

MORE THAN 6,000,000 FARMS TO BE CANVASED IN CENSUS BEGINNING JANUARY 2

In 1850 when the first count was made of the number of farms in the United States there were approximately one and one-half million, with farm property valued at four billion dollars. The last Census of Agriculture taken in 1930 shows more than six million farms with a property value of more than fifty-seven billion dollars.

Some idea of the magnitude of the task now being undertaken by the Bureau of the Census in connection with the forthcoming farm census which will begin January 2, 1935, may be gleaned from calculations based upon the six million farms recorded in 1930. These farms totaled nearly a billion acres and crops were harvested from approximately 35,000,000 acres. The farm population was almost 35,000,000, or 24.8 per cent of the United States total. The broader classification, rural population, which is the population residing in places of less than 2,500 and on farms, was, at that time almost 54,000,000 or about 43.3 per cent of the country's population.

This census is one of the activities undertaken by the Government primarily for the benefit of the farmer, and all farmers are urged to cooperate by writing to the Bureau of the Census, Washington, D. C., for a sample copy of the schedule. By procuring a copy they will be able to study the questions and answer them correctly when the enumerator calls in January.

One of the best ways to assist in promoting the success of this census is for farmers to write to the Bureau of the Census, Washington, D. C., for a sample copy of the farm schedule and advise their neighbors to do likewise. It is important that every farmer be familiar with the questions on the schedule prior to the time of the enumeration.

ANTICIPATION OF THE 1935 CAMPAIGN IN CENTRE

From the Democratic Watchman the following is reprinted:

County politics are beginning to perk up in anticipation of the 1935 campaign when all major offices in the county will have to be filled either by re-election of incumbents or new aspirants. The only exceptions are the offices of Judge, District Attorney and Jury Commissioners. The campaign for these offices will not occur until 1937.

The success which the Democratic party has had in the past four or five years in electing its candidates will probably inspire quite a number to make a try for a nomination for some office at the September primaries while Republicans will probably not be so enthusiastic.

Of course it has always been considered ethical to give an office holder two terms, and this would entitle D. A. McDowell, Recorder, and John A. Wetzler, Register, the nomination for a second term uncontested. County Commissioner J. Viktor Brungart would also come under this class.

Many friends of S. Claude Herr are endeavoring to induce him to run for another term and he is giving the matter serious consideration. There is no denying the fact that he has made a splendid official and would add strength to any ticket the party might nominate.

One of the offices for which there will probably be strong competition is that of County Treasurer. Whether Mrs. Hunter will attempt to enter the contest is unknown but the fact that she was appointed by the Governor to fill out the unexpired term of her late husband, only leaves the office open to any one who may go after it.

The office of Sheriff is not nearly as tempting now as it used to be, since the Legislature passed a law last year, putting it on a salary basis instead of the fee system. Still, \$3,600 (the stipulated salary) is not to be sneezed at, these days, especially as the county will have to pay the salary of the deputy sheriff, turnkey, and all the other help necessary to feed the prisoners and take care of the jail, as well as food and other supplies. Under the new law, according to the opinion of various attorneys a Sheriff can succeed himself in office and it's just possible that John M. Boob may decide to be a candidate for a second term.

Two County Auditors will also have to be elected but these are regarded as minor offices.

SHEFFIELD MILK PRICES.

The net cash price paid the members of the Sheffield Producers' Cooperative Association, Inc., for Grade B milk testing 3.5% in the 201-210 milk zone is \$1.92 per hundred pounds for the month of November, 1934, subject to the established freight, grade and butterfat differentials. This is 16 cents a hundred pounds more than the price for October, 1934.

The members of the Sheffield Producers' Cooperative Association, Inc., sold the Sheffield Farms Company in November 1934, 80,968,228 pounds of milk. This is 4,313,146 pounds less than in November, 1933.

"Do all the good you can and make no fuss about it," was the advice of Charles Dickens to an assembly of school boys.

GOVT ECONOMISTS SEE BEST CHRISTMAS IN FOUR YEARS

On the basis of official and private figures available in Washington, Government experts predict that the country will this year enjoy the best Christmas trade in 4 years. The public has more money and is in a better mood to spend.

