DEFEATED SOCIALIST CANDIDATE HAS GRIEVANCE

State College, Pa., November 7, 1934.

Editor, Centre Reporter, Centre Hall, Pa.

Dear Sir:

Now that the emotional uproar of a wild election fight is over, I hope that the "wee small voice of reason" may be raised in protest against the unsportsmanlike conduct of both Republican and Democratic Party workers during the campaign. They cut each other's throats handsomely, but what they consider their common enemies about the Socialist platform, made the victims of unjustified abuse.

In addition to spreading the usual lies about the Socialist platform, many enthusiastic partisans added some personal mud-slinging for good measure. The Republicans repeated the stale fable that Socialism would reduce the common man to a condition like that of the Negro slaves before the Civil War, forgetful of the fact that under our present capitalist society, more and more people are being compelled to live on what is barely an animal level of subsistence.

But the grand prize for downright lying must go to the Democrats of this Congressional District. Multitudes of uninformed voters were told that the Socialist publicity in this region was being financed by Mellon and Grundy, and that the principal Socialist candidates had been paid by the Republicans to injure the Democrats' chances of winning. My offer of a \$1,000 reward to anyone who could show the least evidence in favor of this interpretation went unclaimed. Apparently the Democratic politicians, like their Republican brothers, believe that "All's fair in love and war."

It is too much to hope that intelligence and good-will have not altogether disappeared from our political thinking? As a Socialist, I believe in the ultimate triumph of Reason and Truth, but why must the path to a better life for all of us be blacked by so much ignorance and prejudice? The fact that we succeeded in more than doubling the Socialist vote in this Congressional District is a decidedly encouraging factor.

Respectfully, GEORGE W. HARTMANN, Recent Socialist Candidate for Congress.

HEART ATTACK FATAL AFTER DAY'S HUNTING

Centre county's first hunting fatality of the 1934 season came indirectly last Thursday evening when Fred Wood, of Phillipsburg, dropped dead as he ran to catch a bus after a hard day's tramping in the woods near Port Matilda.

According to the version of the story as related to a motor patrolman who happened on the scene shortly after the man fell, Wood flagged the bus as it passed him and then ran to catch it a short distance up the road. He was mounting the steps of the vehicle when he dropped over dead.

Coroner W. R. Heaton was called immediately and the body was taken to the Osman funeral home in Port Matilda, where an inquest was held Friday morning.

Wood was an automobile mechanic, about 40 years of age.

57 ELECTRIC ENGINES FOR P. R. R. TO COST \$15,000,000

The Pennsylvania Railroad Company, on Saturday, placed an order for 57 stream-lined electric locomotives involving an expenditure of 15 million dollars.

It was one of the largest locomotive orders ever made by an American railroad.

The engines, capable of an operating speed of 90 miles an hour, will be installed on the railroad's high speed passenger service to be inaugurated between New York, Philadelphia, Baltimore and Washington in February.

The engines will have 4,520 horsepower and will be equipped with 12 driving wheels, six on each side.

The order represents more than 4,200,000 man hours for railroad shops and the plants of electric equipment companies. The work likely will begin immediately and the engines will be delivered early in 1935.

Damages amounting to more than \$300 were suffered by two motor vehicles Wednesday afternoon of last week when a truck operated by Everett Hanson, of Julian, collided with a roadster operated by Emeline Rosman, of Pennsylvania Furnace. The truck proceeding along Route 322 two miles east of State College, hit the Rosman car as it came out of a side street. None of the occupants of either vehicle was injured.

WORK BEGINS ON "MISSING LINK," SEVEN MOUNTAINS

A few men were put to work on the "missing link," a section of the road over Seven Mountains, on Tuesday. They are brushing out the right-of-way. It will likely be some time before travelers will be asked to detour. When and where the first grading will be done is not known. The length of the "link" is 55 miles.

A part of a car load of iron for reinforcing the 186-foot long archway to accommodate a small creek at Brownie's Place, arrived here on Tuesday.

The east half of the road from opposite Reareick's place was concreted to the intersection at the foot of Sand Mountain, on Saturday. Since then pouring concrete has been in progress on the west side.

WOODWARD HOTEL ON FIRE.

