A son was born to Mr. and Mrs. John Dutrow on the Spayd farm, on Friday. The lad upon arrival weighed ten and one-half pounds, and is the seventh child and fifth son. The parents, up to this time, have not decided upon a name for him. Here is a suggestion: "Erley," from Earlsytown.

Wheat plants, clovers and grasses have a very promising appearance for a most bountiful crop. Frost action seems not to have interfered with either. Viewed from top of Nittany Mt. wheat fields have an exceptionally uniform green appearance, when the season of the year is taken into consideration. There are but few brown spots visible.

Sunday visitors at the J. W. Delaney home were Mr. and Mrs. William Gungallus, of Bellefonte; Mrs. Edna Gray and Edward Benner, of State College; Mr. and Mrs. Donald Gungallus and Miss Dorothy Gungallus, of Utica, N. Y.; Richard Gungallus, of Lock Haven; Boyd Yearick and son, of Altoona; Margaret Delaney, of the State Teachers' College, Lock Haven.

Miss Isabel Bradford, a student in nursing at the Geisinger hospital, Danville, was at her home here for a few hours on Sunday. She accompanied Miss Hilda Bohn, a probation student, as far as her home near Penn Hall. Miss Bohn is a daughter of and Mrs. Morris Bohn, who live on one of the Long farms purchased by them a short time ago. The young lady has been in training at the hospital since the beginning of the year.

There is a possibility of a section of rural mail route from Centre Hall being detached and the patrons given service from Spring Mills on route No. 2, J. A. Wagner, carrier. The portion referred to is that of the eastern section of route No. 2, prior to the combining of routes one and two. By eliminating this section it will reduce the total mileage from Centre Hall so that the carrier, A. L. Emery, will be better able to make the daily trips.

Guests on Sunday at the William H. Homan home, in town, were Mrs. Homan's sister, Mrs. Charles Stover, and nephew, Bower Stover, Millheim; E. T. Jamison, Spring Mills; and Mr. Homan's brother, Charles Homan, and wife, of near Pine Grove Mills. Mr. Homan is one of the Ferguson township school directors. He states the new centralized schools are being largely attended, and that it will be only a few years until the present equipment will be inadequate.

A flock of 2300 chicks are being cared for by Roy Dutrow, who has had much experience in growing baby chicks. The birds are now six weeks old and come from the Kerlin hatchery which indicates they are white leghorns. The chicks were sexed and Mr. Dutrow is certain that over ninety-five per cent. of the birds are pullets, which speaks well for the correctness of the work the young men are doing throughout the beginning of their first season's work.

Last Wednesday evening at 7:30 o'clock, the third Union Workers' Conference for the workers of the four church schools—Trinity Reformed, Centre Hall; Emmanuel, Union; Tusseyville, St. John's Union, Farmers Mills and Grace Union, Spring Mills—integral with the Centre Hall charge of the Evangelical and Reformed church, was held in the Grace Reformed church, of Spring Mills. A total attendance of twenty-four was noted. An interesting discussion on "Methods of Preparation to Teach a Sunday School Lesson" consumed the greater part of the time of the meeting. Superintendent J. C. Robinson and assistant superintendent H. F. Erdley were in charge of the devotional period, while Rev. D. R. Keener led the discussion. The next conference is scheduled for the evening of April 24th, in the Emmanuel Union church at Tusseyville.

Clayton E. Boob, of near Woodward, was taken to the Geisinger hospital last week. His condition was regarded serious due to an attack of pneumonia.

The concrete archway under the deep fill at Brownie's place is being used as a detour at the present time. The archway has a width of almost fourteen feet and a height of ten feet, amply large for any pleasure car or ordinary truck. The water in the detour has a depth of from six to ten inches, while the bottom is reasonably firm, mostly rocks but well leveled. The approaches to the creek are not so sweet, but passable.

The fixtures, machinery and stock of the late T. L. Smith were sold to several dealers in hardware and tinware, at distant points, and have about all been removed. The room about to be vacated will be occupied shortly by Fred Homan, plumber. Mr. Homan will also change his place of residence from the Grove, to the property recently purchased by Ray Mark from John Remm, close to the grade school building.

If you are changing your address this spring, kindly notify us at once in order that there might be no delay in your receiving your paper.