Hence the experts say that cash registers will ring as they haven't done since 1929. John Dickson, assistant Secretary of Commerce, declared he saw in the improved retail trade the basis for "sound recovery."

In making their predictions of greater spending this Christmas officials relied on Federal statistics showing increased farm income, higher factory pay rolls, increased Government emergency expenditures for job-creating projects, more stable bank conditions and on what they interpreted as a more confident optimistic frame of mind on the part of the people.

"The prospects for a big Christmas trade," Dickinson said, "show very clearly the state of mind—a satisfied and optimistic state of mind."

"All of the evidence indicates the people are in a greater spending mood, but not for reckless spending such as we saw some years ago. This mood to buy can be directly attributed to more employment and more money in the people's pockets."

The statisticians checked closely estimates that farm income this year will be nearly a billion dollars greater than 1933, rising from \$5,961,000,000 to about \$6,960,000,000. Other income was figured at \$736,000,000 against \$622,000,000 a year ago.

A good part of this rural wealth is expected to go directly into the retail trade.

Officials believe it will swell the buying looked for from \$250,000,000 to \$370,000,000 now being distributed by banks throughout the country to their Christmas club depositors.

Pinchot, in a statement issued last week, made it appear that upon his retirement from the office of governor, Pennsylvania would have a surplus of \$5,000,000, and a few days later State Treasurer Charles A. Waters informs the public that instead of a surplus at the end of the Pinchot administration there would be a deficit of \$18,000,000. You can make your choice as to whom you wish to believe, but as for us Pinchot's word is not accepted.

To the College student seeking cheap transportation during the holidays, Capt. Price, superintendent of the State Highway Patrol, says: "Thumbs down, boys, or \$2.00 fine."

Jesse Emil, 22 years old, who escaped some time ago from the home for epileptics, at Sellersgrove, was captured Tuesday by Deputy Sheriff John Bower, at Red Roost, close to Bellefonte. While Emil was free he beat up several of his brothers.

LOCAL ODD FELLOWS CLEAR HALL DEBT; CELEBRATE

Celebrating the completed payment of the judgement against their hall, the local lodge, I. O. O. F., No. 895, banqueted Friday evening in the Odd Fellow rooms.

William Montgomery, of Harrisburg, delighted the fifty-one members in attendance with a stirring address on Odd Fellowship. Mr. Montgomery formerly of Centre Hall, was instrumental in the formation of the local I. O. O. F. Hall Association, and author of the by-laws for that organization which was formed seventeen years ago, when the present hall was purchased.

The I. O. O. F. building was bought from the Harper estate for approximately \$4,000. The first officers of the hall association, who sponsored the purchasing of the building, were: V. A. Auman, president; George H. Emerick, vice-president; Wm. Montgomery, secretary; Harvey Mark, treasurer; and Wm. Homan, M. L. Emerick and Ed Crawford, directors.

The association has had a difficult time to settle the judgement held against the building and is justly proud of having reached its goal after seventeen years of struggling. Several years ago the building was partially destroyed by fire, the replacement cost of which very much retarded the liquidation of the first cost of the building.

A summary financial statement of the Hall Association follows:

Receipts.	
Rent	\$10,217.82
Donations	677.31
Insurance	3,055.23
Sale of lumber	295.43
Total	\$14,245.78
Expenditures.	
Insurance	\$2921.25
Taxes	1405.55
Interest	1189.50
Material, labor, supplies	846.43
Total	\$14,245.79
Balance in treasury	\$272.78

The accident happened near Bellwood, November 15th.

The marriage of Hughes D. Bruninger and Miss Cherry Jodon, which took place April 14, at Eagerstown, Maryland, became publicly known for the first during last week, although a few close friends were let into the secret at the time of the marriage, through the announcement of the marriage by the parents of the bride.

Mr. Bruninger is a resident of McClure, a graduate of Susquehanna University, '33. During the greater part of the 1933-1934 school term he taught in Centre Hall High and was re-elected for the present term. CHAMPION SOCCER TEAM FETTERED BY H. S. FACULTY

Centre Hall's Star Footers Hear Speeches and Enjoy Chicken Dinner at Woodward Hotel.