A fire broke out in the Woodward hotel at about 8:00 o'clock Monday evening, doing considerable damage in three or four sleeping rooms and in one of several bathrooms. Most of the damage was due to smoke and water.

The fire is said to have been caused by either the electric wiring or an oil stove, the latter having been in use in a room occupied by a guest who was preparing to shave.

DOLLAR DAY IN ALTOONA BOOSTER STORES NEXT WED.

Dollar Day in Altoona Booster Stores is always an important event to the homes of Central Pennsylvania and all housewives and others will be interested in the announcement appearing elsewhere in this issue to the effect that the Altoona Booster Stores will hold another of their quarterly Dollar Days on Wednesday, November 21st. Coming as it does when people are in the midst of making plans for the purchasing of the winter's needs, both for home and personal use, this is the most important Booster Stores Dollar Day of the entire year.

All stores connected with the Booster Association will offer special inducements that will be of interest to every home and many people will also take advantage of the opportunity to buy at least a portion of their Christmas gifts.

Our readers are reminded of the policy pursued by the Booster Association throughout the past years, of urging people to first patronize their home stores, coming to Booster Stores only for those needs that their home merchants cannot supply, a policy that applies on Dollar Day as well as throughout the year.

All parking restrictions will be removed on Dollar Day, excepting, of course, where fire and other hazards prevent.

Any Booster store will give a Guest Card, on request, to out-of-town visitors for use on their automobiles, and which insures all who display the card, every possible courtesy from the police department at any time they visit Altoona.

A sewer system to cost \$27,000 is the principal Federal Works project to be put over in Union county. The system will be built at the Laurelton State Village. A minimum of 129 men will be employed, beginning November 20.

HUNTING NOTES.

George Goodhart shot a 12-lb. wild turkey, in the vicinity of the Synagogue, Seven Mts., on Saturday. Donald Goodhart, aged 15 years, brother of George, in his first year's hunting experience, developed "back" fever when a huge gobbler walked up to him. "Donny" suddenly forgot what he was after until the turkey got out of shooting range.

Five hunters from town, who were in the woods and fields in quest of game for a part of Saturday had very fair kills. John Bohn got the limit of rabbits and squirrels; Russell Bohn, limit of rabbits and ringneck pheasant weighing 3 1/2 pounds; Muth Bailey, a ringneck and rabbit; Ted Hartley, three rabbits; Frank Rines, three rabbits.

James From and Ralph Homan did a bit of hunting in a wild section of country beyond Cross Forks, Potter county, for a part of three days during last week, where black squirrels abound. They returned home with twenty-seven squirrels, thirteen of which were black. The black squirrel is said to be somewhat larger than the native squirrel about here, but about the same size as the greys in Potter county, which are also of unusual size. The blacks proved to be very fat, and as nimble and foxy as any squirrel need be to make their quest of interest to an experienced hunter.

RENNER-SMITH.

At a dinner party given one evening last week at the Lewisburg Inn by Mrs. Harry W. Gill, the announcement of the marriage of Miss M. Pauline Renner, of Lewisburg, and Howard E. The couple were attended by Miss Emily Steinger and Ralph Reish, of Lewisburg.

The bride, who is well known here, has been employed at the Lewisburg National bank, and is popular among the young people. The groom is manager of one of the Lewisburg American Stores.

Will Rogers Picks A Story For This Spot

By WILL ROGERS

GET another English Story based on English Peasant life. The English Toastmaster related it just before proposing a toast to his Royal Highness, the Prince of Wales. If it hadn't been for the story, we would have got to drink earlier.

It was in France during the late awkwardness. The Prince's Motor

Vehicle had become "non com" for the mo, and the Prince was out helping the driver to fix it when a staff car came up and the pilot got out and asked if he could be of any material assistance.

"No thanks," said the Prince, "it's only a minor mishap."

The young Pilot kept looking at the Prince and said, "Haven't I seen that mug of yours before?"

"You may have. I am the Prince of Wales. And you?"

"Oh, me! I am the King!"

Three days later the Prince was visiting a famous flying squadron, and as he entered the mess room he spied the face of the Pilot he had met on the road. Instantly the Prince's face broke into a smile, and he immediately hollered, "Hello, Dad!"
