### MISS EVANS, OF HAZELTON, KILLED; THREE INJURED— TWO MEN FROM BELLEFONTE

By colliding with a truck on the Hazelton-Shepton highway, Miss Jean Evans, of Hazelton, a passenger in a car driven by James H. Williams, of Bellefonte, was instantly killed, and Williams' sister, Mrs. Mary Allison, also of Hazelton, received a broken arm and sprained ankle. Williams sustained lacerations over the left eye and a shoulder injury while the fourth passenger, Fred Kurtz, of Bellefonte, suffered a broken arm and sprained ankle.

Miss Evans, 18, was thrown through the windshield.

Williams' car crashed into a coal truck, with no lights, parked on the road. On the left of the coal truck was a wrecked car that was in that condition due to its efforts to avoid hitting the truck, and on the right hand a steep bank, leaving Williams no other alternative than to hit the truck. Williams, under these circumstances, was exonerated by the county coroner from all blame.

### WANN AXE FACTORY RAZED; BUILDING WAS LONG IDLE

The Wann Axe Company, manufacturers of axes for the past 100 years, until the business was taken over in 1927 by the Collins Company, of Collinsville, Conn., will definitely be a thing of the past within the next few weeks. Workmen have started to raze the building, located in Lewisburg, and to move the machinery and the steel in the building to Collinsville, where a new building will be erected.

The buildings have stood idle for the past seven years and efforts of other companies to buy the buildings were discouraged. Vandals have broken windows in the building and even knocked off knobs of the safe in an effort to get into the vault.

### CAMPAIGN COSTS FOR 955 CANDIDATES OVER MILLION

It cost Pennsylvania's 955 candidates more than \$1,000,000 to seek office at the November 6 election.

The bulk of this expense was borne by the two major party state committees from individual contributions. Reports showed that the Republican state committee spent \$589,115 and the Democratic state committee \$248,029, or a total of \$837,144.

### \$4,916,069,587 LOANED BY EMERGENCY CREDIT UNITS

A survey of the five principal emergency credit agencies of the Federal Government to November 25 showed loans outstanding to public and private enterprise, all recoverable and which will be repaid, aggregating \$4,916,069,587. As security Uncle Sam holds collateral ranging from corn in cribs to bank and railroad bonds. Interest covers a range from 4 to 6 per cent, sufficient to cover entire costs of the administration of the agencies, and the obligations spread over terms from six months to 30 years.

The total does not cover relief expenditures nor money spent on strictly Federal projects designed to create employment.

Largest holders of outstanding loans was the Farm Credit Administration, which has loaned \$2,715,901,691 as aids to agriculture placed through Federal Land banks, the Land Bank Commissioner, Federal Credit Intermediate banks, Production Credit Association and regional Agricultural Credit corporations. Interest charges on these loans are 4 1/2 to 5 1/2 per cent and on mortgages from six months to thirty years. Save in the hard hit drought areas, repayments have been slightly satisfactory.

Two billion dollars is owed the Home Owners' Loan Corporation by 650,000 urban home owners with average loans of \$3,000. They are paying from 5 to 6 per cent interest and the loans are for 15 years.

The rapidly with which all classes of loans are being repaid brought expressions of pleasure from Government officials.

The RFC has been repaid more than two and a quarter billion dollars, or almost half of the entire four, and a half billion it has loaned outside of advances to Government agencies for relief, since it began functioning in February, 1932. Of these transactions, it showed a profit of \$60,000,000 and expects to do much better than break even, above all expense of operation. Its profits come from the difference between the 3 per cent it pays the Treasury, which in turn borrows it for much less, and the 4 to 6 per cent charged borrowers. With \$1,290,168,286 in outstanding loans on October 31 the RFC still has on hand more than a billion dollars available for borrowers including banks, railroads, insurance companies, credit agencies and other financial institutions.

Exclusive of outside grants, the Public Works Administration had outstanding approximately \$750,000,000 in loans to non-Federal public bodies and private corporations. Its loans are secured by bonds which draw from 4 to 5 per cent. Commodity Credit Corporation loans to corn and cotton farmers, aggregated \$200,000,000, secured by corn and cotton held on the farms and their object was to enable the grower to market his produce in orderly fashion.

### COST OF ELECTION TO MAJOR PARTIES TOTALED \$837,147

The cost of Pennsylvania's recent political campaign became known with the filing of official expense accounts by both major parties.