Centre Hall High school's soccer champions, who through their winning of the Central Pennsylvania championship brought added prestige to their school and their town, were guests of the high school faculty at a banquet served in their honor at the Woodward hotel, Thursday evening.

Other guests were the local school board, William Jeffrey an John P. Ryan, of State College, Mrs. J. F. Wetzel, Miss Goldie Stover, and a group of ladies fittingly described as "Sweet Sixteen" who accompanied their several boy friends.

Prof. R. S. Jamison acted in the capacity of toastmaster and filled the bill to the delectation of all present. He introduced the soccer team one by one, with a word of praise or with some idiosyncrasy peculiar to the individual, which provoked laughter.

Fred Spzyker, captain of the winning team, made a short speech in which he spoke of some of the vital points in dispute in various games played, and stressed the need of good referees.

Rev. J. M. Kirkpatrick, president of the school board, put the crowd in good humor with witty comment, and then in a serious vein reminded the team to push forward to success in life as they did in their favorite school sport.

Prof. J. F. Wetzel, principal of the schools, made a short talk, in both humorous and serious vein, which was well received. He spoke of the sacrifice made by the boys during their training, and drove home the thought that to win success in life requires much sacrifice.

J. P. Ryan, sergeant in the military organization at Penn State College, was the next speaker. He was the referee in many games played by the team and attested to the team's sportsmanship and their readiness at all times to uphold his decisions. He had the highest praise for Coach Jamison and Mr. Wetzel. He closed with the hope of seeing the team repeat next season.

At this juncture, Prof. Jamison introduced the captain-elect of the 1935 soccer team, namely, Kenneth Frank "Ken" was equal to the occasion and expressed his thanks for the confidence reposed in him; he assured his team-mates that success in 1935 would come on the strength of any one star player, but on the co-operation of all and asked for this co-operation.

William Jeffrey, Penn State soccer coach, was introduced by Prof. Jamison as one of the leading soccer authorities in the United States. The honor conferred upon him recently in being requested to assist in the selection of an all-American soccer team confirms this favorable introduction. Mr. Jeffrey is a Scotchman and had the honor of taking the first American Soccer team abroad, a short time ago. The team visited Mr. Jeffrey's homeland, where soccer is the national sport, and the boys from U. S. A. learned a few pointers hitherto unknown. True to Scotch tradition, they gave nothing in the way of victories, but did treat the visitors most royally.

To Mr. Jeffrey belongs the credit of introducing soccer in the high schools of Centre county. His argument is that soccer is best suited to boys of adolescent years, and that it is far superior to football. This statement is readily accepted by all familiar with the game.

Mr. Jeffrey in closing remarked he was glad to see the honor of winning the championship going around in the county.

Capt. Fred Spzyker, in a few appropriate remarks, presented a beautiful leather set to Coach Jamison on behalf of his team-mates. The coach, with becoming modesty, accepted with thanks.

Seated around the banquet board were the following: the faculty—Prof. J. F. Wetzel, R. S. Jamison, Miss Agnes B. Geary, William McCormick; the school directors—Rev. J. M. Kirkpatrick, W. W. Kerlin, R. S. Hagan, P. V. Goodhart, E. E. Bailey; Mrs. J. F. Wetzel, Miss Goldie Stover, William Jeffrey, John P. Ryan; the Misses Vivian S. A. Doty, Catharine Bender, Mary Droege, of State College; Dolly Hess, Hazel Lutz, Freda Burkholder, Willa Blausner, Jean Dingus, Ardah Ishler; Richard Lase, Kenneth Frank, Warren Homan, Richard Johnston, Robert Walker, Jay Runkle, Alfred Reish, George Heckman, Vinton McClellan, Fred Spzyker, Woodrow Bradford, Kenneth Dutrow, William McClenahan, Bob Wetzel.

Connell, in charge of livestock extension work for the Pennsylvania State College, reports. The animals have been fed in projects of the college extension service.

To eliminate the excess in numbers it has been necessary to have county round-ups.

In this case, plenty of money, enough, a layman might think to lure prosperity from hiding around the corner.

Last season he was unanimously selected for the All-County team at the center halfback position. During the past season, at center forward, Frank was the high scorer on the local squad.
