial was made at Bellefonte.

The deceased left Harris township when he was about eighteen years of age, and engaged on a farm near Bellevue, Ohio, and later in Michigan. Later on in his life he took up railroading, continuing in that line of work for forty-seven years. During the last thirty-seven years of his active life he was engaged as an engineer. Burial was made on Friday in Toledo. Besides the widow there survive him Mrs. William Houser, Linden Hall; Mrs. Mary Cunningham and Elmer Houtz, Bellefonte; Mrs. Henry Mash, Elizabethville, N. PENN STATE "LIONS" WILL PLAY QUAKERS SATURDAY

A general exodus from State College this week-end will take place and Penn State students will head toward Philadelphia for the annual meeting of the Nittany Lions and the University of Pennsylvania on Franklin field. Students at "State" have the right to select a half-holiday each fall during football season, and this Saturday morning has been designated by the undergraduate student government as the "football recess." Interest in the Penn game this year is at a high pitch, chiefly because the local eleven will probably enter the game a slight favorite for the first time in a number of years.

HIGH SCHOOL ATHLETIC NEWS.

Collecting recruits from the volley team and the "window sitting" group (to say nothing of the regular captain from the senior class), a strongly padded sophomore dodge team defeated the junior outfit ignominiously by a 17-13 score last Monday afternoon on the high school ground.

The volley players preferred the aerial attack but the Gertrude Meeker-Roberta Smith prize play was a toe-to-toe hold while the ball traversed the baseball diamond. Later in the game some dark horse effected a technical knock-out on an unsuspecting Bernice Frazier.

Later in the week a less ludicrous game between the upper-classmen and under-classmen ended in a tie despite two extra periods of play. The dodge ring was rife with cheering and enthusiasm, as the Tigers were combating a team from some foreign lair.

Midnite Show at the Richelleu. A special midnite show will be given at the Richelleu Theatre on Sunday night, November 11. A special feature picture which you will like; also, the best of comedy. Don't fail to attend.

The women of the Evangelical church will hold a chicken corn soup supper on Saturday evening, November 10th, in the primary room of the church. Price, 30c. Ice cream will be on sale.

FELTENBERGER'S 12000 BU. POTATOS TOPS ALL IN THIS SECTION OF COUNTY

E. I. Feltenberger, the local potato wizard, completed raising a 12,000-bushel potato crop on Friday. The varieties are Irish Cobbler and Michigan Kusslet. The tubers are clean of disease, and no rot developed. Of the entire crop there are being stored 2,500 bushels, the remainder of the crop having been sold and delivered to parties within a radius of 200 miles. The largest sale to a single customer was a lot of 2000 bushels. In some cases Mr. Feltenberger made the delivery and in others the customer came to the farm for the product.

Mr. Feltenberger has been in the potato game nearly all his life. He was first under the tutelage of Milo Campbell when a youth, later under R. F. Campbell, and for a season he was with L. K. Ritz, the Union county potato wizard of 45,000 bushels. The planting this year was done in a period of twenty days, between April 27th and May 17th. The seed used was home grown, but from certified seed planted the year previous. The forty acres were sandy soil, and one-half the acreage was cropped the second year. Commercial fertilizers were used, and the whole acreage carefully sprayed seven times.

The low price of potatoes this year reduced the net profit from the crop, but the grower knows there yet remains a margin, and is preparing to repeat the operation next year, hoping to do better. And that is a spirit that will win.

FIRST DAYS HUNTING AMONG LOCAL SPORTSMEN NOT BAD

The hunting among local sportsmen on the first day of the season was reasonably fair.

Turkeys were killed by Paul Zellers, Guy Brooks and Paul Brooks. Zeller's bird was a huge gobble weighing 21 beyond Milesburg. Ringneck pheasants were captured by Ralph Homan, 2; Miles Decker, 2; Ralph Luse, 1; Clarence Bladner, 1; Bruce Harley, 1; Paul Lingie, 1; Joseph Hartley got the limit of rabbits and William Weaver, a ringneck and three rabbits.

Most of those who killed ringnecks also got from one to three rabbits. Harry Gross shot the limit of rabbits, as did also Samuel Shutt, John Lingie and Daniel Bloom, while Ray Mark got the limit of both rabbits and squirrels. John and Samuel Ross bagged the limit of squirrels. T. R. Hess and R. S. Jamison each got the limit of squirrels on Saturday. Albert Emery, rural mail carrier, of Centre Hall, had the good fortune to bag a 15-lb wild turkey while hunting near the "Synagogue, in the Seven Mountains.

Rev. D. R. Keener of the local Reformed church probably got as good a bag during the first few days of the hunting season as anyone. Four ruffed grouse, two quail and six rabbits fell to his unerring aim. Daniel Daup shot a ringneck pheasant on Saturday.

Fred Slack got an exceptionally large ringneck pheasant on Friday.

GOVERNMENT PAY CUTS TO BE RESTORED BY JULY 1

Full restoration of the government pay cuts next July 1 will be recommended by President Roosevelt. This means a 5 per cent increase in all government salaries, which will put them at the 1932 level. Mr. Roosevelt said the pay increases would be urged in expectation of an increase in values and in prices by July 1.