The expenditures:

Republicans	\$589,115.29
Democrats	\$248,029.
Total	\$837,144.29

The above total includes the following Philadelphia expenditures:

Republicans	\$206,754.
Democrats	\$134,563.78
Total	\$341,317.78

Although the Republicans outspent the Democrats by more than two to one in the State-wide campaign, the Guffy-Earle Democratic ticket scored a smashing victory over the Reed-Schnader Republican slate.

Simple arithmetic shows that the Republicans spent about 42 cents for each vote cast for their ticket, while Democrats spent but 16 1/2 cents for each ballot in their favor. Top men on the Democratic ticket polled 1,494,010 votes, while the Republican peak vote was 1,410,139.

The Republican State Committee's expense account showed contributions of \$229,000 from the financial committees of the State and national organizations. The State Committee paid off a deficit of \$30,069.24 during the campaign and now has a cash balance of \$28,345.91.

The Democratic State Committee reported receipts of \$242,907 and expenditures of \$242,340, of which \$5122 is listed as unpaid.

Governor-elect George H. Earle, in his personal expense account filed in Harrisburg a few days ago, listed expenditures of \$143,024, of which he contributed all but \$1925, given by friends. The Governor-elect's expenses were represented in the main by contributions of \$90,825 to the Democratic State Committee and \$50,000 to the Democratic City Committee of Philadelphia.

### LOCAL HUNTING PARTY BAG 6 BUCKS IN ALLEGHENIES

The Five-Point Hunting Club, a local group of sportsmen, whose club gets its title from the location in the Allegheny Mountains where five mountains converge, came home the beginning of last week with their quota of bucks—six. Two of them had unusually well shaped as well as large antlers and were brought to camp by Fred Slack and Ralph Homan. The names of the hunters were given last week at which time the kill was but one buck, taken on the first day of the season.

### CHRISTMAS SEAL SOLICITORS WILL CALL THIS WEEK

Solicitors for the sale of the Christmas Seals, sold for one cent each, are canvassing locally at present. The sale of Christmas Seals has made possible an organized campaign against tuberculosis that has been carried on with ever increasing emphasis and effectiveness. But they stand for something more than money raising, for they are truly health seals, since whatever helps to prevent tuberculosis makes for health.

### 'SQUIRE MILLER DROPS AUTO ACCIDENT CASE

The case of W. H. Hoffman, of Brookville, against John H. Klinger, of Boalsburg, in which Hoffman claimed he was not responsible for the automobile accident in which he figured last October was dismissed by Squire Miller of State College at a hearing before him last Thursday.

Squire Miller ruled that Hoffman had contributed to the accident because he was traveling at an excessive rate of speed. The accident occurred on the Boalsburg highway, when the car of Klinger, coming out of a side road on to the main highway, was struck by the Hoffman machine. Hoffman was represented by Furst of Bellefonte, and Klinger by Attorney E. L. Willard.

### MILLHEIM SILK MILL SOLD

The Receiver's sale of the real and personal property of the Millheim Spinning Mill, Inc., held Monday on the premises on Water street under the jurisdiction of Receiver J. R. Miller, brought a grim realization to some few people hereabouts. The mill, real estate, and personal property brought the sum of \$3315. It was bid in by R. W. Thompson, of Millheim, and it is understood on the street that an unnamed third party will be the new owner of the property if and when the sale is consummated by the court.

Against this sale bid of \$3315 there is an obligation of about \$21,000 unpaid first mortgage bonds, accounts and notes payable of almost \$35,000, together with unpaid local and state taxes totaling nearly a thousand dollars, with attorneys' fees, court costs, incidental sales costs, etc., not to mention wage claims of \$3500. It does look as though somebody is dropping a wand of douch.

The building, a one-story brick structure of about forty feet by two hundred feet, brought \$600. The equipment was sold piecemeal and brought a total of \$2715.

### PENNS VALLEY YOUTH PLEADS GUILTY TO 2D DEGREE MURDER

Carl William Lingie, 25, on Friday pleaded guilty to a charge of second degree murder in the Jefferson county, New York, court sitting in Watertown. The sentence he will draw is twenty years to life at hard labor.

Lingie was born out of wedlock to Elizabeth Davis, a daughter of Alexander Davis, who at one time lived in Georges Valley. His mother now is the wife of Maurice Lingie. The family lives in the mountains south of Sobow Station.

Lingie at the time of the tragedy was attached to the First Ordnance company, Madison Barracks. His wife was Ruth (Luffman) Lingie, 26. She is the mother of two children—Jean, 15 months and Carl, 8 months old.

