DON'T PUT YESTERDAY'S RANGE in Tomorrow's Kitchen!

Come in and see the range that won't go out-of-date

There's an entirely new standard for judging kitchen ranges—it's Electric Cookery. Unless the range you buy brings you the marvels and freedom given only by Electric Cookery, your kitchen will quickly be out-of-date.

What is Electric Cookery?

Electric Cookery is the nearest thing to producing meals by magic that women have ever known.

This grand new technique, which doesn't overheat even a summer kitchen, brings new safety, spotless cleanliness, certain cooking success to every home.

Electrically measured heat gives such accurate control of surface cooking that puddings, sauces—even cereals—can be perfectly cooked in ordinary saucepans without burning or sticking. Double boilers are no longer needed.

Electric Cookery introduces the sealed oven—free from drafts and dry air. Control of oven moisture and electric regulation of temperature makes baking success positive every time—minimizes meat shrinkage.

Come in today. Before you buy any range, see the wonderful new Hotpoint Electric Ranges which make these unusual methods available to you. Learn how the wonderful "chef's brain"—an automatic timer clock—enables you to cook while you go about other duties.

CECIL B. DeMILLE'S Presents—

"THE KING OF KINGS" (in Sound)

"THE KING OF KINGS" acclaimed by New York Reviewers as the finest picture ever screened! Splendid, Beautiful, Massy, and Filmed at a Cost of \$2,500,000—the "KING OF KINGS" is incomparable.

Read what your local Clergymen and Business Men Say About "THE KING OF KINGS":

"The KING OF KINGS," a sound motion picture which will be shown at the Municipal Theatre March 15 and 16, has been acclaimed the ONE and ONLY motion picture of its kind. Just one of the many reasons for its greatness is the fact that the entire story is taken direct from the Bible; there is nothing left undone in this gigantic production, even the entire cast of over 5,000 people were picked from the many who were not suited for the delicate parts throughout the picture. Only Cecil B. DeMille could bring to life on the Cinema screen this beautiful production. It is without a doubt that this motion picture will be remembered as the greatest of all religious pictures in the minds of the many who will see it. NO picture ever produced exerts the powerful appeal to the average person that "THE KING OF KINGS" inspires. There have been many pictures such as "Ten Commandments," Sign of the Cross and the "Passion Play" which have been offered to the public in the past, but there never has been such an interpretation of the Gospel as the Cecil B. DeMille's production—"THE KING OF KINGS." This picture has been endorsed by the following clergymen and business men of this community: Rev. A. C. Paulhaus, Rev. Louis V. Lesher, Rev. G. A. F. Griesing, The Hosterman & Stover Bldg. Co., Millheim Journal, E. P. V. H. School Grade schools of Millheim and Coburn, Pa.

(This is the First Sound Showing for this Picture in Centre County.)

Please note the show time for this picture, so that you may benefit by seeing the picture from start to finish. Length of picture, 2 hours.

FRIDAY Shows—7 & 9 P. M. SATURDAY Shows—6, 8 & 10 P. M.

(Please do not compare the "Passion Play" with this gigantic Picture of Pictures, "THE KING OF KINGS" as the "KING OF KINGS" is INCOMPARABLE!