He does not feel the increase will be warranted by January 1 but is confident of the upward trend by the time the new government year begins in July.

RESOLUTIONS.

Resolutions of respect on the death of John G. Dauberman, for thirty-two years a member of the Centre Hall school board, were adopted at a meeting of the board on Monday night. The resolution follows:

The members of the public school board of the borough of Centre Hall wish to express the loss they feel in the sudden death of one of their group, namely, John G. Dauberman, who passed from this life to the great beyond on October 13th, 1934. He was known by his co-workers on the school board to be a citizen who appreciated and valued the trust placed in him by the citizens of his home town.

In serving his fellow-citizens in this public office he gave unstinted account of himself, in his regularity at meetings and in the particular interests he manifested in the welfare of the children. No doubt his determination, his judgment and his faithfulness, were admired by the member who voted in opposition to him as well as the member who was of the same mind. He was allowed by his fellow citizens to have the distinction and the honor of serving continuously on the board for thirty-two years. He served as its president for several terms and also held the office of treasurer.

Resolved: 1. That we cherish the memory of our departed brother in that stalwart, efficient, loyal service rendered to the public, and in that memory try to do likewise; 2. That we extend our sincere sympathy to his bereaved widow in her loss; 3. That three copies of this action of the board may be made by the secretary, one of which to be kept on file with other important documents of the public school; one to be mailed to the widow of the late John G. Dauberman, and a third copy to be printed in The Centre Reporter.

COMMITTEE.

COURT NEWS—CASES HEARD NOT REQUIRING JURY TRIAL

The famous State College boro zoning ordinance came out from another airing on Thursday, before Judge Fleming who was hearing cases not requiring a jury, when Edward Norris, resident of Zone U-4 State College, appealed to the Centre county court against a ruling whereby it was declared that he was operating a business in a residential zone.

Principal objections concerned hammering around automobiles, blowing of automobile horns and making other noises declared to be a nuisance to the people in the neighborhood. The appeal was sustained and the costs of the case placed on the borough of State College.

The same borough came in for another cost payment in a case against W. H. Clark, charged with disorderly conduct. The case was dismissed and the costs placed on the borough.

In another case relative to State College, Miss Margaret Brown, executive director of the Blair county children's aid, won an appeal for failure to stop at a through traffic stop sign. The costs were placed on the county.

Three Howard dairy thieves appeared before the court and pleaded guilty to entering, breaking and larceny. William C. Leathers, alleged ringleader of the gang, was sentenced to serve two to four years in the Western Penitentiary. Paul W. Forsman and Maurice J. Butler both were sentenced to serve nine months to two years in the county jail.

Minnie Eagle, Yeagertown, accused of illegal fishing, was sentenced to pay the fine set by the justice of the peace including \$20 for using a net and \$25 for fishing without a license.

Paul R. Byers, steward of the Millheim Firemen's Club, was fined \$100 and placed on probation for one year for operating gambling devices.

Bessie Coble, of Oak Hall Station, pleaded guilty to violation of the liquor laws and was sentenced to pay \$300 fine or serve six months in the county jail.

Joseph Parker, of near State College, was discharged with a payment of the costs after an argument concerning custody of his child. W. H. Alters, 77, Altoona, charged with open jawness, was discharged on payment of the costs and ordered to never return to Centre county.

Vincent Boldine, Bellefonte, charged with driving while under the influence of liquor, received the usual \$25 fine and 10 days in jail sentence while Reuben Page, Oak Hall Station, was ordered to pay a fine of \$25 and serve 10 days to two years in the county jail depending upon restitution made to the owners of the cars in the accident.

Forrest M. Flick, Julian, charged with passing 30 bad checks, was placed on probation for one year with orders to report every three months with full details of progress in making restitution.

HOW'S YOUR Mathematics?

Solution to any problem will be sent to any address, upon receipt of six cents in postage stamps.—G. C. Blose, Punxsutawney, Pa.

4. Bought oranges at the rate of 3 for 5c and sold them at the rate of two for 5c; what per cent did I gain?
5. A doctor was called out of town to see a patient, and upon returning half way home, he was called back 5 miles to see a second patient, and again upon returning half way home, he was called to see a third patient, 6 miles further away than the first patient. When he returned home, he had traveled 31 miles. Find the distance that each patient lived from his home. (This problem was given me to solve about two weeks ago, having been handed down by a physician who was recognized as an adept mathematician. Frankly, it required some concentration, but I solved it and am passing it on to the readers of this paper, who by a little careful thought, can also solve it.)

6. Now, we shall have a couple simple problems in multiplication by a simplified method, that often saves time and space:
Multiply 1560 by 16 2/3.
Multiply 840 by 12 1/2.
First, annex two ciphers and divide by 4.
Second annex two ciphers and divide by 8.
Thus: 156000 divided by 4 equals 39000.
And, 84000 divided by 8 equals 10500.