The crowning took place Sunday afternoon, July 29, near Catfish Point, Lake Ontario. The children were left at the home of the parents of the mother. The couple went to the lake, according to Lingie's confession, sat on the beach for an hour drinking and smoking. They were in the water for half an hour, when Lingie swam to the shore, leaving his wife in the water. He said he heard her scream, "Carl, I am drowning," and that he saw her go down for the last time but did not go to her assistance. He did the deed, he said, for the children's sake.

Lingie said he was born at Coburn; quit school when in the third grade; drank to excess and was therefore intemperate.

The original charge was first-degree murder, but following a long consultation of attorneys and the trial judge, in which Lingie participated, it was agreed to accept a confession involving second degree murder.

The Pennsylvania State Grange is in its sixty-second session at Hershey this week. There are 800 subordinate granges in the state, each of which is entitled to be represented by the master, and most, if not all, of these are in attendance.

Six hundred candidates are expected to take the sixth degree.

Every week, since the election, Governor Pinchot has been sending out letters to newspapers telling what a great governor he (Pinchot) came near and would have been but for his ands. This week he tells the public, in effect, how much of a surplus his administration would be able to leave for Governor-elect Earle—had the money not been spent.

### C. H. H. S. WINS CENTRAL PA. SOCCER CHAMPIONSHIP

Setting a new record for high scoring in the Central Penn'a soccer championship game, the Centre Hall high school booters outclassed Mifflinburg high, Saturday, on New Beaver field, State College, to win the title by a 5-1 score.

A penetrating cold and icy field failed to keep the "Tigers" from playing their usual brand of winning soccer. This fact was evidenced when McClenahan and Dutrow tallied in the initial period. Bradford scored the third goal in the second period, while Spyer and Frank completed the scoring in the third period.

Earl Walter, captain and center half back played a brilliant game for the losers, while Boop scored in the final minutes the goal that saved Mifflinburg from a shutout.

Spyer, McClellan, Runkle and Homan, who will be lost by graduation, ended their high school soccer careers in a very formidable fashion. Homan played a flashy game at goal, breaking up several goal thrusts of the determined Mifflinburg line. Runkle, the midget half-back, figured prominently on both the offense and defense throughout the game with his heady playing. McClellan, handicapped by a leg injury, played only on quarter, but performed creditably. Captain Spyer proved to be the bulwark of the offense with his passing and shooting.

The playing of the other members of the team was up to the season's standard. The attack was well coordinated, with its flashy passing and dribbling while the defense was impregnable.

The "Tigers" scored thirteen goals in the three tournament games, while their opponents were held to one goal.

Lineup of the championship game:

Centre Hall	Pos	Mifflinburg
Homan	GOAL	Shaffer
Reish	RFB	Hartley
Heckman	LFB	Beeckley
Runkle	RHB	Reynold
Coldron	CHB	Walter
Dutrow	LHB	Embeck
McClenahan	RO	Hemmingway
McClellan	RI	Wagner
Frank	CP	Speigelmeyer
Bradford	LI	Chambers
Spyer	LO	Brouse

Substitutions: Mifflinburg—Boop for Hemmingway; Hoover for Wagner; Dersham for Reynolds. Centre Hall—Walker for McClellan.

### "PLAZA," THE NEW NAME FOR "RICHELIEU" THEATRE

"Plaza" was selected as the new name for the "Richelieu" theatre from a large number of names suggested in a contest closed the end of November. The very pretty and euphonious name the Richelieu will hereafter carry was suggested by James Gansullus, an engineer at the Federal Match factory. As a result he will receive a pass to the theatre, good for six months. The Plaza, the best show place.

### THE MISSING LINK

Work on the "missing link" section of the Seven Mountain State highway is progressing nicely. The steam shovel tore its way through the south mountain from the Shamokin club house side, and now the ground is being hauled by truck down the steep bank on the north side, filling up the old creek bed. Up to this time the material moved has been light work for the shovel. Should solid rocks be encountered it is planned to drill to the level desired and blast. This process may be on an extensive scale. One foot wall for the 156-foot arch has been poured, and the forms are ready for a similar operation for the second.

Sidney Bogart is carpenter foreman; Ambrose Haek, engineer, with Mr. Yoxheimer as general superintendent.

### LOCAL H. S. ATHLETES RATE HIGH SCHOLASTICALLY

Refuting the theory that athletes are men of superior physical brawn but lacking in intellectual prowess, Coach Jamison's soccer players distinguished themselves scholastically during the first quarter of this school term.

Six of the "Tigers" starting line-up, Spyer, McClellan, Bradford, Coldron, Frank, and Heckman, were on the high school honor roll this fall, and Runkle, with an average of over ninety, missed honors by only a tenth of a point.
